The following Draft of a proposed Act was read in Council for the first time on the 20th June 1851.

ACT No. —— OF 1851.

An Act for adjudication of titles to certain Estates claimed to be rent free in the Presidency of Bombay.

Whereas in the Territories of the Deccan, Kandeish and Southern Mahratta Country and other Districts, more recently annexed to the Bombay Presidency, claims against Government on account of Inams and other Estates wholly or partially exempt from payment of Land Revenue are excepted from the cognizance of the ordinary Civil Courts, and incapable of being justly disposed of under the Rules for the determination of Titles, and the Rules of Procedure contained in Chapters IX. and X. of Regulation XVII. 1827 of the Bombay Code and their Supplements; and whereas it is desirable that the said claims should be tried and determined without further delay, It is declared and enacted as follows:

I. The Rules in Chapters IX. and X. of Regulation XVII. 1827 and in Clause 1 of Regulation VI. 1833 of the Bombay Code do not apply to any of the Districts of the Bombay Presidency, which were not brought under the General Regulations of Government by Regulation XXVIII. 1827 of the Bombay Code; and no order hitherto passed regarding the continuance or resumption of lands in any of the said Districts held or claimed from Government as wholly or partially free of assessment, shall be liable to be questioned in any Court of Law, on the grounds of any interpretation or construction of the Law, which may be inconsistent with the declarations made, and the Rules prescribed by this enactment.

II. The Governor of Bombay in Council may appoint in any Zillah or other division of the Territories subject to the Presidency of Bombay which were not brought under the General Regulations of Government by Regulation XXVIII. 1827, an Inam Commissioner with so many Assistants, and such subordinate Establishment, as may be necessary for the purposes hreinafter mentioned.

III. The duties of each Inam Commissioner and his Assistants shall be discharged according to the Rules in Schedule A. annexed to this Act.

IV. In the adjudication of claims to exempt lands or interests therein, the titles of claimants shall be determined by the Rules in Schedule B. annexed to this Act, but the Governor of Bombay in Council may dispense with the strict application of any of the said Rules, when the Commissioner shall report that, in his opinion, the strict application of it would be unjust to the claimant.

V. Each Inam Commissioner and his Assistants shall have the same authority to procure the attendance of witnesses, and to take evidence, as now is, or from time to time may be by law, vested in the ordinary Civil Courts; and so far as concerns the penalties for not giving evidence, for false testimony, for resistance of process, contempts and other like matters, connected with cases under cognizance by any one of the said Officers, his Office shall be held to be a Court of Civil Jurisdiction of the same authority, as the superior Civil Court of the Zillah or District in which his Office from time to time shall be established. Provided that all complaints against, or appeals from the proceedings of the Inam Commissioner or any of his Assistants in exercise of the authority conferred on them respectively by this Section, shall be made under the second Rule of Schedule A. annexed to this Act, and shall not be cognizable by any other authority or in any other manner than as therein specified.

VI. Bribery, extortion and generally all acts of abuse, or misapplication of authority, or other misconduct, committed by any Officer belonging to the Establishment of the Inam Commission, or temporarily employed therein under the provisions of this enactment, shall be punishable as criminal offences with fine and ordinary imprisonment without labour for a period not exceeding five years, and the receipt of a present directly or indirectly, by any such Officer from any person against whom or in whose behalf, he may be officially employed shall be considered extortion.

VII. No decision or order of the Inam Commissioner, or of any of his Assistants, or of the Governor in Council under the provisions of this enactment so long as the same shall be in force under such provision, shall be questioned or avoided in any Court of Law.

SCHEDULE A.

Rules for defining the duties of each Inam Commissioner and his Assistants.

1. The duty of the Inam Commissioner and his Assistants shall be to investigate titles against Government to the possession or enjoyment of Inams, or Jagheers, or any interest therein, and to exemption from the payment of Land Revenue in the manner prescribed by this enactment, and generally to act according to the instructions of Government in all matters not specifically provided for in it.

2. All orders of the Assistant Commissioners shall be appealable to the Inam Commissioner who shall also have the authority of revising and of modifying, reversing or annulling, if necessary, their orders and proceedings, and the orders and proceedings of the Inam Commissioner shall be in like manner appealable to, and subject to modification, reversal or annulment by the Governor of Bombay in Council whose orders shall in every case be final.

3. The Inam Commissioner or his Assistants shall receive from the apparent proprietors or occupants of lands held as exempt, or of any interest therein, statements explaining the nature of the title by which the lands or interests are so held, and shall take and record the evidence offered in support of such statements.

4. These statements may be at once received, either directly by the Officers of the Inam Commission, or through the medium of the Revenue Authority of the Talooka in which the land or interest so held as exempt is situated, or in which the alleged proprietor resides, without any previous procedure except a general invitation to the exempt landholders of a District to state the nature of their titles.

5. But when it is unnecessary to issue such general invitation, or when the same is not sufficiently attended to, a notice may be issued to a proprietor requiring him personally, or by his Agent to shew his title. The notice issued in such cases shall state the nature of the investigation which is

intended, and shall call upon the alleged proprietor of the exempt lands, or interest, to attend either personally or by a fully authorized Agent at a specified place, and within a specified period (which shall never be less than two months from the date of the notice being served) to explain the nature of his title to the exempt lands, or to any interest held by him therein, and to produce or point out all the evidence forthcoming to prove it. The notice shall further explain that a failure to comply with its terms will render the land, or interest to which it relates, liable to attachment.

6. The notice shall be served upon the apparent proprietor of the land or interest, or, if his place of residence be not known upon the person acting for him, or in default of such upon the person in charge of the land or interest.

7. If such persons cannot be found, a notice shall be posted in the Office of the Native Revenue Officer of the District, and in the Chouree, or most public place of the village, where the land, or interest under enquiry is situated, calling on any person who may claim as proprietor, to appear either personally, or by his Agent, to prove his title within six months from the date of the notice, under penalty of the attachment of the land or interest, and in failure of the appearance of a claimant the land or interest shall be liable to attachment.

8. The attachment provided for by Rules 5 and 7 shall be enforced by the Collector or Chief Revenue Authority of the District, in which the land to which it relates is situated, at the written requisition of the Inam Commissioner, or his Assistant, which shall be a sufficient warrant to the Collector for the attachment of the land, and for the collection of its assessment on account of Government during its attachment.

9. As soon as possible, after the receipt of the statements in each District, and of the evidence by which they are supported, they shall be tested by the entries in the Government accounts and State records, and by any other evidence procurable, whether in favor of Government, or of the claimants, and decisions shall then be passed on them as to the continuance, resumption, or full or partial assessment of the lands.

10. In cases where the notices provided for in Sections 5 and 7 fail to procure the attendance of the persons to whom they are addressed, and no claimant appears to prosecute his claim, decisions based on whatever evidence may be forthcoming may be passed regarding the lands or interests to which the notices referred.

11. An attachment enforced under Rule 8 shall be removed by the Collector, or Chief Revenue authority by whom it was made, on receipt of a communication from the Inam Commissioner or his Assistant, certifying that he considers the attachment to be no longer necessary. But the Revenue collected from the land, during its attachment, shall in no case be restored to the alleged proprietor, except under the general or special instructions of Government.

12. Certified copies of decisions made according to the provisions of Rule 9, shall be delivered, as soon as possible after each decision is passed, to the persons on whose claims the decisions shall have been passed, or their agents, and copies of all decisions made in the absence of any claimant, according to the provisions of Rule 10, shall be sent to the Mamlutdar, or other Revenue manager of the Talook in which the lands to which they relate are situated, who shall deliver them to the parties affected by them, should they be discoverable, or otherwise cause them to be publicly posted in the village to which the lands in question belong.

13. Decisions, affecting any lands or interests therein passed under this enactment, shall be carried into execution by the Collector, or Chief Revenue Authority of the District in which the lands to which they relate are situated, at the requisition of the Inam Commissioner or his Assistant, in any manner which may from time to time be prescribed by the Governor in Council.

14. In all cases where a person may be desirous of appealing against any decision of the Inam Commissioner, or his Assistants, he shall apply by a petition, addressed to the authority by whom, according to Rule 2, his appeal is cognizable, which petition shall be presented to such authority within one hundred days from the date of the decree appealed against, a copy of which must accompany the petition of appeal, and no appeal, which is not so made, shall be admitted without proof of the existence of a just and necessary cause for its not having been preferred in due time, and it is hereby provided that no decree, passed by the Inam Commissioner, or any of his Assistants, shall be liable to be set aside for want of form in the proceedings, but only for matters affecting the justice of the decision.

Schedule B.

Rules for the adjudication of Titles to Estates claimed as Inam or exempt from payment of Land Revenue.

1. All lands, held under a specific and absolute declaration by the British Government, or any competent Officer acting under it, that they were to be continued hereditarily, or in perpetuity, are to be so continued according to the purport of the guarantee by which they are held.

Regarding Inams already declared permanent by competent authority since the introduction of the present Government.

Provision 1.—Any question as to the competency of the Officers alluded to in this Rule is to be determined by Government.

2. Any land held under a sunnud declaring it to be hereditary shall be so continued according to the terms of the grant.

Regarding claims to personal Inams, not yet adjudicated under the present Government.

Provision 1.—Provided that the grant was either made, or specifically recognized, by authority competent to alienate Government Revenue in perpetuity, the question of which recognition and competency is to be determined by Government.

Provision 2.—And provided that there be nothing in the conditions of the tenure which cannot be observed without a breach of the laws of the land, the rules of public decency, or the established customs of Government and the community.

Provision 3.—And provided that the grant was not afterwards revoked or disallowed, or an alteration of its terms ordered or recognized by a competent authority.

3. All lands undisputedly enjoyed as wholly or partially exempt from assessment for a period of sixty years before the introduction of the British Government, and then in the authorized pos-

session of a grandson, or male heir of the body of a grandson of the original grantee, to be continued so long as there shall be in existence any male heir of the body of the person who was incumbent at the introduction of our Government, tracing his lineage from such incumbent through male heirs only.

4. All lands, undisputedly enjoyed as wholly or partially exempt from assessment, for a period of forty years before the introduction of the British Government, and then in the authorized possession of a son, or male heir of the body of a son of the original grantee, are to be continued for one succession further than that of the person who was incumbent at the introduction of the British Government, that is, until the death of his last surviving son.

5. All claims to lands in which the period of years may have been completed, while the number of successions may not have occurred and vice versa are to be decided especially on their merits, and in the spirit of the Rules laid down.

Provision 1.—The authorized possession contemplated by Rules 3 and 4 does not involve the necessity of proving any *specific* authority from or recognition by the Government or Paramount Power. The mere entry of the holding, as continued in the genuine accounts of the District Officers (even in those not passed by the Collector) will be sufficient to bring it under the heads of "undisputed" and "authorized" *so far as* regards the purposes of this Rule, provided only that there are no entries in the Collectorate accounts which shew that it *must* have been unauthorized by the Government or Paramount Power.

Provision 2.—If there be not evidence forthcoming to disprove a claimant's assertion that his holding has been undisputedly enjoyed for the number of years and descents requisite to fulfil the conditions of Rules 3 and 4 respectively, his prescriptive right shall be admitted.

Provision 3.—The introduction of the British Government is to be reckoned from the time the East India Company became the Government or Paramount Authority over each District as regards its Inams. In the Territories ceded by, or conquered from the Peshwa, therefore whether Khalsat Mahals or Serinjams, &c., held exclusive of Inams, &c., the introduction of the British Government will date from the close of that of the Peshwa. But in case of the lapse of an independent principality, or of a Jagheer more ancient than the Peshwa's Government, and over the Inams of which he did not claim any authority, the introduction of the British Government should be reckoned only from the date at which the general management of the Districts may have come into the hands of the Company.

6. Land held as wholly exempt or on partial assessment the possession of which is not continuable under Rules 2 to 5 is to be resumed on the demise of the incumbent.

Provision 1.—In case the incumbent at the time of the introduction of the British Government may have died, the permission to hold for life is to be extended to the person in whose name the land may be continued, when the investigation is commenced if there be no fraud apparent, nor other reason for withholding this indulgence.

Provision 2.—When land is evidently held by fraud recently committed, (as when an Inam which was resumed under the late Government has been re-occupied under the present Government without authority, or as when a pretended Inam is found to have originated since the introduction of this Government with the connivance of District or Village Officers) it should of course be at once resumed, not being continuable under this or any of the preceding Rules.

7. All lands held for the support of Mosques, Temples, or similar Institutions, of the permanent character of which there can be no doubt, are to be continued permanently, even though their permanent continuance may not have been expressly provided for when they were granted.

Regarding claims to Inams apparently permanent by the nature of the objects for which they are held, and not merely personal.

Provisions 1, 2 *and* 3.—The same as the corresponding Provisions of Rule 2 of this Schedule in those cases in which Title Deeds or other Records proving the circumstances of the original grant or its specific recognition by competent authority, are forthcoming.

Provision 4.—When there is no proof forthcoming to shew whether or not an Inam, coming under the Provisions of this Rule, was granted, or even specifically recognized by a competent authority, still, if it has been undisputedly enjoyed for a period of forty years before the introduction of the present Government, it shall be permanently continued, and enjoyment proved by the mere entry of the Inam, as continued in genuine accounts of the District Officers, (even in those not passed by the Collector,) is to be considered sufficiently "undisputed" to give an Inam the benefit of this provision, if there be no entries in the Collectorate accounts which will shew that it *must* have been unauthorized by them.

Provision 5.—If the forthcoming Records do not go far enough back to test the existence of enjoyment of the duration contemplated in Provision 4 as establishing full prescriptive title in such Inams, still, if so far as they do go, they are not opposed to the claimant's assertion that sufficient enjoyment has taken place, the prescriptive title of the Inam shall be admitted according to his assertions, unless there be other evidence forthcoming to disprove them.

Provision 6.—The peculiar advantages of this Rule shall not apply to the holdings of individuals in their own names for the performance of ceremonial worship, claims to which must be decided under the Rules for personal claims.

Provision 7.—When claims of the denomination coming under this Rule are found to be unsupported by proof of original valid title, and are proved void of sufficient prescriptive enjoyment, they are to be adjudicated according to Rule 6.

8. All lands authorizedly held by a tenure which it is evident from local usage was meant to be hereditary, and has been so considered heretofore, even though there be no sunnuds declaring it to be so, for instance, Inams which form the authorized emoluments of any hereditary office, as of Kazees, Village Joshees, &c., and are not merely personal are to be continued permanently to the office, &c.

Provisions 1, 2 *and* 3.—The same as the corresponding Provisions of Rule 2 of this Schedule in those cases in which Title Deeds or other Records, proving the circumstances of the original

grant, or its specific recognition by competent authority, are forthcoming.

Provision 4.—When there is no proof forthcoming toshew whether or not an Inam, coming under the provisions of this Rule, was granted or even specifically recognized by competent authority, still if it has been undisputedly enjoyed as an official, and not merely personal holding, from the earliest period to which the forthcoming evidence does relate, it shall be continued permanently as official emolument, unless the claimant's own statement renders this course improper.

Provision 5.—The provisions of this Rule are not in any way to apply to emoluments continued for service performed to the State, as the Service Wuttuns of Desaees, Surdesaees, Nargowdass Deshpandes, Patells, Coolkurnees, Mhars, Tulwars, &c., whose claims are to be disposed of according to the Rules which are or may be established for the regulation of such holdings.

Provision 6.—It is to be understood that mere length of enjoyment of land as Inam (by a Wuttundar, etc.,) is not of itself sufficient to entitle a claim to be brought under this Rule, though it may possibly create a personal Title (by prescription) under some other.

Provision 7.—If a holding, claimed under this Rule, be found incapable of permanent continuance under it, the claimant shall be allowed the advantages of any of the Rules 2 to 5 of this Schedule which may be applicable to his case.

Regarding Provision for the Widows of the last incumbents of resumed holdings.

9. On the resumption of any lands under the Rules of this Schedule, a moiety, or other portion may be continued to the Widows of the last incumbents during their lives, in cases of proved poverty and destitution.

Provision 1.—In the case of a holding, which is recognizable as an *hereditary* personal Inam, the widow of a proprietor who dies without surviving male issue, or other heirs to whom his Inam will of necessity descend, is by right his sole heir, and during her life, the Inam cannot be regarded as having lapsed to Government. It should therefore, in *such* a case be continued undiminished during the widow's life.

Regarding the exception of certain tenures from the application of these Rules.

10. These Rules shall not be necessarily applicable to Jageers, Serinjams, or other tenures for service to Government or tenures of a Political nature, the titles and continuance of which shall be determined as heretofore under such Rules as Government may find it necessary to issue from time to time.

Regarding the modification and interpretation of these Rules.

11. Any of these Rules may be relaxed in favor of claimants under instructions from the Governor of Bombay in Council, in whom shall also be vested the power of interpreting the precise meaning of any of the Rules, respecting which a question may arise.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first meeting of the Legislative Council of India after the 20th day of September next.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Resolution.—The President in Council resolves that the following amended Draft on the subject be published for general information.

ACT No. —— OF 1851.

An Act for consolidating the laws for collecting a Revenue of Excise on Spirituous Liquors and Intoxicating Drugs in the Settlement of Prince of Wales' Island, Singapore and Malacca.

Whereas it is expedient to make better provision for the collection of a Revenue of Excise upon Opium, Chandoo, Toddy and Bang, Arrack and Spirits, and the granting of Excise Licenses for the sale of the said Articles by retail within the Settlement of Prince of Wales' Island, Singapore and Malacca, It is enacted as follows:

I. Regulations II., IV., and V. 1830, passed by the Governor of Prince of Wales' Island, Singapore and Malacca in Council, Regulation IV. of 1831 and Act No. V. 1839, passed by the President of the Council of India in Council, and Regulation X. 1833, passed by the Governor General of India in Council, are repealed.

III. Any person in whom the exclusive right of making Chandoo or other preparation of Opium for smoking, and of retailing Opium in smaller quantities than one chest shall be vested, shall be called the "*Opium Farmer* of Prince of Wales' Island, or of Singapore, or of Malacca, as the case may be;" and the person in whom the exclusive right of retailing Spirituous Liquors and Arrack in less quantities than One Hundred and Sixty Gallons, and of making and distilling Arrack and Spirituous Liquors shall be vested, shall be called the "*Spirit Farmer* of Prince of Wales' Island, or of Singapore, or of Malacca, as the case may be;" and the person in whom the exclusive right of selling Toddy and Bang shall be vested, shall be called the "*Toddy Farmer* of Prince of Wales' Island, or of Singapore, or of Malacca, as the case may be."

IV. The number of Houses or Shops to be severally registered under this Act for the retailing, or smoking of Chandoo or prepared Opium, and for retailing Spirituous Liquors, and Arrack, and for the retail of Toddy or Bang, within the said Settlement and places, shall be determined, from time to time, by the Governor or other Chief Civil Authority of the said Settlement, or by such public Officer or Officers as he may authorize for that purpose; and the said Houses or Shops shall, as regards their situation and hours for opening and closing, be subject to such Rules and penalties as the said Governor or other Chief Civil Authority shall, from time to time, make in that behalf.

V. VI. Every Farmer under this Act, and every keeper of any House or Shop registered under this Act, who shall sell or exchange Opium, prepared or unprepared, Spirituous Liquor or Arrack, Toddy or Bang, otherwise than for the Coin usually current within the said Settlement, shall forfeit a penalty not exceeding Twenty-five Dollars.

Opium and Chandoo.

X. Every person, other than the Opium Farmer of the Station, who shall make Chandoo or any other preparation of Opium for smoking within the said Settlement, or who shall import thereto any Chandoo or Opium prepared elsewhere for smoking, or who shall sell or offer for sale or purchase, or who shall knowingly have or receive into his or her possession any such Chandoo or other preparation of Opium for smoking, shall forfeit, for the first offence, a penalty not exceeding One Hundred Dollars; for the second offence, shall forfeit a penalty not exceeding Two Hundred Dollars; and for every subsequent offence, forfeit a penalty not exceeding Four Hundred Dollars: and all such contraband Chandoo or other preparation of Opium, and the receptacles in which the same is contained, and all vessels and utensils, which have been, or are plainly intended to be used in making Chandoo or any other preparation of Opium, shall be seized and forfeited.

XI. XIV. Every person, arriving in any vessel at any of the Ports or Harbours of the said Settlement, who may have on board any Chandoo, or other preparation of Opium, or any raw Opium, in less quantity than one chest shall, within twenty-four hours after such vessel shall have come to anchor, give notice thereof to the Opium Farmer, and shall apply to the Registrar of Imports and Exports or his Deputy for a permit to land or deposit the said Opium, Chandoo, or other preparation of Opium in his Office, and in obtaining such permit shall forthwith land, and so deposit the same where it shall remain till re-exported, unless the same shall be sold to the Opium Farmer. Any person having on board such Opium, Chandoo or other preparation of Opium, as above described, and failing to give notice, or otherwise not complying with the provisions of this Section, shall forfeit a penalty not exceeding Two Hundred Dollars, and the Opium, Chandoo or other preparation of Opium shall be seized and forfeited.

place to which the same is to be exported, and having also, in case the Opium mentioned therein is to be sold for exportation, the name of the purchaser written on the back thereof; and the said Registrar or his Deputy shall thereupon cause the quantity of Opium specified in the Bill of Entry to be taken out of such chest and delivered to the person who is to export the same, and shall deliver to such person one of the copies of such Bill of Entry, signed by the said Registrar or his Deputy, and having the hour upon which the same shall be so delivered marked thereon; and the Bill of Entry so signed shall be the Exporter's Permit to export the said Opium; and such chest shall remain in the custody of the said Registrar or his Deputy, until all the Opium contained therein shall have been exported or sold, when the chest shall be destroyed: and every person, who shall commit a breach of any of the provisions contained in this Section, shall forfeit a penalty not exceeding One Hundred Dollars.

XVII. Every person, who shall receive any such Permit as aforesaid, for the exportation by Sea of any quantity of Opium less than one chest, and who shall not, upon receiving the same, forthwith cause such Opium to be conveyed to and placed on board of the vessel mentioned in such Permit, shall forfeit a penalty not exceeding Fifty Dollars, and the Opium, and the vessels and conveyances in which it is contained, shall be seized and forfeited.

XVIII. Every person, not thereunto authorized under this Act, who shall make Chandoo or other preparation of Opium for smoking on board of any vessel anchored or being within the limits of the jurisdiction of the Court of Judicature of the said Settlement, or in whose possession any such Chandoo or prepared Opium shall be found on board of such vessel, shall forfeit a penalty not exceeding One Hundred Dollars, and all such Chandoo or prepared Opium so made or found, shall be seized and forfeited.

XIX. MARINE COURT.

At a Marine Court assembled on Friday, the Sixth day of June, One Thousand Eight Hundred and Fifty-One, under Act No. 24 of 1845, Mr. Branch Pilot George Moxon was tried on the following

CHARGE.

For disobedience of orders in the following instance—In that on the 8th day of April 1851, whilst proceeding down the River Hooghly in pilotage charge of the steam Ship "*Haddington*," he neglected to observe and acted in direct opposition to the regulation providing for the navigation of any river or narrow channel by Steam vessels, whereby on the said 8th day of April 1851, in the River Hooghly aforesaid, a serious collision took place between the said Steam Ship "*Haddington*" and the Ship "*Nusser*," greatly endangering the safety of both vessels and causing damage to both, particularly to the "*Nusser*" in hull and spars.

By order of the Superintendent of Marine,

(Sd.) JAS. SUTHERLAND,
Secretary.

Fort William, the 5th May, 1851.

FINDING.

The Court having maturely weighed and considered the evidence brought forward in support of the prosecution, together with that adduced on the defence, are of opinion that the defendant Mr. George Moxon, Branch Pilot, is *guilty* of the Charge preferred against him.

SENTENCE.

The Court having found the Defendant *guilty* as above specified, do adjudge him the said Mr. George Moxon, Branch Pilot, to lose one step, and his name to be placed on the list of Pilots below that of Mr. Branch Pilot John Bartlett, and above that of Mr. Master Pilot Arthur Bedford.

(Signed) HENRY PIDDINGTON,
President.

(Signed) H. HOWE,
Judge Advocate.

Fort William, Master Attendt.'s Office, the 11th of June, 1851.

RECOMMENDATION OF THE COURT.

The Court having performed the painful duty imposed upon it, begs unanimously and very respectfully to bring to the consideration of Government the somewhat obscure terms in which the Clause of the Act of 9, 10, Victoria, Cap 100, on which the Charge is grounded, is worded; as also the exceeding difficulty of managing a deeply laden Steamer of the largest size in many parts of the Hooghly when proceeding down with a heavy ebb tide; (and this they consider may much have influenced Mr. Moxon's being in the position in which he was when the collision took place) and they trust that, if these considerations are admitted by the Hon'ble the Deputy Governor, they will be allowed their due weight in mitigation of any Sentence, which they have felt it their duty to award.

(Signed) HENRY PIDDINGTON.

2. The proceedings of the Court having been submitted to Government, His Honor the Deputy Governor of Bengal has been pleased to approve and confirm the Sentence of the Court, and the Master Attendant has been accordingly directed to release Mr. Branch Pilot George Moxon from arrest, and to place his name in the List of Pilots below that of Mr. Branch Pilot John Bartlett and above that of Mr. Master Pilot Arthur Bedford.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one,* as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east,* and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north,* and longitude 87° 42′ *east,* the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward,* when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east,* and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east,* true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon,* the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

The following Draft of a proposed Act was read in Council for the first time on the 20th June 1851.

ACT No. —— OF 1851.

An Act to facilitate ejectment of occupiers of land whose title has ceased.

Whereas by Clauses Sixth and Seventh, Section XV. Regulation VII. 1799, Clauses Second and Fourth, Section XVIII. Regulation VIII. 1819 of the Bengal Code of Regulations, and by Section XX. Act I. 1845, rights are vested in Zemindars and others in certain cases to attach undertenures, to cancel leases and to eject undertenants; but no means are provided, by which persons claiming to exercise those rights can obtain the assistance of the Civil Courts for that purpose, except upon a decree obtained in a regular suit: and whereas, in like manner, no means, except a Civil suit, are now provided by law for giving the assistance of the Civil Courts to persons claiming to eject tenants after the expiration of their leases, or to eject agents removable at will or after a term: and whereas it is right that persons, able to establish in a summary enquiry their right to exercise the said powers, should have the assistance of the Civil Courts for that purpose, It is enacted as follows:

I. This Act shall extend only to the Lower Provinces of the Presidency of Fort William in Bengal.

II. A Judge of a Civil Court in the said Provinces, shall receive any petition, presented to him upon a stamped paper of the value of eight annas, praying for the ejectment of a tenant or agent, or the avoidance of a lease, or attachment of a tenure under the Regulations and Act mentioned in the preamble to this Act, or for assistance in any of the cases stated in the said preamble; and, after making summary enquiry into the facts stated in the petition, and, if necessary, causing a local enquiry and report to be made to him by the Moonsiff in whose jurisdiction the house or tenure or any part of the same is situated, shall make an order on the petition, either granting the assistance of the Court, in like manner as for the execution of its decrees, or refusing it, as to him may seem fit: and the order of the Judge so made shall be final, unless set aside by a decree passed in a regular Civil suit.

III. The Judge to whom such a petition is presented may, if he thinks fit, send it to be disposed of by any Moonsiff within whose jurisdiction the property concerned, or any part of it, is situated, and the Moonsiff shall thereupon deal with the petition as the Judge is empowered to do in the foregoing Section.

IV. An appeal shall lie to the Judge, if preferred within one calendar month, against any order of a Moonsiff, made upon a petition referred to him according to the provisions of the foregoing Section; and the order of the Judge upon every such appeal shall be final, unless set aside by a decree passed in a regular Civil suit.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 20th day of August next.

LIGHT HOUSE ON ROTTNEST ISLAND.

A REVOLVING CATOPTRIC LIGHT will be exhibited from the Light House near the centre of Rottnest Island on and after the night of 1st June, 1851, during the period between sunset and sunrise.

The light will consist of two groups of three powerful lamps each; the whole revolving once in two minutes, and shewing a flash of light of five seconds' duration every minute, with intervals of 55 seconds of darkness. The centre of the light is 197 feet above highwater level, and at the height of 18 feet may be seen in clear weather at a distance of 7 leagues.

Rottnest Light House is in latitude 32 degrees 0 minutes 19 seconds South, longitude 115 degrees 31 minutes 18 seconds East from Greenwich, and stands 3 miles North 75 degrees East by compass from the West extremity of the Island, and 2¾ miles West by compass from its East extremity.

LIGHT HOUSE AT ENTRANCE TO SWAN RIVER.

On and after the 1st of June 1851, a plain continuous light will be exhibited on summit of Arthur's Head, the South point of entrance to Swan River, between sunset and sunrise, for the convenience of shipping making for the anchorage in the night.

The light will be 92 feet above high water level, supported by a white stone tower erected on summit of a cliff, and will be visible 5 leagues at sea in clear weather from a height of 18 feet.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine.

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*. the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour.

and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

The following Draft of a proposed Act was read in Council for the first time on the 20th June 1851.

ACT No. —— OF 1851.

An Act to facilitate ejectment of occupiers of land whose title has ceased.

Whereas by Clauses Sixth and Seventh, Section XV. Regulation VII. 1799, Clauses Second and Fourth, Section XVIII. Regulation VIII. 1819 of the Bengal Code of Regulations, and by Section XX. Act I. 1845, rights are vested in Zemindars and others in certain cases to attach undertenures, to cancel leases and to eject undertenants; but no means are provided, by which persons claiming to exercise those rights can obtain the assistance of the Civil Courts for that purpose, except upon a decree obtained in a regular suit: and whereas, in like manner, no means, except a Civil suit, are now provided by law for giving the assistance of the Civil Courts to persons claiming to eject tenants after the expiration of their leases, or to eject agents removable at will or after a term; and whereas it is right that persons able to establish in a summary enquiry their right to exercise the said powers, should have the assistance of the Civil Courts for that purpose, It is enacted as follows:

I. This Act shall extend only to the Lower Provinces of the Presidency of Fort William in Bengal.

II. A Judge of a Civil Court in the said Provinces, shall receive any petition, presented to him upon a stamped paper of the value of eight annas, praying for the ejectment of a tenant or agent, or the avoidance of a lease, or attachment of a tenure under the Regulations and Act mentioned in the preamble to this Act, or for assistance in any of the cases stated in the said preamble; and, after making summary enquiry into the facts stated in the petition, and, if necessary, causing a local enquiry and report to be made to him by the Moonsiff in whose jurisdiction the house or tenure or any part of the same is situated, shall make an order on the petition, either granting the assistance of the Court, in like manner as for the execution of its decrees, or refusing it, as to him may seem fit: and the order of the Judge so made shall be final, unless set aside by a decree passed in a regular Civil suit.

III. The Judge to whom such a petition is presented may, if he thinks fit, send it to be disposed of by any Moonsiff within whose jurisdiction the property concerned, or any part of it, is situated, and the Moonsiff shall thereupon deal with the petition as the Judge is empowered to do in the foregoing Section.

IV. An appeal shall lie to the Judge, if preferred within one calendar month, against any order of a Moonsiff, made upon a petition referred to him according to the provisions of the foregoing Section; and the order of the Judge upon every such appeal shall be final, unless set aside by a decree passed in a regular Civil suit.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 20th day of August next.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 4th July, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 4th of July 1851.

ACT No. —— OF 1851.

An Act for regulating the departure of Emigrant Ships from Calcutta to Jamaica, British Guiana, and Trinidad.

Whereas by Section VIII. Act XXI. 1844, it was among other things enacted, that no Ship or Vessel carrying Emigrant Labourers to Jamaica, British Guiana, or Trinidad, should sail from Calcutta, Madras, or Bombay, at any other time than between the thirtieth day of any September, and the first of March next thereafter ensuing: and the said provision, having been found incovenient for Ships or Vessels, carrying Emigrant Labourers from Madras, was repealed by Act XXV. 1845, so far as regarded such last mentioned Ships or Vessels:

And whereas the said provision has also been found inconvenient for Ships or Vessels, carrying Emigrant Labourers from Calcutta, It is enacted as follows:

I. So much of Act XXI. 1844, as is hereinbefore recited, is repealed so far as regards Ships or Vessels, carrying Emigrant Labourers from Calcutta.

II. No Ships or Vessels, carrying Emigrant Labourers to Jamaica, British Guiana, or Trinidad, shall sail from Calcutta at any other time than between the Thirty-first day of any August, and the first of March next thereafter ensuing.

Ordered, that the Draft now read be published for general information.

NOTICE TO MARINERS.

LIGHT HOUSE ON ROTTNEST ISLAND.

A REVOLVING CATOPTRIC LIGHT will be exhibited from the Light House near the centre of Rottnest Island on and after the night of 1st June, 1851, during the period between sunset and sunrise.

The Light House is a white stone tower, 53 feet in height, erected on the summit of the Island, and is surmounted by a lantern 11 feet high.

The light will consist of two groups of three powerful lamps each; the whole revolving once in two minutes, and shewing a flash of light of five seconds' duration every minute, with intervals of 55 seconds of darkness. The centre of the light is 197 feet above highwater level, and at the height of 18 feet may be seen in clear weather at a distance of 7 leagues.

Rottnest Light House is in latitude 32 degrees 0 minutes 19 seconds South, longitude 115 degrees 31 minutes 18 seconds East from Greenwich, and stands 3 miles North 75 degrees East by compass from the West extremity of the Island, and 2¼ miles West by compass from its East extremity.

LIGHT HOUSE AT ENTRANCE TO SWAN RIVER.

On and after the 1st of June 1851, a plain continuous light will be exhibited on summit of Arthur's Head, the South point of entrance to Swan River, between sunset and sunrise, for the convenience of shipping making for the anchorage in the night.

The light will be 92 feet above high water level, supported by a white stone tower erected on summit of a cliff, and will be visible 5 leagues at sea in clear weather from a height of 18 feet.

It is in latitude 32 degrees 3 minutes 13 seconds South, longitude 115 degrees 45 minutes 11 seconds East from Greenwich, and bears South 71 degrees East 12 miles from the revolving light on Rottnest Island.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59¼ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32¼ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Ordered, that the Act be promulgated for general information.

ACT No. VIII. of 1851.

An Act for enabling Government to levy Tolls on public Roads and Bridges.

Whereas it is expedient to enable Government to levy Tolls upon Roads and Bridges, It is enacted as follows :

I. Acts II. 1837 and VIII. 1838 are repealed, but not so as to revive any Regulation or Act thereby repealed.

II. The Governor of the Presidency of Fort William in Bengal, the Lieutenant Governor of the North Western Provinces of Bengal, the Governor of the Presidency of Fort St. George in Council, and the Governor of the Presidency of Bombay in Council, may cause such rates of Toll, not exceeding the rates mentioned in the Schedule annexed to this Act, as they respectively think fit, to be levied upon any road or bridge which has been, or shall hereafter be made or repaired at the expense of the Government: and may place the collection of such Tolls under the management of such persons as may appear to them proper: and all persons employed in the management and collection of such Tolls shall be liable to the same responsibilities, as would belong to them, if employed in the collection of the Land Revenue.

III. In case of non-payment of any such Toll on demand, the Officers appointed to collect the same may seize any of the carriages or animals on which it is chargeable, or any part of their burden of sufficient value to defray the Toll ; and, if any Toll remains undischarged for twenty-four hours, with the cost arising from such seizure, the case shall be brought before the Officer appointed to superintend the collection of the said Toll, who may sell the property seized for discharge of the Toll, and all expenses occasioned by such non-payment, seizure, and sale, and cause any balance that may remain to be returned, on demand, to the owner of the property ; and the said Officer, on receipt of the property, shall forthwith issue a notice that, at noon of the next day, exclusive of Sunday, or any close holiday, he will sell the property by auction. Provided that if, at any time before the sale has actually begun, the person whose property has been seized shall tender the amount of all the expences incurred, and of double the Toll payable by him, the said Officer shall forthwith release the property seized.

IV. No Tolls shall be paid for the passage of Troops and Military Stores and Equipages on their march, or of Police Officers on duty, or of any person or property in their custody ; but no other exemption from payment of the Tolls levied under this Act shall be allowed.

V. All Police Officers shall be bound to assist the Toll Collectors, when required, in the execution of this Act ; and, for that purpose, shall have the same power which they have in the exercise of their common Police duties.

VI. Every person, other than the persons appointed to collect the Tolls under this Act, who shall levy or demand any Toll on any public road or bridge, or for passing through any bazar situated thereon, and also every person who shall unlawfully and extortionately demand, or take any other, or higher Toll than the lawful Toll, or under colour of this Act seize or sell any property, knowing such seizure or sale to be unlawful, or in any manner unlawfully extort money, or any valuable thing from any person under colour of this Act shall be liable on conviction before a Magistrate, to imprisonment for any term not exceeding six Calendar months, or to fine not exceeding two hundred Rupees, any part of which fine may be awarded by the Magistrate to the person aggrieved : but this remedy shall not be deemed to bar, or affect his right to have redress by suit in the Civil Court of the Zillah.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 11th July 1851, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. IX. OF 1851.

An Act for the prevention of Gambling in Bombay.

Whereas the vice of Gambling has of late years much increased, and many gaming houses have been established within the Town and Island of Bombay, for suppression of which the laws now in force are inadequate, It is enacted as follows:

I. So much of Article II. of Title Fifth of a Rule, Ordinance and Regulation passed by the Governor of Bombay in Council on the 11th day of April 1827, and registered in the Supreme Court of Bombay on the 22nd day of June 1827, as provides that the Court of Petty Sessions shall exercise jurisdiction over common gamblers who shall not give a satisfactory account of any other means of livelihood, is repealed.

II. Every person who, within the Town and Island of Bombay, shall keep a common gaming house, or any room, or other place used for the purposes of a common gaming house, or who shall have the care or management thereof, or shall in any manner conduct the business of any such common gaming house, either as Banker, Shroff, Croupier or otherwise, shall, on conviction before the Court of Petty Sessions, be punishable by fine not exceeding One Thousand Rupees, or, in the discretion of the said Court, may be imprisoned with or without hard labor for any period not exceeding six Calendar months.

III. And, whereas it may be doubted, whether or not certain houses or rooms alleged or reputed to be opened for the use of the subscribers only, or not open to all persons desirous of using the same, are to be deemed common gaming houses, it is declared and enacted that, in default of other evidence proving any house, room, or place to be used as a common gaming house, it shall be enough, in support of the allegation in any information or indictment that any house, room, or place is a common gaming house, to prove that such house, room, or place is kept or used for playing therein at cards, dice, or any unlawful game, and that a bank is kept there by one or more of the players exclusively of the others, or that the chances of any game played therein are not alike favorable to all the players, including, among the players, the banker or other person by whom the game is managed, or against whom the other players stake, play or bet; and every such house, room, or place shall be deemed a common gaming house.

IV. Every person who shall be found in any such common gaming house playing or gaming with cards, dice, counters, money, or other instruments of gaming, or who shall be found there present during such playing or gaming, or for the purpose of gaming, or who shall be found gaming with cards, dice, counters, money, or other instruments of gaming in any street or public place or thoroughfare within the said town and island, whether playing for any money, wager, stake, or otherwise, shall be punishable, on conviction before the Court of Petty Sessions, by fine not exceeding Five Hundred Rupees; or in the discretion of the said Court, may be imprisoned with or without hard labor for any period not exceeding three Calendar months.

V. Any Magistrate of Police, upon information laid before him on oath that there is reason to suspect any house, room, or place within the said town and island to be used as a common gaming house, may, by his warrant, give authority to any Constable of Police in the town and island of Bombay to enter, with such assistance as may be found necessary, by night or by day, and by force if necessary, any such house, room, or other place, and to take into custody all persons whom he finds therein, whether or not then actually gaming; and to seize all instruments of gaming, and all monies and securities for money found therein, and to search all parts of the house, room, or place which he shall have so entered, when he has reason to believe that any instruments of gaming are concealed; and to search also the persons of those whom he so takes into custody, and to seize and take possession of all cards, dice, counters, and other instruments of gaming which he shall find upon such search.

VI. When any cards, dice, gaming table or cloth, or other instruments of gaming are found in any house, room, or place of which information has been given on oath to a Magistrate of Police, that it is suspected of being used as a common gaming house, or about the person of any of those who are found therein, it shall be evidence, until the contrary is made to appear, that such house, room, or place is used as a common gaming house, and that the persons found therein are there present for the purpose of gaming, although no play was actually seen by the Constable or any of his Assistants.

VII. On conviction of any person for keeping or being present for the purpose of gaming in any common gaming house, all the instruments of gaming found therein shall be destroyed by order of the Court of Petty Sessions, which shall also order all, or any of the securities for money, and other articles seized, not being instruments of gaming, to be sold and converted into money, and the proceeds thereof, with all monies seized therein, to be forfeited, or in its discretion may order any part thereof to be returned to the parties appearing to have been severally thereunto entitled.

VIII. Any Officer of Police may arrest without warrant all persons whom he may see in the act of gaming in any street or public place or thoroughfare in the said town or island, and seize all cards, dice, counters, and instruments of gaming which he finds in their possession, which, on conviction of any of the parties, shall be destroyed by order of the Court.

IX. It shall not be necessary, in order to convict any person of keeping a common gaming house, or of being concerned in the management of any common gaming house or gaming table, to prove that any person found playing at any game was playing for any money, wager, or stake.

X. Any person who shall have been concerned in any unlawful gaming, and who shall be examined as a witness before the said Court of Petty Sessions, on the trial of any person or persons for a breach of any of the provisions of this Act, and who upon such examination shall make true and faithful discovery to the best of his or her knowledge of all things as to which he or she shall be so examined, and who shall thereupon receive from the said Court a certificate in writing to that effect, shall be freed from all prosecutions under this Act for any thing done before that time in respect of such unlawful gaming.

XI. Nothing in the foregoing provisions of this Act contained shall be held to apply to any game of mere skill played at Hotels or Taverns licensed by the Collector of Land Revenue, and the Senior Magistrate of Police under Act XVIII. 1840, or in any place of public resort licensed by the Court of Petty Sessions under Act XIV. 1842.

XII. Every person who shall by any fraud or unlawful device or ill practice in playing at or with cards, dice, or other game, or in bearing a part in the stakes, wagers or adventures, or in betting on the sides or hands, of them that do play, or in wagering on the event of any game, sport, pastime, or exercise, win from any other person for himself, or any other or others any sum of money or valuable thing, shall be deemed guilty of obtaining such money or valuable thing from such other person by a false pretence, with intent to cheat or defraud such person of the same, and being convicted thereof shall be punished accordingly.

XIII. No conviction or other proceeding before the said Court of Petty Sessions under this Act shall be quashed, or set aside or adjudged void or insufficient for want of form, or be removed by Certiorari into Her Majesty's Supreme Court.

XIV. All fines imposed under this Act shall be recovered under Act II. 1839.

XV. The Court of Petty Sessions shall on conviction have power to direct any portion, not exceeding one-fourth of any fine which shall be levied under the provisions of this Act, or any part of the monies or proceeds of articles seized in any common gaming house and ordered to be forfeited, to be paid to an informer, and the balance of such fines and monies or the whole thereof, as the case may be, shall be applied to the use of the Municipal Fund under Act XI. 1845.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India

Fort William, Home Department, Legislative, the 20th June, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 20th June 1851.

ACT No. —— OF 1851.

An Act to facilitate ejectment of occupiers of land whose title has ceased.

Whereas by Clauses Sixth and Seventh, Section XV. Regulation VII. 1799, Clauses Second and Fourth, Section XVIII. Regulation VIII. 1819 of the Bengal Code of Regulations, and by Section XX. Act I. 1845, rights are vested in Zemindars and others in certain cases to attach undertenures, to cancel leases and to eject undertenants; but no means are provided, by which persons claiming to exercise those rights can obtain the assistance of the Civil Courts for that purpose, except upon a decree obtained in a regular suit: and whereas, in like manner, no means, except a Civil suit, are now provided by law for giving the assistance of the Civil Courts to persons claiming to eject tenants after the expiration of their leases, or to eject agents removable at will or after a term; and whereas it is right that persons, able to establish in a summary enquiry their right to exercise the said powers, should have the assistance of the Civil Courts for that purpose, It is enacted as follows:

I. This Act shall extend only to the Lower Provinces of the Presidency of Fort William in Bengal.

II. A Judge of a Civil Court in the said Provinces, shall receive any petition, presented to him upon a stamped paper of the value of eight annas, praying for the ejectment of a tenant or agent, or the avoidance of a lease, or attachment of a tenure under the Regulations and Act mentioned in the preamble to this Act, or for assistance in any of the cases stated in the said preamble; and, after making summary enquiry into the facts stated in the petition, and, if necessary, causing a local enquiry and report to be made to him by the Moonsiff in whose jurisdiction the house or tenure or any part of the same is situated, shall make an order on the petition, either granting the assistance of the Court, in like manner as for the execution of its decrees, or refusing it, as to him may seem fit: and the order of the Judge so made shall be final, unless set aside by a decree passed in a regular Civil suit.

III. The Judge to whom such a petition is presented may, if he thinks fit, send it to be disposed of by any Moonsiff within whose jurisdiction the property concerned, or any part of it, is situated, and the Moonsiff shall thereupon deal with the petition as the Judge is empowered to do in the foregoing Section.

IV. An appeal shall lie to the Judge, if preferred within one calendar month, against any order of a Moonsiff, made upon a petition referred to him according to the provisions of the foregoing Section; and the order of the Judge upon every such appeal shall be final, unless set aside by a decree passed in a regular Civil suit.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 20th day of August next.

Secy. to the Govt. of India.

ACT No. —— OF 1851.

An Act for regulating the departure of Emigrant Ships from Calcutta to Jamaica, British Guiana, and Trinidad.

Whereas by Section VIII. Act XXI. 1844, it was among other things enacted, that no Ship or Vessel carrying Emigrant Labourers to Jamaica, British Guiana, or Trinidad, should sail from Calcutta, Madras, or Bombay, at any other time than between the thirtieth day of any September, and the first of March next thereafter ensuing: and the said provision, having been found incovenient for Ships or Vessels, carrying Emigrant Labourers from Madras, was repealed by Act XXV. 1845, so far as regarded such last mentioned Ships or Vessels:

And whereas the said provision has also been found inconvenient for Ships or Vessels, carrying Emigrant Labourers from Calcutta, It is enacted as follows:

I. So much of Act XXI. 1844, as is hereinbefore recited, is repealed so far as regards Ships or Vessels, carrying Emigrant Labourers from Calcutta.

II. No Ships or Vessels, carrying Emigrant Labourers to Jamaica, British Guiana, or Trinidad, shall sail from Calcutta at any other time than between the Thirty-first day of any August, and the first of March next thereafter ensuing.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

Master Attendant's Office, the 25th March, 1851.

An Act for enabling Government to levy Tolls on public Roads and Bridges.

Whereas it is expedient to enable Government to levy Tolls upon Roads and Bridges, It is enacted as follows :

I. Acts II. 1837 and VIII. 1838 are repealed, but not so as to revive any Regulation or Act thereby repealed.

II. The Governor of the Presidency of Fort William in Bengal, the Lieutenant Governor of the North Western Provinces of Bengal, the Governor of the Presidency of Fort St. George in Council, and the Governor of the Presidency of Bombay in Council, may cause such rates of Toll, not exceeding the rates mentioned in the Schedule annexed to this Act, as they respectively think fit, to be levied upon any road or bridge which has been, or shall hereafter be made or repaired at the expense of the Government; and may place the collection of such Tolls under the management of such persons as may appear to them proper: and all persons employed in the management and collection of such Tolls shall be liable to the same responsibilities, as would belong to them, if employed in the collection of the Land Revenue.

III. In case of non-payment of any such Toll on demand, the Officers appointed to collect the same may seize any of the carriages or animals on which it is chargeable, or any part of their burden of sufficient value to defray the Toll ; and, if any Toll remains undischarged for twenty-four hours, with the cost arising from such seizure, the case shall be brought before the Officer appointed to superintend the collection of the said Toll, who may sell the property seized for discharge of the Toll, and all expenses occasioned by such non-payment, seizure, and sale, and cause any balance that may remain to be returned, on demand, to the owner of the property; and the said Officer, on receipt of the property, shall forthwith issue a notice that, at noon of the next day, exclusive of Sunday, or any close holiday, he will sell the property by auction. The following Act is passed by the Hon'ble the President of the Council of India in Council on the 11th July 1851, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. IX. OF 1851.

An Act for the prevention of Gambling in Bombay.

Whereas the vice of Gambling has of late years much increased, and many gaming houses have been established within the Town and Island of Bombay, for suppression of which the laws now in force are inadequate, It is enacted as follows:

I. So much of Article II. of Title Fifth of a Rule, Ordinance and Regulation passed by the Governor of Bombay in Council on the 11th day of April 1827, and registered in the Supreme Court of Bombay on the 22nd day of June 1827, as provides that the Court of Petty Sessions shall exercise jurisdiction over common gamblers who shall not give a satisfactory account of any other means of livelihood, is repealed.

II. Every person who, within the Town and Island of Bombay, shall keep a common gaming house, or any room, or other place used for the purposes of a common gaming house, or who shall have the care or management thereof, or shall in any manner conduct the business of any such common gaming house, either as Banker, Shroff, Croupier or otherwise, shall, on conviction before the Court of Petty Sessions, be punishable by fine not exceeding One Thousand Rupees, or, in the discretion of the said Court, may be imprisoned with or without hard labor for any period not exceeding six Calendar months.

III. And, whereas it may be doubted, whether or not certain houses or rooms alleged or reputed to be opened for the use of the subscribers only, or not open to all persons desirous of using the same, are to be deemed common gaming houses, it is declared and enacted that, in default of other evidence proving any house, room, or place to be used as a common gaming house, it shall be enough, in support of the allegation in any information or indictment that any house, room, or place is a common gaming house, to prove that such house, room, or place is kept or used for playing therein at cards, dice, or any unlawful game, and that a bank is kept there by one or more of the players exclusively of the others, or that the chances of any game played therein are not alike favorable to all the players, including, among the players, the banker or other person by whom the game is managed, or against whom the other players stake, play or bet; and every such house, room, or place shall be deemed a common gaming house.

IV. Every person who shall be found in any such common gaming house playing or gaming with cards, dice, counters, money, or other instruments of gaming, or who shall be found there present during such playing or gaming, or for the purpose of gaming, or who shall be found gaming with cards, dice, counters, money, or other instruments of gaming in any street or public place or thoroughfare within the said town and island, whether playing for any money, wager, stake, or otherwise, shall be punishable, on conviction before the Court of Petty Sessions, by fine not exceeding Five Hundred Rupees; or in the discretion of the said Court, may be imprisoned with or without hard labor for any period not exceeding three Calendar months.

V. Any Magistrate of Police, upon information laid before him on oath that there is reason to suspect any house, room, or place within the said town and island to be used as a common gaming house, may, by his warrant, give authority to any Constable of Police in the town and island of Bombay to enter, with such assistance as may be found necessary, by night or by day, and by force if necessary, any such house, room, or other place, and to take into custody all persons whom he finds therein, whether or not then actually gaming; and to seize all instruments of gaming, and all monies and securities for money found therein, and to search all parts of the house, room, or place which he shall have so entered, when he has reason to believe that any instruments of gaming are concealed; and to search also the persons of those whom he so takes into custody, and to seize and take possession of all cards, dice, counters, and other instruments of gaming which he shall find upon such search.

VI. When any cards, dice, gaming table or cloth, or other instruments of gaming are found in any house, room, or place of which information has been given on oath to a Magistrate of Police, that it is suspected of being used as a common gaming house, or about the person of any of those who are found therein, it shall be evidence, until the contrary is made to appear, that such house, room, or place is used as a common gaming house, and that the persons found therein were there present for the purpose of gaming, although no play was actually seen by the Constable or any of his Assistants.

VII. On conviction of any person for keeping or being present for the purpose of gaming in any common gaming house, all the instruments of gaming found therein shall be destroyed by order of the Court of Petty Sessions,

which shall also order all, or any of the securities for money, and other articles seized, not being instruments of gaming, to be sold and converted into money, and the proceeds thereof, with all monies seized therein, to be forfeited, or in its discretion may order any part thereof to be returned to the parties appearing to have been severally thereunto entitled.

VIII. Any Officer of Police may arrest without warrant all persons whom he may see in the act of gaming in any street or public place or thoroughfare in the said town or island, and seize all cards, dice, counters, and instruments of gaming which he finds in their possession, which, on conviction of any of the parties, shall be destroyed by order of the Court.

IX. It shall not be necessary, in order to convict any person of keeping a common gaming house, or of being concerned in the management of any common gaming house or gaming table, to prove that any person found playing at any game was playing for any money, wager, or stake.

X. Any person who shall have been concerned in any unlawful gaming, and who shall be examined as a witness before the said Court of Petty Sessions, on the trial of any person or persons for a breach of any of the provisions of this Act, and who upon such examination shall make true and faithful discovery to the best of his or her knowledge of all things as to which he or she shall be so examined, and who shall thereupon receive from the said Court a certificate in writing to that effect, shall be freed from all prosecutions under this Act for any thing done before that time in respect of such unlawful gaming.

XI. Nothing in the foregoing provisions of this Act contained shall be held to apply to any game of mere skill played at Hotels or Taverns licensed by the Collector of Land Revenue, and the Senior Magistrate of Police under Act XVIII. 1840, or in any place of public resort licensed by the Court of Petty Sessions under Act XIV. 1842.

XII. Every person who shall by any fraud or unlawful device or ill practice in playing at or with cards, dice, or other game, or in bearing a part in the stakes, wagers or adventures, or in betting on the sides or hands, of them that do play, or in wagering on the event of any game, sport, pastime, or exercise, win from any other person for himself, or any other or others any sum of money or valuable thing, shall be deemed guilty of obtaining such money or valuable thing from such other person by a false pretence, with intent to cheat or defraud such person of the same, and being convicted thereof shall be punished accordingly.

XIII. No conviction or other proceeding before the said Court of Petty Sessions under this Act shall be quashed, or set aside or adjudged void or insufficient for want of form, or be removed by Certiorari into Her Majesty's Supreme Court.

XIV. All fines imposed under this Act shall be recovered under Act II. 1839.

XV. The Court of Petty Sessions shall on conviction have power to direct any portion, not exceeding one-fourth of any fine which shall be levied under the provisions of this Act, or any part of the monies or proceeds of articles seized in any common gaming house and ordered to be forfeited, to be paid to an informer, and the balance of such fines and monies or the whole thereof, as the case may be, shall be applied to the use of the Municipal Fund under Act XI. 1845.

The following Draft of a proposed Act was read in Council for the first time on the 11th of July 1851.

ACT NO. —— OF 1851.

For vesting the power of mitigating or discharging penalties at Madras and Bombay in the Governor in Council.

Whereas the several Supreme Courts of Judicature at Madras and Bombay now have power to mitigate and discharge all fines, amerciaments, forfeitures and sums of money set, ordered or adjudged by the said Supreme Courts of Judicature respectively, and whereas it is expedient that such powers should be exercised by the Governors of the Presidencies of Madras and Bombay in Council respectively, It is enacted as follows:

I. The powers hitherto possessed by the said Supreme Courts at Madras and Bombay respectively, or by any other Court of Justice at Madras or Bombay respectively, to mitigate, or discharge any fines, amerciaments, forfeitures and sums of money set, ordered, or adjudged by such Supreme Courts, or by any other Court of Justice at Madras and Bombay aforesaid, on or against any person or persons for any offence, misdemeanour, default, contempt, neglect, or forfeiture, shall cease except as to such fines, amerciaments, forfeitures, and sums of money set, ordered or adjudged before the passing of this Act.

II. The Governor of the Presidency of Fort St. George at Madras in Council may mitigate, or discharge all fines, amerciaments, forfeitures, and sums of money which shall hereafter be set, ordered, or adjudged by the said Supreme Court of Judicature at Fort St. George at Madras aforesaid, or by any other Court of Justice, or other person or persons there, having lawful authority to set, order, or adjudge fines, amerciaments, forfeitures, or sums of money for any offences, misdemeanors, defaults, contempts, neglects, or forfeitures, as the Court of Exchequer in England, or the Chancellor, or Barons thereof lawfully may do in England. And the said Governor in Council may by any order cause a share or proportion of any fine imposed, on any person or persons for any delinquency or misdemeanor prdsecuted to judgment, to be paid over to the prosecutor toward defraying his expences occasioned thereby, as such Governor in Council thinks fit.

III. The Governor of the Presidency of Bombay in Council may mitigate or discharge all fines, amerciaments, forfeitures, and sums of money, which hereafter shall be set, ordered, or adjudged by the said Supreme Court of Judicature at Bombay, or by any other Court of Justice, or other person or persons there, having lawful authority to set, order, or adjudge fines, amerciaments, forfeitures, or sums of money for any offences, misdemeanors, defaults, contempts, neglects, or forfeitures, as the Court of Exchequer in England or the Chancellor or Barons thereof lawfully may do in England: And the last mentioned Governor in

Fort William, Home Department, Legislative, the 11th July, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 11th July 1851.

ACT NO. —— OF 1851.

For summary suits, for arrears of rent, and sales of saleable tenures to be held within the judicial district in which the lands are situated.

Whereas by Regulation VIII. 1831 of the Bengal Code summary suits or claims relating to arrears or exactions of rents were transferred from the Judges of the Zillah or City Courts to the Collectors of the several Districts; and whereas by Regulation VII. 1832 of the Bengal Code, the superintendence of the sales of Putnee Talooks and other saleable tenures was transferred to the Collector or Deputy Collector of Land Revenue, or Head Assistant to the Collector or Deputy Collector, subject to an appeal to the Commissioner of Revenue for the Division; and whereas doubts have been entertained as to the District within which such summary suits or claims should be decided, and such sales made, by reason that the jurisdiction of the several Zillah and City Courts is not conterminous with the jurisdiction of the several Collectors of Land Revenue, and it is expedient that such doubts be removed, and that in future such suits and sales be decided and made as near as possible to the lands which are the subject thereof, It is enacted as follows:

I. No order in any such summary suit, and no sale made before the passing of this Act, which has not been questioned before a Court of competent judicature, before the ( ) day of ( ) on the ground of having been decided or made by a Collector having no jurisdiction therein, shall be liable to be annulled or disputed on that ground.

II. All such summary suits, and sales of Putnee Talooks, and other saleable tenures, after the passing of this Act, shall be decided and made according to the said several Regulations by or under the superintendence of the Collector or Deputy Collector, or Head Assistant to the Collector or Deputy Collector of the District, within the jurisdiction of the Civil Court of which, the lands which are the subject of such suit or claim, are situated.

Ordered, that the Draft now read be published for general information.

The centre of the light is 197 feet above highwater level, and at the height of 18 feet may be seen in clear weather at a distance of 7 leagues.

Rottnest Light House is in latitude 32 degrees 0 minutes 19 seconds South, longitude 115 degrees 31 minutes 18 seconds East from Greenwich, and stands 3 miles North 75 degrees East by compass from the West extremity of the Island, and 2¾ miles West by compass from its East extremity.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

James Sutherland,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

ACT No. VIII. of 1851.

An Act for enabling Government to levy Tolls on public Roads and Bridges.

Whereas it is expedient to enable Government to levy Tolls upon Roads and Bridges, It is enacted as follows :

I. Acts II. 1837 and VIII. 1838 are repealed, but not so as to revive any Regulation or Act thereby repealed.

II. The Governor of the Presidency of Fort William in Bengal, the Lieutenant Governor of the North Western Provinces of Bengal, the Governor of the Presidency of Fort St. George in Council, and the Governor of the Presidency of Bombay in Council, may cause such rates of Toll, not exceeding the rates mentioned in the Schedule annexed to this Act, as they respectively think fit, to be levied upon any road or bridge which has been, or shall hereafter be made or repaired at the expense of the Government; and may place the collection of such Tolls under the management of such persons as may appear to them proper: and all persons employed in the management and collection of such Tolls shall be liable to the same responsibilities, as would belong to them, if employed in the collection of the Land Revenue.

III. In case of non-payment of any such Toll on demand, the Officers appointed to collect the same may seize any of the carriages or animals on which it is chargeable, or any part of their burden of sufficient value to defray the Toll ; and, if any Toll remains undischarged for twenty-four hours, with the cost arising from such seizure, the case shall be brought before the Officer appointed to superintend the collection of the said Toll, who may sell the property seized for discharge of the Toll, and all expenses occasioned by such non-payment, seizure, and sale, and cause any balance that may remain to be returned, on demand, to the owner of the property; and the said Officer, on receipt of the property, shall forthwith issue a notice that, at noon of the next day, exclusive of Sunday, or any close holiday, he will sell the property by auction. Provided that if, at any time before the sale has actually begun, the person whose property has been seized shall tender the amount of all the expenses incurred, and of double the Toll payable by him, the said Officer shall forthwith release the property seized.

IV. No Tolls shall be paid for the passage of Troops and Military Stores and Equipages on their march, or of Police Officers on duty, or of any person or property in their custody; but no other exemption from payment of the Tolls levied under this Act shall be allowed.

V. All Police Officers shall be bound to assist the Toll Collectors, when required, in the execution of this Act; and, for that purpose, shall have the same power which they have in the exercise of their common Police duties.

VI. The following Act is passed by the Hon'ble the President of the Council of India in Council on the 11th July 1851, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. IX. OF 1851.

An Act for the prevention of Gambling in Bombay.

Whereas the vice of Gambling has of late years much increased, and many gaming houses have been established within the Town and Island of Bombay, for suppression of which the laws now in force are inadequate, It is enacted as follows:

I. So much of Article II. of Title Fifth of a Rule, Ordinance and Regulation passed by the Governor of Bombay in Council on the 11th day of April 1827, and registered in the Supreme Court of Bombay on the 22nd day of June 1827, as provides that the Court of Petty Sessions shall exercise jurisdiction over common gamblers who shall not give a satisfactory account of any other means of livelihood, is repealed.

II. Every person who, within the Town and Island of Bombay, shall keep a common gaming house, or any room, or other place used for the purposes of a common gaming house, or who shall have the care or management thereof, or shall in any manner conduct the business of any such common gaming house, either as Banker, Shroff, Croupier or otherwise, shall, on conviction before the Court of Petty Sessions, be punishable by fine not exceeding One Thousand Rupees, or, in the discretion of the said Court, may be imprisoned with or without hard labor for any period not exceeding six Calendar months.

III. And, whereas it may be doubted, whether or not certain houses or rooms alleged or reputed to be opened for the use of the subscribers only, or not open to all persons desirous of using the same, are to be deemed common gaming houses, it is declared and enacted that, in default of other evidence proving any house, room, or place to be used as a common gaming house, it shall be enough, in support of the allegation in any information or indictment that any house, room, or place is a common gaming house, to prove that such house, room, or place is kept or used for playing therein at cards, dice, or any unlawful game, and that a bank is kept there by one or more of the players exclusively of the others, or that the chances of any game played therein are not alike favorable to all the players, including, among the players, the banker or other person by whom the game is managed, or against whom the other players stake, play or bet; and every such house, room, or place shall be deemed a common gaming house.

IV. Every person who shall be found in any such common gaming house playing or gaming with cards, dice, counters, money, or other instruments of gaming, or who shall be found there present during such playing or gaming, or for the purpose of gaming, or who shall be found gaming with cards, dice, counters, money, or other instruments of gaming in any street or public place or thoroughfare within the said town and island, whether playing for any money, wager, stake, or otherwise, shall be punishable, on conviction before the Court of Petty Sessions, by fine not exceeding Five Hundred Rupees; or in the discretion of the said Court, may be imprisoned with or without hard labor for any period not exceeding three Calendar months.

V. Any Magistrate of Police, upon information laid before him on oath that there is reason to suspect any house, room, or place within the said town and island to be used as a common gaming house, may, by his warrant, give authority to any Constable of Police in the town and island of Bombay to enter, with such assistance as may be found necessary, by night or by day, and by force if necessary, any such house, room, or other place, and to take into custody all persons whom he finds therein, whether or not then actually gaming; and to seize all instruments of gaming, and all monies and securities for money found therein, and to search all parts of the house, room, or place which he shall have so entered, when he has reason to believe that any instruments of gaming are concealed; and to search also the persons of those whom he so takes into custody, and to seize and take possession of all cards, dice, counters, and other instruments of gaming which he shall find upon such search.

VI. When any cards, dice, gaming table or cloth, or other instruments of gaming are found in any house, room, or place of which information has been given on oath to a Magistrate of Police, that it is suspected of being used as a common gaming house, or about the person of any of those who are found therein, it shall be evidence, until the contrary is made to appear, that such house, room, or place is used as a common gaming house, and that the persons found therein were there present for the purpose of gaming, although no play was actually seen by the Constable or any of his Assistants.

VII. On conviction of any person for keeping or being present for the purpose of gaming in any common gaming house, all the instruments of gaming found therein shall be destroyed by order of the Court of Petty Sessions,

which shall also order all, or any of the securities for money, and other articles seized, not being instruments of gaming, to be sold and converted into money, and the proceeds thereof, with all monies seized therein, to be forfeited, or in its discretion may order any part thereof to be returned to the parties appearing to have been severally thereunto entitled.

VIII. Any Officer of Police may arrest without warrant all persons whom he may see in the act of gaming in any street or public place or thoroughfare in the said town or island, and seize all cards, dice, counters, and instruments of gaming which he finds in their possession, which, on conviction of any of the parties, shall be destroyed by order of the Court.

IX. It shall not be necessary, in order to convict any person of keeping a common gaming house, or of being concerned in the management of any common gaming house or gaming table, to prove that any person found playing at any game was playing for any money, wager, or stake.

X. Any person who shall have been concerned in any unlawful gaming, and who shall be examined as a witness before the said Court of Petty Sessions, on the trial of any person or persons for a breach of any of the provisions of this Act, and who upon such examination shall make true and faithful discovery to the best of his or her knowledge of all things as to which he or she shall be so examined, and who shall thereupon receive from the said Court a certificate in writing to that effect, shall be freed from all prosecutions under this Act for any thing done before that time in respect of such unlawful gaming.

XI. Nothing in the foregoing provisions of this Act contained shall be held to apply to any game of mere skill played at Hotels or Taverns licensed by the Collector of Land Revenue, and the Senior Magistrate of Police under Act XVIII. 1840, or in any place of public resort licensed by the Court of Petty Sessions under Act XIV. 1842.

XII. Every person who shall by any fraud or unlawful device or ill practice in playing at or with cards, dice, or other game, or in bearing a part in the stakes, wagers or adventures, or in betting on the sides or hands, of them that do play, or in wagering on the event of any game, sport, pastime, or exercise, win from any other person for himself, or any other or others any sum of money or valuable thing, shall be deemed guilty of obtaining such money or valuable thing from such other person by a false pretence, with intent to cheat or defraud such person of the same, and being convicted thereof shall be punished accordingly.

XIII. No conviction or other proceeding before the said Court of Petty Sessions under this Act shall be quashed, or set aside or adjudged void or insufficient for want of form, or be removed by Certiorari into Her Majesty's Supreme Court.

XIV. All fines imposed under this Act shall be recovered under Act II. 1839.

XV. The Court of Petty Sessions shall on conviction have power to direct any portion, not exceeding one-fourth of any fine which shall be levied under the provisions of this Act, or any part of the monies or proceeds of articles seized in any common gaming house and ordered to be forfeited, to be paid to an informer, and the balance of such fines and monies or the whole thereof, as the case may be, shall be applied to the use of the Municipal Fund under Act XI. 1845.

Fort William, Home Department, Legislative, the 11th July, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 11th of July 1851.

ACT NO. —— OF 1851.

For vesting the power of mitigating or discharging penalties at Madras and Bombay in the Governor in Council.

Whereas the several Supreme Courts of Judicature at Madras and Bombay now have power to mitigate and discharge all fines, amerciaments, forfeitures and sums of money set, ordered or adjudged by the said Supreme Courts of Judicature respectively, and whereas it is expedient that such powers should be exercised by the Governors of the Presidencies of Madras and Bombay in Council respectively, It is enacted as follows:

I. The powers hitherto possessed by the said Supreme Courts at Madras and Bombay respectively, or by any other Court of Justice at Madras or Bombay respectively, to mitigate, or discharge any fines, amerciaments, forfeitures and sums of money set, ordered, or adjudged by such Supreme Courts, or by any other Court of Justice at Madras and Bombay aforesaid, on or against any person or persons for any offence, misdemeanour, default, contempt, neglect, or forfeiture, shall cease except as to such fines, amerciaments, forfeitures, and sums of money set, ordered or adjudged before the passing of this Act.

II. The Governor of the Presidency of Fort St. George at Madras in Council may mitigate, or discharge all fines, amerciaments, forfeitures, and sums of money which shall hereafter be set, ordered, or adjudged by the said Supreme Court of Judicature at Fort St. George at Madras aforesaid, or by any other Court of Justice, or other person or persons there, having lawful authority to set, order, or adjudge fines, amerciaments, forfeitures, or sums of money for any offences, misdemeanors, defaults, contempts, neglects, or forfeitures, as the Court of Exchequer in England, or the Chancellor, or Barons thereof lawfully may do in England. And the said Governor in Council may by any order cause a share or proportion of any fine imposed, on any person or persons for any delinquency or misdemeanor prosecuted to judgment, to be paid over to the prosecutor toward defraying his expences occasioned thereby, as such Governor in Council thinks fit.

III. The Governor of the Presidency of Bombay in Council may mitigate or discharge all fines, amerciaments, forfeitures, and sums of money, which hereafter shall be set, ordered, or adjudged by the said Supreme Court of Judicature at Bombay, or by any other Court of Justice, or other person or persons there, having lawful authority to set, order, or adjudge fines, amerciaments, forfeitures, or sums of money for any offences, misdemeanors, defaults, contempts, neglects, or forfeitures, as the Court of Exchequer in England or the Chancellor or Barons thereof lawfully may do in England: And the last mentioned Governor in

Council may by any order, cause a share, or proportion of any fine imposed on any person or persons for any delinquency, or misdemeanor prosecuted to judgment, to be paid over to the prosecutor toward defraying his expences occasioned thereby, as such Governor in Council thinks fit.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 11th day of October next.

Fort William, Home Department, Legislative, the 11th July, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 11th July 1851.

ACT No. —— OF 1851.

For summary suits, for arrears of rent, and sales of saleable tenures to be held within the judicial district in which the lands are situated.

Whereas by Regulation VIII. 1831 of the Bengal Code summary suits or claims relating to arrears or exactions of rents were transferred from the Judges of the Zillah or City Courts to the Collectors of the several Districts; and whereas by Regulation VII. 1832 of the Bengal Code, the superintendence of the sales of Putnee Talooks and other saleable tenures was transferred to the Collector or Deputy Collector of Land Revenue, or Head Assistant to the Collector or Deputy Collector, subject to an appeal to the Commissioner of Revenue for the Division; and whereas doubts have been entertained as to the District within which such summary suits or claims should be decided, and such sales made, by reason that the jurisdiction of the several Zillah and City Courts is not conterminous with the jurisdiction of the several Collectors of Land Revenue, and it is expedient that such doubts be removed, and that in future such suits and sales be decided and made as near as possible to the lands which are the subject thereof, It is enacted as follows:

I. No order in any such summary suit, and no sale made before the passing of this Act, which has not been questioned before a Court of competent judicature, before the ( ) day of ( ) on the ground of having been decided or made by a Collector having no jurisdiction therein, shall be liable to be annulled or disputed on that ground.

II. All such summary suits, and sales of Putnee Talooks, and other saleable tenures, after the passing of this Act, shall be decided and made according to the said several Regulations by or under the superintendence of the Collector or Deputy Collector, or Head Assistant to the Collector or Deputy Collector of the District, within the jurisdiction of the Civil Court of which, the lands which are the subject of such suit or claim, are situated.

Ordered, that the Draft now read be published for general information.

No. 62 *of* 1851, *Military Department.*

TO OUR GOVERNOR OF THE PRESIDENCY OF FORT WILLIAM IN BENGAL.

Para. 1. With advertence to your Letter of the 7th April 1849, bringing to our notice the proceedings of a Court Martial by which Ensign J. O. Penson, of the 19th N. I., was tried for wounding a Native, and sentenced to be imprisoned in the Fortress of Agra, for two years; also to our Letter of the 15th August following, directing him to be dismissed the Service; and to our despatch of the 19th September 1849, forwarding Her Majesty's free pardon for the Crime on condition of Mr. Penson being imprisoned for the space of one year, your Government, in your Military Letter, dated 25th July 1850, transmitted for our consideration copy of a letter from the Adjutant General of the Army, with a Memorial to our address from Mr. Penson, soliciting "that the Court would extend "their pardon for a first offence, committed in a "moment of extreme distress of mind of which "he has never ceased bitterly to repent, and for "which he has already suffered a severe punish-"ment; and that the Court will restore him to "the Service."

2. To this communication we replied on the 20th November 1850, stating that the Memorial had been sent unaccompanied by any opinion on its prayer; and desiring that the sentiments of the Government and of the Commander in Chief upon it might be communicated to us.

3. In reply, your Government, under date the 5th March 1851, convey the recommendation of the Commander in Chief, "that the case of "Mr. Penson may be taken into humane consi-"deration," and further state as follows:

"With reference to the Certificates submitted "with Mr. Penson's Memorial showing that, "excepting the unfortunate occasion, which led "to his trial, he had not ever been guilty of "violence towards Natives,—and that he bore a "good character in his Regiment,—and as dur-"ing the whole period of his confinement in the "Fortress of Agra, he was treated as a Military "prisoner, and was never exposed to any injuri-"ous associations, we would add our support "to the recommendation of His Excellency."

4. Considering the nature and degree of the punishment which Mr. Penson has already sustained in having been imprisoned for one year, and deprived of his Military Commission for upwards of eighteen months; considering also the high character he had previously borne, and the recommendation of the Government and Commander in Chief in his behalf; and being of opinion that sufficient has been done in this case to evince our determination to punish with severity any Officer who treats the Natives of India with cruelty or oppression, we are now induced to restore Mr. Penson to his rank as third Ensign in the 19th Regiment Native Infantry on the Bengal Establishment, from the date when the orders to this effect shall be received by your Government.

5. This resolution has been concurred in by the Board of Commissioners for the Affairs of India.

6. You will publish this Despatch in General Orders to the Army.

London, 4th June 1851.

We are, &c.,

(Signed) JOHN SHEPHERD,
and thirteen other Directors.

The centre of the light is 197 feet above highwater level, and at the height of 18 feet may be seen in clear weather at a distance of 7 leagues.

Rottnest Light House is in latitude 32 degrees 0 minutes 19 seconds South, longitude 115 degrees 31 minutes 18 seconds East from Greenwich, and stands 3 miles North 75 degrees East by compass from the West extremity of the Island, and 2¾ miles West by compass from its East extremity.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon, will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then

steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

ACT No. X. OF 1851.

To amend Act XX. 1841 for the administration of personal Estate of deceased persons.

For amendment and extension of the power to grant Certificates of Administration of the personal Estate of deceased persons under Act XX. 1841, It is enacted as follows:

I. In the case of disputes among persons, claiming to be jointly entitled to be proprietors of any public Securities of the East India Company, as the representatives of any deceased person, the District or Zillah Judge, whenever sufficient cause shall be shewn to him, and on the request of any such claimant, may grant a Certificate of Administration of the personal Estate of the deceased, so far as concerns the said Securities, according to Act XX. 1841, to such person as shall be from time to time appointed by the Governor of Bengal, and Governors of Madras and Bombay in Council respectively, to act as Trustee under this Act; and shall specify in such Certificate the several persons appearing to him to be such proprietors, and their several shares; and the said Trustee, by virtue of such Certificate, shall be entitled to receive and give discharges for the interest accruing due on such Securities; and shall account for, and pay the sum, to the several persons specified in the Certificate to be thereunto entitled, according to the shares therein set forth; and shall be empowered to act in all other respects concerning the said Securities as Agent for such persons; and shall be entitled to the same rate of Commission upon all such transactions as is allowed to the Government Agent for the time being on the like transactions, as Agent of the public creditors of the East India Company, by any regulations from time to time made by the Governor General of India in Council: Provided nevertheless that the right of any other person to recover the whole or any part of the monies so paid, by regular suit against all or any of the persons to whom the same have been paid, shall not be affected by this Act.

II. If any such disputes, among persons claiming to be proprietors of public Securities of the East India Company, are not ended within two years from the date of the Certificate of Administration granted by any District or Zillah Judge, the said Trustee may apportion the principal sum of the said Securities rateably among the parties appearing from the aforesaid Certificate to be proprietors thereof, and may apply for and receive new Securities from the proper Officer appointed to issue the same, in the respective names of the several parties certified to be entitled thereto; provided that such new Securities shall be issued only according to the rules in use for the regulation and issue of such public Securities; and the receipt of the said Trustee for such new Securities, by endorsement on the old Securities or otherwise, shall be a legal discharge to the East India Company against the disputing parties claiming to be entitled to the several amounts for which such Securities shall be issued: Provided always that, if the amount of any Securities in dispute or any part thereof, shall not be sufficient to admit of their rateable division according to the Rules applicable to the issue of such Securities, the said Trustee may sell, and dispose of the disputed Securities, or such part as shall be necessary under this provision, and apportion the proceeds thereof among the parties entitled to receive the same.

III. Every such Certificate, granted to the Trustee appointed under this Act, shall be taken to supersede and annul any previous Certificate given of a half or any other share in the said personal Estate, so far as concerns the said Securities.

IV. As regards Residents in Foreign States, out of the jurisdiction of British Courts of Justice, a Certificate of Administration to personal Estates granted by the British Representative accredited to that State, or as regards the Residents in any district to which Act XX. 1841 does not extend, such Certificate granted by the British Officer in that district, holding the highest executive authority, shall have the same effect, as regards public Securities of the East India Company, as a Certificate granted to a native subject of Her Majesty under the provisions of Act XX. 1841, as amended by this Act.

V. This Act shall be construed with and as part of Act XX. 1841.

II. Any person who, in the Islands of Bombay or Colaba, shall fraudulently deteriorate Cotton by exposing it by night to heavy dews, or putting with it uncleaned Cotton, commonly called Kuppas, or by means of dirt, stones, earth, water, or any other substance, or in any other way fraudulently deteriorate it with the view of making it heavier, and packing it in that state, shall be deemed guilty of a misdemeanour.

III. Any person who, in the Islands of Bombay or Colaba, shall fraudulently sell or offer for sale under false sample, or otherwise, any Cotton mixed, or adulterated, as in the first and second Sections of this Act mentioned, shall be deemed guilty of a misdemeanour.

X. Nothing in this Act shall affect the Civil rights of any parties defrauded by any offender against this Act, but they may sue for the same as if this Act had not been passed.

The following Draft of a proposed Act was read in Council for the first time on the 11th of July 1851.

ACT No. —— OF 1851.

For vesting the power of mitigating or discharging penalties at Madras and Bombay in the Governor in Council.

Whereas the several Supreme Courts of Judicature at Madras and Bombay now have power to mitigate and discharge all fines, amerciaments, forfeitures and sums of money set, ordered or adjudged by the said Supreme Courts of Judicature respectively, and whereas it is expedient that such powers should be exercised by the Governors of the Presidencies of Madras and Bombay in Council respectively, It is enacted as follows:

I. The powers hitherto possessed by the said Supreme Courts at Madras and Bombay respectively, or by any other Court of Justice at Madras or Bombay respectively, to mitigate, or discharge any fines, amerciaments, forfeitures and sums of money set, ordered, or adjudged by such Supreme Courts, or by any other Court of Justice at Madras and Bombay aforesaid, on or against any person or persons for any offence, misdemeanour, default, contempt, neglect, or forfeiture, shall cease except as to such fines, amerciaments, forfeitures, and sums of money set, ordered or adjudged before the passing of this Act.

II. The Governor of the Presidency of Fort St. George at Madras in Council may mitigate, or discharge all fines, amerciaments, forfeitures, and sums of money which shall hereafter be set, ordered, or adjudged by the said Supreme Court of Judicature at Fort St. George at Madras aforesaid, or by any other Court of Justice, or other person or persons there, having lawful authority to set, order, or adjudge fines, amerciaments, forfeitures, or sums of money for any offences, misdemeanors, defaults, contempts, neglects, or forfeitures, as the Court of Exchequer in England, or the Chancellor, or Barons thereof lawfully may do in England. And the said Governor in Council may by any order cause a share or proportion of any fine imposed, on any person or persons for any delinquency or misdemeanor prosecuted to judgment, to be paid over to the prosecutor toward defraying his expences occasioned thereby, as such Governor in Council thinks fit.

III. The Governor of the Presidency of Bombay in Council may mitigate or discharge all fines, amerciaments, forfeitures, and sums of money, which hereafter shall be set, ordered, or adjudged by the said Supreme Court of Judicature at Bombay, or by any other Court of Justice, or other person or persons there, having lawful authority to set, order, or adjudge fines, amerciaments, forfeitures, or sums of money for any offences, misdemeanors, defaults, contempts, neglects, or forfeitures, as the Court of Exchequer in England or the Chancellor or Barons thereof lawfully may do in England: And the last mentioned Governor in Council may by any order, cause a share, or proportion of any fine imposed on any person or persons for any deliuquency, or misdemeanor prosecuted to judgment, to be paid over to the prose-

Fort William, Home Department, Legislative, the 11th July, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 11th July 1851.

ACT No. —— OF 1851.

For summary suits, for arrears of rent, and sales of saleable tenures to be held within the judicial district in which the lands are situated.

Whereas by Regulation VIII. 1831 of the Bengal Code summary suits or claims relating to arrears or exactions of rents were transferred from the Judges of the Zillah or City Courts to the Collectors of the several Districts; and whereas by Regulation VII. 1832 of the Bengal Code, the superintendence of the sales of Putnee Talooks and other saleable tenures was transferred to the Collector or Deputy Collector of Land Revenue, or Head Assistant to the Collector or Deputy Collector, subject to an appeal to the Commissioner of Revenue for the Division; and whereas doubts have been entertained as to the District within which such summary suits or claims should be decided, and such sales made, by reason that the jurisdiction of the several Zillah and City Courts is not conterminous with the jurisdiction of the several Collectors of Land Revenue, and it is expedient that such doubts be removed, and that in future such suits and sales be decided and made as near as possible to the lands which are the subject thereof, It is enacted as follows:

I. No order in any such summary suit, and no sale made before the passing of this Act, which has not been questioned before a Court of competent judicature, before the ( ) day of ( ) on the ground of having been decided or made by a Collector having no jurisdiction therein, shall be liable to be annulled or disputed on that ground.

II. All such summary suits, and sales of Putnee Talooks, and other saleable tenures, after the passing of this Act, shall be decided and made according to the said several Regulations by or under the superintendence of the Collector or Deputy Collector, or Head Assistant to the Collector or Deputy Collector of the District, within the jurisdiction of the Civil Court of which, the lands which are the subject of such suit or claim, are situated.

Ordered, that the Draft now read be published for general information.

MARINE COURT.

No. 3228.

At a Marine Court assembled on Monday the twenty-third day of June, One Thousand Eight Hundred and Fifty-one, under Act No. 24 of 1845, Mr. Mate Pilot William Hine Gill was tried on the following

CHARGES.

1st Charge. For grounding through ignorance, negligence or other default the ship "*Phenomène*" in the river Hooghly, on the 13th day of June 1851, whilst the said ship was proceeding up the river under his Pilotage charge.

2d Charge. For ignorance and unskilfulness in the performance of his duty as a Pilot in the following instance.

In that on the 13th of June 1851, whilst in Pilotage charge as aforesaid upon the "*Phenomène's* grounding as above described, he ordered the anchor to be let go, which was accordingly done by his orders, and which resulted in the ship's rolling over it, making a hole in her bottom, causing her to again take the ground, and ended in her total wreck and abandonment on the following morning, from her being water logged and aground.

3d Charge. For making a false report of the grounding of the "*Phenomène*" in his letter to the Master Attendant dated the 13th of June 1851, wherein he stated that the anchor was first let go, and that while in the act of so doing, the vessel took abaft, such not being a true account of the occurrence, as he very well knew that the "*Phenomène*" grounded first, and that the anchor was then let go, as laid in the previous charge.

By Order of the Superintendent of Marine,

(Signed) JAMES SUTHERLAND,
Secretary.

Fort William, the 18th June, 1851.

FINDING.

The Court having maturely weighed and considered the evidence brought forward in support of the prosecution, together with that adduced on the defence, are of opinion that the defendant Mr. Mate Pilot William Hine Gill is
Not Guilty of the 1st Charge.
Not Guilty of the 2nd Charge.
Guilty of the 3rd Charge.

SENTENCE.

The Court having found the defendant *Guilty* to the extent specified do adjudge him the said Mr. Mate Pilot William Hine Gill to lose two steps, and his name to be placed on the list of Mate Pilots below that of Mr. Mate Pilot Charles Layton and above that of Mr. Mate Pilot George Howell.

(Signed) HENRY PIDDINGTON,
President.

(Signed) H. HOWE,
Judge Advocate.

Fort William, the 3rd July 1851.

RECOMMENDATION OF SEVEN MEMBERS OF THE COURT.

The Court by a majority of seven Members, considering the high character given by Captain Thomas of Mr. Gill, and the clear and distinct testimony of his professional ability by Captain Tucker, beg respectfully to recommend him to the merciful consideration of the Deputy Governor.

(Signed) HENRY PIDDINGTON,
President.

2. The proceedings of the Court having been submitted to Government, His Honor the Deputy Governor of Bengal has been pleased to communicate his decision on the case as follows:

No. 478.

From the Under Secretary to the Govt. of Bengal,
To the Superintendent of Marine.

Dated Fort William, the 15th July, 1851.

SIR,—I am directed by the Deputy Governor of Bengal to acknowledge the receipt
Marine. of your letter No. 3055 of the 7th instant, submitting the minutes of the proceedings of a Marine Court, held for the trial of Mate Pilot Mr. W. H. Gill, for the loss of the Belgian ship "*Phenomène,*" and for making a false report of the occurrence.

2. The Court acquit Mr. Gill of the 1st and 2nd charges which relate to the loss of the vessel, but they find him *guilty* of making the false report specified in the 3rd charge. They sentence him to lose two steps; but a majority of seven Members, out of eight constituting the Court, recommend him to merciful consideration, in consequence of the testimony borne to his good character and professional ability.

3. His Honor has taken into consideration the above recommendation, with every wish to give effect to it, and to allow Mr. Gill the benefit of his good character as a Pilot; but he feels so strongly the necessity of insisting upon the official reports made by Pilots to the Master Attendant being perfectly truthful representations of the occurrence reported, that he is unable altogether to remit the punishment to which that Officer is sentenced. In the hope, however, that this may be a sufficient warning, His Honor has been pleased to commute the sentence passed on Mr. Gill to the loss of one step.

4. The original enclosures which accompanied your letter are herewith returned.

I have the honor to be,
Sir,
Your most obedient Servant,
(Signed) W. SETONKARR,
Under Secy. to the Govt. of Bengal.

3. In conformity with the above decision, the Master Attendant has been desired to release Mr. Mate Pilot William Hine Gill from arrest, and to cause his name to be placed in the list of Mate Pilots immediately below that of Mr. Mate Pilot John G. Randall and above that of Mr. Mate Pilot Charles Layton.

By order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 22nd July, 1851.

FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be *a bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

V. The following "rules for the examination of candidates for insertion in the list directed to be annually furnished to Government, by the notification of the Governor General, dated 10th October, 1844," are republished for general information:—

1. No one shall be allowed to become a candidate for insertion in the annual returns, who is less than 18 or more than 23 years of age and who is not at the time a student either of a Government College or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual annual examination for senior English scholarships, a Latin being substituted for a Vernacular essay, at the option of each candidate.

3. There shall be two classes of merit: the first shall comprehend all who are in the last year of a senior scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private Institution, and who obtain at least three-fourths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least half of the number of marks allowed for complete answers in each subject contained in the senior English scholarship standard.

4. The place of each successful competitor in his class shall be determined by the relative merit of his examination.

5. Every candidate for insertion in the Council's list shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. A student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

7. A candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher class.

8. All candidates, whether from Government or private Institutions, must distinctly understand, that insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements and good moral conduct.

9. The following is the system of examination adopted:

Sets of questions in the various branches of study will be prepared under the direction of the Council of Education who will likewise fix, within a reasonable time beforehand, the days on which the examinations shall be held.

The students shall be assembled in a room without books, papers, or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and will be deemed to render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance; a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a senior scholarship.

VI. The scholarship questions, with the most distinguished answers in English Literature, History, and the best Essays, will be published for general information and distribution, as soon as practicable after the receipt of the reports.

Very distinguished answers from out-candidates will also be published.

With a view to facilitate the classification and examination of answers in each subject, all candidates are directed to write their answers on one side of the paper only, and to answer no more than one question on any piece of paper.

Performances not executed in conformity with the above rule will not be examined.

(By order of the Hon'ble the President and Council of Education,)

FRED. J. MOUAT, M. D.,
Secretary.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 18th July 1851, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. X. OF 1851.

To amend Act XX. 1841 for the administration of personal Estate of deceased persons.

For amendment and extension of the power to grant Certificates of Administration of the personal Estate of deceased persons under Act XX. 1841, It is enacted as follows:

I. In the case of disputes among persons, claiming to be jointly entitled to be proprietors of any public Securities of the East India Company, as the representatives of any deceased person, the District or Zillah Judge, whenever sufficient cause shall be shewn to him, and on the request of any such claimant, may grant a Certificate of Administration of the personal Estate of the deceased, so far as concerns the said Securities, according to Act XX. 1841, to such person as shall be from time to time appointed by the Governor of Bengal, and Governors of Madras and Bombay in Council respectively, to act as Trustee under this Act; and shall specify in such Certificate the several persons appearing to him to be such proprietors, and their several shares; and the said Trustee, by virtue of such Certificate, shall be entitled to receive and give discharges for the interest accruing due on such Securities; and shall account for, and pay the sum, to the several persons specified in the Certificate to be thereunto entitled, according to the shares therein set forth; and shall be empowered to act in all other respects concerning the said Securities as Agent for such persons; and shall be entitled to the same rate of Commission upon all such transactions as is allowed to the Government Agent for the time being on the like transactions, as Agent of the public creditors of the East India Company, by any regulations from time to time made by the Governor General of India in Council: Provided nevertheless that the right of any other person to recover the whole or any part of the monies so paid, by regular suit against all or any of the persons to whom the same have been paid, shall not be affected by this Act.

II. If any such disputes, among persons claiming to be proprietors of public Securities of the East India Company, are not ended within two years from the date of the Certificate of Administration granted by any District or Zillah Judge, the said Trustee may apportion the principal sum of the said Securities rateably among the parties appearing from the aforesaid Certificate to be proprietors thereof, and may apply for and receive new Securities from the proper Officer appointed to issue the same, in the respective names of the several parties certified to be entitled thereto; provided that such new Securities shall be issued only according to the rules in use for the regulation and issue of such public Securities; and the receipt of the said Trustee for such new Securities, by endorsement on the old Securities or otherwise, shall be a legal discharge to the East India Company against the disputing parties claiming to be entitled to the several amounts for which such Securities shall be issued: Provided always that, if the amount of any Securities in dispute or any part thereof, shall not be sufficient to admit of their rateable division according to the Rules applicable to the issue of such Securities, the said Trustee may sell, and dispose of the disputed Securities, or such part as shall be necessary under this provision, and apportion the proceeds thereof among the parties entitled to receive the same.

III. Every such Certificate, granted to the Trustee appointed under this Act, shall be taken to supersede and annul any previous Certificate given of a half or any other share in the said personal Estate, so far as concerns the said Securities.

IV. As regards Residents in Foreign States, out of the jurisdiction of British Courts of Justice, a Certificate of Administration to personal Estates granted by the British Representative accredited to that State, or as regards the Residents in any district to which Act XX. 1841 does not extend, such Certificate granted by the British Officer in that district, holding the highest executive authority, shall have the same effect, as regards public Securities of the East India Company, as a Certificate granted to a native subject of Her Majesty under the provisions of Act XX. 1841, as amended by this Act.

V. This Act shall be construed with and as part of Act XX. 1841.

LIGHT HOUSE ON ROTTNEST ISLAND.

A REVOLVING CATOPTRIC LIGHT will be exhibited from the Light House near the centre of Rottnest Island on and after the night of 1st June, 1851, during the period between sunset and sunrise.

The Light House is a white stone tower, 53 feet in height, erected on the summit of the Island, and is surmounted by a lantern 11 feet high.

The light will consist of two groups of three powerful lamps each; the whole revolving once in two minutes, and shewing a flash of light of five seconds' duration every minute, with intervals of 55 seconds of darkness. The centre of the light is 197 feet above highwater level, and at the height of 18 feet may be seen in clear weather at a distance of 7 leagues.

Rottnest Light House is in latitude 32 degrees 0 minutes 19 seconds South, longitude 115 degrees 31 minutes 18 seconds East from Greenwich, and stands 3 miles North 75 degrees East by compass from the West extremity of the Island, and 2¾ miles West by compass from its East extremity.

LIGHT HOUSE AT ENTRANCE TO SWAN RIVER.

On and after the 1st of June 1851, a plain continuous light will be exhibited on summit of Arthur's Head, the South point of entrance to Swan River, between sunset and sunrise, for the convenience of shipping making for the anchorage in the night.

The light will be 92 feet above high water level, supported by a white stone tower erected on summit of a cliff, and will be visible 5 leagues at sea in clear weather from a height of 18 feet.

It is in latitude 32 degrees 3 minutes 13 seconds South, longitude 115 degrees 45 minutes 11 seconds East from Greenwich, and bears South 71 degrees East 12 miles from the revolving light on Rottnest Island.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

V. The following "rules for the examination of candidates for insertion in the list directed to be annually furnished to Government, by the notification of the Governor General, dated 10th October, 1844," are republished for general information:—

1. No one shall be allowed to become a candidate for insertion in the annual returns, who is less than 18 or more than 23 years of age and who is not at the time a student either of a Government College or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual annual examination for senior English scholarships, a Latin being substituted for a Vernacular essay, at the option of each candidate.

3. There shall be two classes of merit: the first shall comprehend all who are in the last year of a senior scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private Institution, and who obtain at least three-fourths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least half of the number of marks allowed for complete answers in each subject contained in the senior English scholarship standard.

4. The place of each successful competitor in his class shall be determined by the relative merit of his examination.

5. Every candidate for insertion in the Council's list shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. A student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

7. A candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher class.

8. All candidates, whether from Government or private Institutions, must distinctly understand, that insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements and good moral conduct.

9. The following is the system of examination adopted:

Sets of questions in the various branches of study will be prepared under the direction of the Council of Education who will likewise fix, within a reasonable time beforehand, the days on which the examinations shall be held.

The students shall be assembled in a room without books, papers, or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and will be deemed to render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance; a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a senior scholarship.

VI. The scholarship questions, with the most distinguished answers in English Literature, History, and the best Essays, will be published for general information and distribution, as soon as practicable after the receipt of the reports.

Very distinguished answers from out-candidates will also be published.

With a view to facilitate the classification and examination of answers in each subject, all candidates are directed to write their answers on one side of the paper only, and to answer no more than one question on any piece of paper.

Performances not executed in conformity with the above rule will not be examined.

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

SATURDAY, JULY 26, 1851.

Fort William, Home Department, Legislative, the 25th July, 1851.

The following Extract from the Proceedings of the Hon'ble the President of the Council of India in Council in the Legislative Branch of the Home Department, under date the 25th of July 1851, is published for general information.

Read a second time the Draft of a proposed Act, dated the 7th February 1851, and published in the *Calcutta Gazette* of the 12th February 1851.

Resolution.—The President in Council resolves that the following amended Draft on the subject be published for general information.

ACT No. —— OF 1851.

For constituting Commissioners for the Improvement of the Town of Calcutta.

Whereas Act XVI. 1847 for constituting Commissioners for the improvement of the Town of Calcutta has been found inconvenient and ineffectual for the intended purposes thereof, It is enacted as follows:

I. Act XVI. 1847 is repealed, except as to any thing done or forborne to be done under the said Act before the passing of this Act, but not so as to revive Act XX. 1840. Provided always that the taxes on the owners and users of Carriages, Carts and Horses, imposed by Act XVI. 1847, may be assessed, levied and recovered for the quarter of a year ending with the First day of November 1851, as if the said Act were not repealed.

II. The several schemes of election agreed upon by the owners and occupiers of assessed houses, buildings and lands in each division of the Town, and the rules made by the Commissioners, severally approved by the Deputy Governor of the Presidency of Fort William in Bengal and President of the Council of India in Council, in pursuance of the said Act, are rescinded and annulled.

III. For the purposes of this Act the Town of Calcutta shall be divided into two divisions; that is to say, a northern and southern division, by a line passing from the river Hooghly at the old Fort Ghaut along the centre of Fairlie Place, Clive Street, the street on the northern side of Tank Square, Loll Bazaar, Bow Bazaar and Boitaconnah; or such other two divisions as the Governor of the Presidency of Fort William in Bengal, from time to time, may appoint: and, whenever any such new division shall be made, the provisions of this Act, with respect to the divisions herein defined, shall be deemed to apply thenceforth to such new divisions.

IV. There shall be four Commissioners for executing the powers of this Act, who shall be styled the Commissioners for the improvement of the Town of Calcutta, of whom two shall be appointed by the Governor of the Presidency of Fort William in Bengal, and two shall be elected as hereinafter provided, that is to say, one for each division of the said Town.

V. The Commissioners shall enter upon their office on the First day of November in each year, and shall hold their office regularly for one year, or until their successors are duly constituted; and until the first constitution of Commissioners under this Act, the Commissioners now acting in the execution of the said Act XVI. 1847, shall exercise the powers of this Act, and shall be deemed Commissioners under this Act.

VI. Every person is entitled to vote in the yearly election of a Commissioner under this Act, who is liable to pay not less than three rupees in the whole for a quarter of a year, in respect of any house, building or ground in either division of the said Town, and who, on or before the 20th day of September in each year, has paid all such taxes due from him up to the last day of April, in the same year.

VII. The vote of every person entitled to vote, whose quarterly payments are in the whole not less than twenty rupees, shall count as two votes, and if they are not less than fifty rupees as three votes.

VIII. Each voter is entitled to vote in that division only, in which he is rated to the amount which constitutes his qualification: and the qualification of a voter to have one, two or three votes, must be complete in one division: but a person, who is rated to the qualifying amount in each division, may be entitled to vote in both.

IX. All elections under this Act shall be under the management of the Sheriff of Calcutta, who shall appoint a sufficient number of Deputies to help him in presiding thereat: and every Deputy, while so acting for the Sheriff, shall have the same powers and duties as the Sheriff with respect to the division for which he is acting.

X. The elective Commissioners shall be chosen yearly, on a day between the Fifteenth day of October and First day of November, to be appointed in each year by the Sheriff of Calcutta, of which day, and also of the place of election, the Sheriff shall give notice, by advertisement in the *Calcutta Gazette*, Fifteen days at least before the day of election.

XI. The place of election for each division of the Town shall be the Town Hall of Calcutta, or such other place as the Sheriff, with the sanction of the Governor of the Presidency of Fort William in Bengal, shall, from time to time, appoint.

XII. The voting shall begin at eight of the clock in the morning, and end at five of the clock in the afternoon of the appointed day; but the Sheriff, if he thinks fit, may declare the election completed for any division in which no vote is tendered for any candidate during any period of thirty minutes after ten of the clock in the morning.

XIII. Every person qualified to vote in the election, and none other, is qualified to be appointed, or to be a candidate for election as a Commissioner.

XIV. Every candidate shall, ten days at least before the day of election, give notice thereof in writing to the Sheriff, naming the division for which he is a candidate, and shall at the same time produce to, and leave with the Sheriff a certificate from the Secretary to the Commissioners that he is qualified to be a candidate, which certificate the Secretary shall be bound to give without fee or charge, on personal application, to any person duly qualified.

XV. All expenses of the election of Commissioners, including the expense of advertising the time and place of election, shall be defrayed by the candidates; and every candidate shall, at the time when he produces to the Sheriff his certificate of qualification, deposit with the Sheriff the sum of two hundred rupees toward the expenses of the election, and in default thereof shall not be qualified to be elected.

XVI. If the whole amount so deposited shall not be spent by the Sheriff in such election, the residue shall be returned to the candidates in equal proportions; and, if the whole amount so deposited is not enough to defray the expense of such election, the Sheriff shall be entitled to receive from each candidate his proportionate share of the surplus expense, and in default of payment may sue for, and recover the same, as money spent on behalf of such candidate.

XVII. The Commissioners shall cause to be prepared, in each year, after the year 1851, correct alphabetical lists of the persons qualified to vote in each division of the Town, which lists shall be open for inspection at the office of the said Commissioners, on or before the First day of October in each year, during all reasonable hours of the day, until the day of election, when the said lists, or copies thereof shall be taken to the place of election for the use of the Sheriff and his Deputies.

XVIII. The Secretary to the Commissioners, on the written application of any person qualified to vote as aforesaid, signed by himself, specifying the division, street and number, or other description of every house, or building, or the land in respect of which the claim is made, and delivered, on some day when the office is open between the 1st and 15th days of October, both inclusive, with the receipted assessment bills, shewing that the applicant has paid the rates, or taxes required by this Act to qualify him to vote, shall give to such person a voting ticket according to his qualification.

XIX. The voting tickets shall be signed by the Secretary to the Commissioners, and shall be in the form contained in the first Schedule annexed to this Act, or in such other form as shall be, from time to time, adopted by the Commissioners, with the approval of the Governor of the Presidency of Fort William in Bengal, and shall be conclusive evidence that the person named therein is entitled to vote at the next election of a Commissioner in the division for which the ticket is given according to the tenor thereof.

XX. At the time and place appointed for the election, the Sheriff or his Deputies shall attend with two closed boxes with openings in each box for the reception of voting tickets, and distinguished from each other, by having marked or painted legibly, in English and Bengallee characters, the word "northern" on one box, and the word "southern" on the other.

XXI. Every voter, having obtained his voting ticket in each division in which he is qualified to vote, and having written thereon the name of the candidate for whom he wishes to vote, and having signed the same, shall personally attend at the place of election, and shall deliver his voting ticket to the Sheriff, or one of his Deputies presiding at the election for that division, who, on being satisfied of the identity of the person tendering the voting ticket with the person whose signature it bears, shall deposit such voting ticket in the box of the division.

XXII. The Secretary, Assessors, Collectors and Collecting Sircars of the Commissioners, and if required by any candidate, an agent appointed by writing under his hand on his behalf, shall attend at the place of election during the continuance thereof, for the purpose of assisting in identifying the persons who shall tender voting tickets.

XXIII. The decision of the Sheriff, or his Deputy, admitting or rejecting any disputed vote tendered at any election, shall be conclusive as to the reception of the vote.

XXIV. As soon as the election for any division is completed, the Sheriff or his Deputies, in the presence of the candidates, or such of them as choose to be present, or of scrutineers appointed in writing under their several hands, shall ascertain the number of votes given for each candidate in each division; and the Sheriff shall thereupon publicly declare the name of the candidate in each division for whom the greatest number of votes has been given in such division, and shall declare such candidate to be duly elected a Commissioner for the improvement of the Town of Calcutta.

XXV. If two or more candidates in one division of the Town shall have the same number of votes, the Governor of the Presidency of Fort William in Bengal shall appoint one of the candidates, having such equal number of votes, to be one of the elective Commissioners for the improvement of the Town of Calcutta.

XXVI. The result of every election shall be certified by the Sheriff to the Governor of the Presidency of Fort William in Bengal, who will cause notice thereof to be given in the *Calcutta Gazette*.

XXVII. If any vacancy from any cause whatever happens before the month of October in any year among the Commissioners, the Governor of the Presidency of Fort William in Bengal shall appoint a person qualified to be elected to fill such vacancy, and the Commissioner appointed to fill such vacancy shall be a Commissioner as if he had been elected at the then last general election of Commissioners.

XXVIII. The powers and duties which, by an Act passed in the thirty-third year of the reign of King George the Third, numbered as Chapter LII., were conferred and imposed on the Justices of the Peace within or for the Presidency of Fort William in Bengal, in regard to the assessment, collection and disbursement of the taxes thereby authorized to be assessed by them on the owners or occupiers of houses, buildings and grounds, shall be exercised and performed by the said Commissioners, instead of the said Justices of the Peace; and the powers and duties by any other Act conferred on, or belonging to the Commissioners constituted under the said Act XVI. 1847, and their Officers shall be transferred to, and belong to the Commissioners constituted under this Act, and their Officers respectively; and so much of the said Act of Parliament as gives power to the Justices to levy the said assessments by warrants of distress and sale, is repealed.

XXIX. Of the two Commissioners yearly appointed by the Governor of the Presidency of Fort William in Bengal, one shall be President of the Commissioners. In the absence of the President, such other Commissioner shall act as Chairman of the meetings of the Commissioners as shall be chosen by those present. On all questions on which the Commissioners present are equally divided in opinion, the President shall have a second or casting vote. Three Commissioners shall be necessary to constitute a meeting.

XXX. The Commissioners shall severally receive such monthly salaries, not exceeding two hundred and fifty rupees each, to be paid out of the taxes levied under the said Act of Parliament, and Act XVI. 1847, and this Act, as the Governor of the Presidency of Fort William in Bengal, with the approval of the Governor General of India in Council shall, from time to time, appoint.

XXXI. The Commissioners shall appoint a Secretary, subject to the approval of the Governor of the Presidency of Fort William in Bengal, and shall also appoint a sufficient number of Assessors, Collectors, Inspectors, Appraisers, Bailiffs, and such other Officers as they deem necessary for assessing, collecting or levying the taxes imposed on the owners or occupiers of houses, buildings and grounds under the authority of the said Act of Parliament, and of this Act, and also the taxes and penalties herein mentioned, and may appoint the same persons to act both as Assessors and Collectors, and may prescribe such rules, and take such security for the due execution of the duties of such Secretary and Officers as they deem expedient; and the Secretary and Officers of the Commissioners shall receive such salaries, to be paid out of the said taxes, as the Commissioners from time to time appoint, subject to the approval of the said Governor. The Secretary and every other Officer shall be removable at the pleasure of the Commissioners, subject in the case of the Secretary, to the approval of the said Governor.

XXXII. All taxes assessed and penalties imposed under the authority or colour of the said Act of Parliament and Act XVI. 1847, or of the rules made in pursuance thereof before the passing of this Act, may be demanded, and if not duly paid, may be levied by the Commissioners acting under the authority of this Act.

XXXIII. The occupiers of houses, buildings and grounds, within the said town, shall pay such sums of money as shall be assessed upon them according to the several rates set forth in the second Schedule annexed to this Act. Where any house, building or ground is not otherwise occupied, the owner shall be deemed the occupier.

XXXIV. The Commissioners shall assess the owner, instead of the occupier of any house, building, or ground, separately occupied, which is valued by them as being worth a monthly rent less than twenty rupees, and also the owner of any house, building, or ground which is unoccupied.

XXXV. Where there is land wholly or partly covered with houses or buildings, which do not belong, or which belong only in remainder or reversion, to the owner of the land, and rent is covenanted to be paid to the owner of the land, wholly or partly irrespective of the value of the said houses, or buildings, the Commissioners may assess the owner of the land separately, in respect of the land, and the occupiers or owners of the houses, and buildings, according to their value, after deduction of the value of the land, in respect whereof the owner thereof is separately assessed.

XXXVI. The Commissioners, in their discretion may omit from their valuation and assessment any tenement of very small value, unless where there are many such belonging to the same owner, which can be conveniently valued and assessed together.

XXXVII. During any lease or agreement for a lease, or for the occupation of any house, building, or land, within the said town, made before the passing of this Act, and not providing for payment by the occupier thereof of the taxes levied under the said Act of Parliament, such occupier, if rated to pay, and actually having paid any tax for any quarter or a year under this Act, in respect of such house, building, or land, may deduct ten pie in the Rupee from his monthly rent for the month in which he has made such payment, and the next two following months, and the receipt of the Commissioners or their Collector for the said tax, shall be a sufficient voucher to warrant the occupier in making such deduction from his rent.

XXXVIII. Where any house, building or ground, within the said town, has been vacant for more than two calendar months in any quarter of a year, the rates for that quarter shall be remitted, provided that the owner of such house, building, or land, shall have given notice of the vacancy thereof, at the office of the Commissioners, within seven days next after the day on which the Commissioners have given notice of their meeting for confirming the rate, if it be then vacant, or if not, then within seven days next after the day on which it becomes vacant.

XXXIX. The first assessment to be made under this Act shall be made on, or after the First day of November 1851, for the months of November and December 1851, and January 1852; and, when made, shall be taken to supersede and annul any previous assessment made by the Justices for the same period; and every following assessment shall in like manner be made pros-

pectively for the quarter of a year in which it is made.

XL. The assessment of the taxes specified in this Act, and in the second Schedule hereunto annexed, shall be made by the said Commissioners, or any of them, or any Assessor or Assessors appointed by them; but shall in every case require to be confirmed at a Meeting of the Commissioners; and the said Commissioners shall cause such assessments, when made, and confirmed, to be entered in books to be kept in their office, and the entries for such assessments in the said books, authenticated by the signatures of the Commissioners, or any three of them, shall be conclusive evidence of the several assessments therein specified.

XLI. The Commissioners shall give at least fourteen days' notice by advertisement in the *Calcutta Gazette*, of the day and hour when they will meet in their office, for the purpose of revising and confirming the said assessment; and every person who deems himself aggrieved in any respect by the said assessment, and is desirous of appealing against the same, must attend such meeting; and the Commissioners may adjourn such meeting, if necessary, from day to day; and, after hearing and determining all objections to the assessment, shall make such amendments therein as to them appear just, and finally confirm the same as so amended.

XLII. The books containing the proposed assessment shall be in the office of the Commissioners during the said period of fourteen days, or more, open at all reasonable times to the inspection of all persons assessed therein.

XLIII. Any person who has objected to the assessment on any ground before the Commissioners, and who shall be dissatisfied with their decision, may appeal, on the same ground of objection, but not on any other, to the Calcutta Court of Small Causes, in a suit in which the Commissioners shall be made defendants; and the judgment of the Court shall be for confirming, or for altering, the assessment so complained of, in such manner as to the Court shall seem just which judgment shall be final, and binding, as well on the Commissioners, as on the appellant; and such suit shall be deemed to be brought for recovery of the difference between the assessment, as confirmed by the Commissioners, and as required to be altered by the appellant.

XLIV. The Commissioners shall be entitled to appear to answer any such suit by one of their Assessors, or other Officers appointed by them for the purpose, and to defray all costs and charges which they shall incur by reason of any such suit, out of the taxes levied under this Act.

XLV. No proceeding for levy and recovery of any assessment made and confirmed by the Commissioners shall be stayed or avoided by reason of any such appeal to the Court of Small Causes: but if, upon such judgment, it appears that any person has paid more than he ought to have paid, the difference shall be allowed to him by the Commissioners in the next rate, or repaid to him, if he is not liable to be again rated.

XLVI. The taxes specified in this Act and the second Schedule hereunto annexed, shall be due and payable from and after the end of the quarter of a year, or other period for which they are made.

XLVII. When the taxes specified in this Act, and the second Schedule hereunto annexed, shall be due and payable, or as soon after as convenient, the said Commissioners shall send, or cause to be sent to the persons severally liable to pay any of such taxes, a statement or bill in the form (A) contained in the third Schedule annexed to this Act of the sums due from such persons respectively in respect of the said taxes.

XLVIII. When any person shall be in arrear of the payment of the said taxes specified in this Act, and the second Schedule hereunto annexed, the said Commissioners, or any one of them, or their Officer duly authorized by them may issue, or cause to be issued and served upon such person, a Notice of Demand in the form (B,) contained in the third Schedule annexed to this Act, and if he shall not within five days from the service of such Notice of Demand pay the arrear due from him, according to the tenor of such Notice of Demand, the said Commissioners, or any one of them, or their Officer duly authorized by them may issue and serve, or cause to be issued and served upon such person a summons to pay in the form (C,) contained in the third Schedule annexed to this Act, requiring such person to appear before the said Commissioners, or any one or more of them, on a day and at an hour and place to be named in such summons.

XLIX. On the appearance of the party summoned, the said Commissioners, or any one or more of them may make such further enquiry into the case, as to them or him seems just, and may make such order for the payment of the whole or any part of the amount assessed, or may make such abatement for, or in respect of any overcharge in the said assessment as to them, or him seems just; and, in case of the non-appearance of the party summoned, the said Commissioners, or any one or more of them, on proof of service of the said summons, and on making such further enquiry into the case as to them, or him seems just, may decide the claim in like manner as if the said party were present, and may make such order for the payment of the whole or any part of the amount assessed, or may make such abatement for, or in respect of any overcharge in the said assessment as to them, or him seems just.

L. In order that the Commissioners may be better informed of the value of any house, building, or ground, or in any other matter relating to their duty under this Act, and the execution thereof, the Commissioners or any one of them, or their officer duly authorized by them may issue a summons, in the form (D,) contained in the third Schedule annexed to this Act, to any person whom they are desirous of examining for that purpose; and any one or more of the said Commissioners may examine such person, so summoned, at a meeting of the Commissioners, concerning the value of such house, building or ground, or other matter relating to the assessment; and such examination shall be taken down in writing, in such manner, as the Commissioners may order; and in case the answers of such person so examined shall appear to the said Commissioners to be evasive or untrue, or in case the party summoned shall refuse to answer any lawful question of the Commissioners, or any one of them, or shall be proved to have refused to receive, or to have wilfully destroyed, defaced or unlawfully detained any Schedule, Bill, Summons, or Notice of Demand served upon him, with intent to evade being lawfully rated to the full amount of any of the said taxes due from him, or with intent to avoid, or delay payment thereof, or

shall be proved knowingly, or through gross negligence to have given any false information, either verbally or in writing, to the said Commissioners, or any of them, or any of their Assessors or Officers, whereby they or any Assessor or person employed by them shall be misled in making any assessment, or in case the party summoned shall refuse, or without lawful excuse neglect to appear before the said Commissioners, in pursuance of such summons, such person shall for any of the abovementioned offences be liable to such penalty, not exceeding one hundred rupees, as shall be set on him by the said Commissioners.

LI. All arrears of taxes and penalties due under the said Statute 33 George III., Act XVI. 1847, and this Act, and the costs and charges of recovering the same may be recovered at any time after the day on which the person liable to pay such arrears has been summoned to appear before the Commissioners, as provided by Section XLVIII. under a warrant to be issued for that purpose under the hand and seal of one of the said Commissioners, by distress and sale of any goods and chattels within the Town of Calcutta, belonging to the person liable to make good the same or referred to in any proceeding in respect of which any such penalty is imposed, or costs and charges incurred, or being at any time within the house or building, or upon the ground in respect of which any such assessment is made: and every such Warrant of Distress may be in the form (E,) contained in the third Schedule annexed to this Act.

LII. The Bailiff shall make an inventory of all goods and chattels seized under any such warrant, and shall give a notice in writing in the form (F,) contained in the third Schedule annexed to this Act, to the person in possession thereof at the time of the seizure, that the said goods and chattels will be appraised and sold in manner therein mentioned.

LIII. If the warrant is not in the meantime discharged or suspended by one or more of the said Commissioners, the goods and chattels seized shall be appraised and sold under the orders of the Commissioners, who shall apply the proceeds in discharge of the arrears, or penalty, and costs, and the surplus, if any, shall be returned, on demand, to the person in possession of the goods and chattels at the time of the seizure; and the fees upon every such proceeding shall be such as are contained in the Table contained in the fourth Schedule annexed to this Act.

LIV. Instead of proceeding by distress and sale, the Commissioners, if they think fit, may authorize any Collector or other Officer to sue the person liable to pay any rates, taxes or penalties under the said Statute 33 George III., Act XVI. 1847, or this Act, for any arrears of such rates, taxes or penalties, in the Calcutta Court of Small Causes; and all such suits may be prosecuted by such Collector or other Officer in the name of the Commissioners; and the costs, if any, incurred in any such suit, which are not recovered in the suit may be defrayed out of the taxes levied under this Act.

LV. Every Bill, Notice, Schedule, Summons or Notice of Demand regarding any taxes under the said Act of Parliament, Act XVI. of 1847, or this Act, may be served personally upon the person to whom the same is addressed or left with his door-keeper, or some inmate of his place of abode; and when any person shall, by keeping his place of abode or business closed, or by absconding, or by violence or threats, prevent any Officer or Servant of the said Commissioners from serving any Bill, Notice, Schedule, Summons or Notice of Demand as herein directed, such Bill, Notice, Schedule, Summons or Notice of Demand shall be duly served, by fixing the same conspicuously on some part of the outer wall, gate or door of the house or place of business, or of the enclosure in which it stands.

LVI. No distress levied under the authority of this Act shall be unlawful, nor shall any party making the same be deemed a trespasser on account of any defect or want of form in the Notice, Schedule, Summons, Notice of Demand, Warrant of Distress, Inventory or other proceeding relating thereto, nor shall he be a trespasser from the beginning on account of any irregularity afterwards committed by him.

LVII. The said Commissioners shall, from time to time, subject to the approval of the Governor of the Presidency of Fort William in Bengal, make rules for regulating their proceedings under this Act, and for the regulation of the time and manner of assessing, demanding and collecting the taxes specified in this Act, and the Schedules hereunto annexed, and for altering any of the forms set forth in the said Schedules.

LVIII. The goods and chattels of the owner of any house, building or ground rated under the said Statute 33, Geo. III., Chapter LII., Section 158, Act XVI. 1847, or this Act, shall be liable to be distrained anywhere (except goods and chattels concealed as hereinafter mentioned) for deficiency in the payment of rates; and it shall not be necessary in any assessment, rate or tax, or warrant of distress under the said Statute, Act XVI. 1847, or this Act, to specify the names of the owners or occupiers of houses, buildings, or grounds; but it shall be sufficient if the house, building, or ground in respect of which the tax is assessed be identified, and in the case of houses numbered in any street, that the name of the street and the number of the house be specified.

LIX. All goods and chattels, which shall be found upon any premises rated, shall be liable to be distrained for any penalties incurred by any owner or occupier thereof, or for any arrears of rates or taxes assessed in respect thereof; and, if the said goods and chattels belong to the occupier of such premises, and the distraint is made in respect of any arrear of tax for any time during which he was not an occupier thereof, or which under this Act is charged on the owner instead of the occupier, or for any penalty for which such occupier is not personally liable, such occupier may deduct the amount of the levy made upon his goods and chattels or of any payment made by him in order to prevent such levy from thefollowing payments of his rent. If they belong to any person other than the occupier of the premises, or, if no further rent is payable by such occupier, he may in such case recover the amount so paid or leviel by suit in the Calcutta Court of Small Causes from the owner of the premises, as for money paid on his behalf.

LX. Every person shall be entitled to have from the Secretary to the Commissioners, on application at their Office, and on payment of a fee of four annas, a certificate specifying the last quarter in respect of which the taxes on account of any house, building or ground are paid.

LXI. When there is reason to believe that goods and chattels, liable to distress under the said Statute, Act XVI. 1847, or this Act, are concealed in any zenana, the officer charged with the execution of the warrant shall make a special report to the Commissioner granting the same, who shall thereupon follow as closely as may be the rules for the seizure of goods and chattels in like cases adopted by Her Majesty's Supreme Court of Judicature.

LXII. Every person, who wilfully obstructs or molests the said Commissioners, or any one of them or their Secretary, or any of their Officers or servants in the performance of their respective duties under the said Act of Parliament or this Act, shall be liable, on summary conviction before a Justice of the Peace on his own confession, or the oath of one or more witnesses, to forfeit and pay a penalty not exceeding fifty rupees.

LXIII. No suit other than such appeal against a rate as aforesaid shall be brought against the Commissioners or any of them or their Officers for any thing done under authority or colour of this Act, until twenty-one days' notice thereof has been given in writing to the person against whom the suit is intended to be brought, nor after sufficient satisfaction or tender thereof has been made to the person aggrieved, nor after three calendar months next after the act committed for which such suit is brought.

LXIV. In any such suit the defendant may plead the general issue and give this act and any special matter in evidence on the trial; and, if the act complained of shall appear to have been lawfully done under authority of this Act, or if it shall appear that such suit was brought before such notice given thereof as aforesaid, or that sufficient satisfaction was made or tendered as aforesaid, or if any such suit shall be begun after the end of the said period of three calendar months, judgment shall be given for the defendant.

LXV. If in any such suit judgment be given for the defendant, or if the plaintiff be nonsuited or discontinue the said suit, the defendant shall be entitled to his costs as between attorney and client, and shall have such remedy for recovery thereof, as any defendant has for his costs in any other case by law.

LXVI. The whole proceeds of the said taxes, after paying all salaries, establishments and incidental expenses of the said Commissioners, shall, with such monies as the Governor of the Presidency of Fort William in Bengal, with the sanction of the Governor General of India in Council, may direct to be paid to the said Commissioners, be applied by them to the following purposes, that is to say—

1st. Cleansing, repairing, lighting and watering the roads and streets.

2dly. Constructing new drains and sewers, and cleansing and repairing or filling up and abolishing old drains and sewers.

3dly. Filling up stagnant pools of water, holes in the earth and all receptacles for filth and rubbish, and removing obstructions in or on the roads, and to the free circulation of air.

4thly. Formation of Tanks and Aqueducts for the conveyance of water to all parts of the Town.

5thly. Opening of Streets and Squares in crowded parts of the Town.

6thly. Improving and embellishing the said Town generally.

LXVII. In construing this Act all words used in the singular number shall be held to include several persons and things, and words in the plural shall be held to include the singular number, and all words importing the masculine gender shall extend and be applied to females as well as males, unless there is something in the context inconsistent with such construction.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 18th July 1851, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

Act No. X. of 1851.

To amend Act XX. 1841 for the administration of personal Estate of deceased persons.

For amendment and extension of the power to grant Certificates of Administration of the personal Estate of deceased persons under Act XX. 1841, It is enacted as follows:

I. In the case of disputes among persons, claiming to be jointly entitled to be proprietors of any public Securities of the East India Company, as the representatives of any deceased person, the District or Zillah Judge, whenever sufficient cause shall be shewn to him, and on the request of any such claimant, may grant a Certificate of Administration of the personal Estate of the deceased, so far as concerns the said Securities, according to Act XX. 1841, to such person as shall be from time to time appointed by the Governor of Bengal, and Governors of Madras and Bombay in Council respectively, to act as Trustee under this Act; and shall specify in such Certificate the several persons appearing to him to be such proprietors, and their several shares; and the said Trustee, by virtue of such Certificate, shall be entitled to receive and give discharges for the interest accruing due on such Securities; and shall account for, and pay the sum, to the several persons specified in the Certificate to be thereunto entitled, according to the shares therein set forth; and shall be empowered to act in all other respects concerning the said Securities as Agent for such persons; and shall be entitled to the same rate of Commission upon all such transactions as is allowed to the Government Agent for the time being on the like transactions, as Agent of the public creditors of the East India Company, by any regulations from time to time made by the Governor General of India in Council: Provided nevertheless that the right of any other person to recover the whole or any part of the monies so paid, by regular suit against all or any of the persons to whom the same have been paid, shall not be affected by this Act.

II. If any such disputes, among persons claiming to be proprietors of public Securities of the East India Company, are not ended within two years from the date of the Certificate of Administration granted by any District or Zillah Judge, the said Trustee may apportion the principal sum of the said Securities rateably among the parties appearing from the aforesaid Certificate to be proprietors thereof, and may apply for and receive new Securities from the proper Officer appointed to issue the same, in the respective names of the several parties certified to be entitled thereto; provided that such new Securities shall be issued only according to the rules in use for the regulation and issue of such public Securities; and the receipt of the said Trustee for such new Securities, by endorsement on the old Securities or otherwise, shall be a legal discharge to the East India Company against the disputing parties claiming to be entitled to the several amounts for which such Securities shall be issued: Provided always that, if the amount of any Securities in dispute or any part thereof, shall not be sufficient to admit of their rateable division according to the Rules applicable to the issue of such Securities, the said Trustee may sell, and dispose of the disputed Securities, or such part as shall be necessary under this provision, and apportion the proceeds thereof among the parties entitled to receive the same.

III. Every such Certificate, granted to the Trustee appointed under this Act, shall be taken to supersede and annul any previous Certificate given of a half or any other share in the said personal Estate, so far as concerns the said Securities.

IV. As regards Residents in Foreign States, out of the jurisdiction of British Courts of Justice, a Certificate of Administration to personal Estates granted by the British Representative accredited to that State, or as regards the Residents in any district to which Act XX. 1841 does not extend, such Certificate granted by the British Officer in that district, holding the highest executive authority, shall have the same effect, as regards public Securities of the East India Company, as a Certificate granted to a native subject of Her Majesty under the provisions of Act XX. 1841, as amended by this Act.

V. This Act shall be construed with and as part of Act XX. 1841.

For the better suppression of fraudulent practices in the Cotton Trade in Bombay, It is enacted as follows:

I. Any person who, in the Islands of Bombay or Colaba, shall fraudulently mix Cotton of different growth or qualities in one bale, usually termed false packing, shall be deemed guilty of a misdemeanour.

II. Any person who, in the Islands of Bombay or Colaba, shall fraudulently deteriorate Cotton by exposing it by night to heavy dews, or putting with it uncleaned Cotton, commonly called Kuppas, or by means of dirt, stones, earth, water, or any other substance, or in any other way fraudulently deteriorate it with the view of making it heavier, and packing it in that state, shall be deemed guilty of a misdemeanour.

IV. Any person who, in the Islands of Bombay or Colaba, shall knowingly and wilfully have in his possession any such mixed or adulterated Cotton as aforesaid, with a view to any fraudulent sale or disposition thereof, shall be deemed guilty of a misdemeanour.

V. Any person committing a misdemeanour against this Act shall be tried summarily for the same before the Court of Petty Sessions at Bombay, and on conviction shall be liable to a fine not exceeding Rupees One Thousand, or imprisonment, with or without hard labour, not exceeding twelve months, and at the discretion of such Court to both fine and imprisonment: Provided always that it shall be lawful for the Chairman of the said Court to commit, or hold to bail, any person charged with any misdemeanour under this Act to take his trial in the Supreme Court.

VI. All Cotton in the Islands of Bombay or Colaba, which shall be fraudulently mixed, as mentioned in the first Section of this Act, shall be liable to confiscation.

VII. The said Court of Petty Sessions, upon credible information on oath of any Cotton liable to confiscation under this Act being in Bombay or Colaba, may order the seizure thereof, and the Chairman of such Court may issue a warrant for searching for, and seizing the same, and upon the same being proved to the satisfaction of the said Court to be liable to confiscation, may order the confiscation thereof, whereupon the same shall be confiscated, and the said Court of Petty Sessions shall cause an intimation of every such confiscation to be forthwith given to the Collector of Customs at Bombay, who shall forthwith cause a valuation of the confiscated Cotton to be made, and furnish the same to the said Court of Petty Sessions, who shall thereupon make over the confiscated Cotton, with the valuation thereof, to the Bombay Government.

VIII. All fines levied under this Act shall be paid into the General Treasury at Bombay.

IX. The said Court of Petty Sessions as to any fine paid to such Court, or Cotton confiscated by its order under this Act, and the Supreme Court as to any fine on conviction in such Court, respectively, may award the whole or any part of the fines recovered, and any portion of the valuation by the said Collector of Customs of confiscated Cotton, not exceeding two-thirds of the amount of such valuation, to be paid to the informer or informers, whose information shall have led to the conviction of the offender, or confiscation of the Cotton respectively, and may grant such informer or informers an order on the General Treasury at Bombay for the amount so awarded.

X. Nothing in this Act shall affect the Civil rights of any parties defrauded by any offender against this Act, but they may sue for the same as if this Act had not been passed.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 18th day of October next.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 25th July, 1851.

The following Extract from the Proceedings of the Hon'ble the President of the Council of India in Council in the Legislative Branch of the Home Department, under date the 25th of July 1851, is published for general information.

Read a second time the Draft of a proposed Act, dated the 7th February 1851, and published in the *Calcutta Gazette* of the 12th February 1851.

Resolution.—The President in Council resolves that the following amended Draft on the subject be published for general information.

ACT No. —— OF 1851.

For constituting Commissioners for the Improvement of the Town of Calcutta.

Whereas Act XVI. 1847 for constituting Commissioners for the improvement of the Town of Calcutta has been found inconvenient and ineffectual for the intended purposes thereof, It is enacted as follows:

I. Act XVI. 1847 is repealed, except as to any thing done or forborne to be done under the said Act before the passing of this Act, but not so as to revive Act XX. 1840. Provided always that the taxes on the owners and users of Carriages, Carts and Horses, imposed by Act XVI. 1847, may be assessed, levied and recovered for the quarter of a year ending with the First day of November 1851, as if the said Act were not repealed.

II. The several schemes of election agreed upon by the owners and occupiers of assessed houses, buildings and lands in each division of the Town, and the rules made by the Commissioners, severally approved by the Deputy Governor of the Presidency of Fort William in Bengal and President of the Council of India in Council, in pursuance of the said Act, are rescinded and annulled.

III. For the purposes of this Act the Town of Calcutta shall be divided into two divisions: that is to say, a northern and southern division, by a line passing from the river Hooghly at the old Fort Ghaut along the centre of Fairlie Place, Clive Street, the street on the northern side of Tank Square, Loll Bazaar, Bow Bazaar and Boitaconnah; or such other two divisions as the Governor of the Presidency of Fort William in Bengal, from time to time, may appoint: and, whenever any such new division shall be made, the provisions of this Act, with respect to the divisions herein defined, shall be deemed to apply thenceforth to such new divisions.

IV. There shall be four Commissioners for executing the powers of this Act, who shall be styled the Commissioners for the improvement of the Town of Calcutta, of whom two shall be appointed by the Governor of the Presidency of Fort William in Bengal, and two shall be elected as hereinafter provided, that is to say, one for each division of the said Town.

V. The Commissioners shall enter upon their office on the First day of November in each year, and shall hold their office regularly for one year, or until their successors are duly constituted; and until the first constitution of Commissioners under this Act, the Commissioners now acting in the execution of the said Act XVI. 1847, shall exercise the powers of this Act, and shall be deemed Commissioners under this Act.

VI. Every person is entitled to vote in the yearly election of a Commissioner under this Act, who is liable to pay not less than three rupees in the whole for a quarter of a year, in respect of any house, building or ground in either division of the said Town, and who, on or before the 20th day of September in each year, has paid all such taxes due from him up to the last day of April, in the same year.

VII. The vote of every person entitled to vote, whose quarterly payments are in the whole not less than twenty rupees, shall count as two votes, and if they are not less than fifty rupees as three votes.

VIII. Each voter is entitled to vote in that division only, in which he is rated to the amount which constitutes his qualification: and the qualification of a voter to have one, two or three votes, must be complete in one division: but a person, who is rated to the qualifying amount in each division, may be entitled to vote in both.

IX. All elections under this Act shall be under the management of the Sheriff of Calcutta, who shall appoint a sufficient number of Deputies to help him in presiding thereat: and every Deputy, while so acting for the Sheriff, shall have the same powers and duties as the Sheriff with respect to the division for which he is acting.

X. The elective Commissioners shall be chosen yearly, on a day between the Fifteenth day of October and First day of November, to be appointed in each year by the Sheriff of Calcutta, of which day, and also of the place of election, the Sheriff shall give notice, by advertisement in the *Calcutta Gazette*, Fifteen days at least before the day of election.

XI. The place of election for each division of the Town shall be the Town Hall of Calcutta, or such other place as the Sheriff, with the sanction of the Governor of the Presidency of Fort William in Bengal, shall, from time to time, appoint.

XII. The voting shall begin at eight of the clock in the morning, and end at five of the clock in the afternoon of the appointed day; but the Sheriff, if he thinks fit, may declare the election completed for any division in which no vote is tendered for any candidate during any period of thirty minutes after ten of the clock in the morning.

XIII. Every person qualified to vote in the election, and none other, is qualified to be appointed, or to be a candidate for election as a Commissioner.

XIV. Every candidate shall, ten days at least before the day of election, give notice thereof in writing to the Sheriff, naming the division for which he is a candidate, and shall at the same time produce to, and leave with the Sheriff a certificate from the Secretary to the Commissioners that he is qualified to be a candidate, which certificate the Secretary shall be bound to give without fee or charge, on personal application, to any person duly qualified.

XV. All expenses of the election of Commissioners, including the expense of advertising the time and place of election, shall be defrayed by the candidates; and every candidate shall, at the time when he produces to the Sheriff his certificate of qualification, deposit with the Sheriff the sum of two hundred rupees toward the expenses of the election, and in default thereof shall not be qualified to be elected.

XVI. If the whole amount so deposited shall not be spent by the Sheriff in such election, the residue shall be returned to the candidates in equal proportions; and, if the whole amount so deposited is not enough to defray the expense of such election, the Sheriff shall be entitled to receive from each candidate his proportionate share of the surplus expense, and in default of payment may sue for, and recover the same, as money spent on behalf of such candidate.

XVII. The Commissioners shall cause to be prepared, in each year, after the year 1851, correct alphabetical lists of the persons qualified to vote in each division of the Town, which lists shall be open for inspection at the office of the said Commissioners, on or before the First day of October in each year, during all reasonable hours of the day, until the day of election, when the said lists, or copies thereof shall be taken to the place of election for the use of the Sheriff and his Deputies.

XVIII. The Secretary to the Commissioners, on the written application of any person qualified to vote as aforesaid, signed by himself, specifying the division, street and number, or other description of every house, or building, or the land in respect of which the claim is made, and delivered, on some day when the office is open between the 1st and 15th days of October, both inclusive, with the receipted assessment bills, shewing that the applicant has paid the rates, or taxes required by this Act to qualify him to vote, shall give to such person a voting ticket according to his qualification.

XIX. The voting tickets shall be signed by the Secretary to the Commissioners, and shall be in the form contained in the first Schedule annexed to this Act, or in such other form as shall be, from time to time, adopted by the Commissioners, with the approval of the Governor of the Presidency of Fort William in Bengal, and shall be conclusive evidence that the person named therein is entitled to vote at the next election of a Commissioner in the division for which the ticket is given according to the tenor thereof.

XX. At the time and place appointed for the election, the Sheriff or his Deputies shall attend with two closed boxes with openings in each box for the reception of voting tickets, and distinguished from each other, by having marked or painted legibly, in English and Bengallee characters, the word "northern" on one box, and the word "southern" on the other.

XXI. Every voter, having obtained his voting ticket in each division in which he is qualified to vote, and having written thereon the name of the candidate for whom he wishes to vote, and having signed the same, shall personally attend at the place of election, and shall deliver his voting ticket to the Sheriff, or one of his Deputies presiding at the election for that division, who, on being satisfied of the identity of the person tendering the voting ticket with the person whose signature it bears, shall deposit such voting ticket in the box of the division.

XXII. The Secretary, Assessors, Collectors and Collecting Sircars of the Commissioners, and if required by any candidate, an agent appointed by writing under his hand on his behalf, shall attend at the place of election during the continuance thereof, for the purpose of assisting in identifying the persons who shall tender voting tickets.

XXIII. The decision of the Sheriff, or his Deputy, admitting or rejecting any disputed vote tendered at any election, shall be conclusive as to the reception of the vote.

XXIV. As soon as the election for any division is completed, the Sheriff or his Deputies, in the presence of the candidates, or such of them as choose to be present, or of scrutineers appointed in writing under their several hands, shall ascertain the number of votes given for each candidate in each division; and the Sheriff shall thereupon publicly declare the name of the candidate in each division for whom the greatest number of votes has been given in such division, and shall declare such candidate to be duly elected a Commissioner for the improvement of the Town of Calcutta.

XXV. If two or more candidates in one division of the Town shall have the same number of votes, the Governor of the Presidency of Fort William in Bengal shall appoint one of the candidates, having such equal number of votes, to be one of the elective Commissioners for the improvement of the Town of Calcutta.

XXVI. The result of every election shall be certified by the Sheriff to the Governor of the Presidency of Fort William in Bengal, who will cause notice thereof to be given in the *Calcutta Gazette*.

XXVII. If any vacancy from any cause whatever happens before the month of October in any year among the Commissioners, the Governor of the Presidency of Fort William in Bengal shall appoint a person qualified to be elected to fill such vacancy, and the Commissioner appointed to fill such vacancy shall be a Commissioner as if he had been elected at the then last general election of Commissioners.

XXVIII. The powers and duties which, by an Act passed in the thirty-third year of the reign of King George the Third, numbered as Chapter LII., were conferred and imposed on the Justices of the Peace within or for the Presidency of Fort William in Bengal, in regard to the assessment, collection and disbursement of the taxes thereby authorized to be assessed by them on the owners or occupiers of houses, buildings and grounds, shall be exercised and performed by the said Commissioners, instead of the said Justices of the Peace; and the powers and duties by any other Act conferred on, or belonging to the Commissioners constituted under the said Act XVI. 1847, and their Officers shall be transferred to, and belong to the Commissioners constituted under this Act, and their Officers respectively; and so much of the said Act of Parliament as gives power to the Justices to levy the said assessments by warrants of distress and sale, is repealed.

XXIX. Of the two Commissioners yearly appointed by the Governor of the Presidency of Fort William in Bengal, one shall be President of the Commissioners. In the absence of the President, such other Commissioner shall act as Chairman of the meetings of the Commissioners as shall be chosen by those present. On all questions on which the Commissioners present are equally divided in opinion, the President shall have a second or casting vote. Three Commissioners shall be necessary to constitute a meeting.

XXX. The Commissioners shall severally receive such monthly salaries, not exceeding two hundred and fifty rupees each, to be paid out of the taxes levied under the said Act of Parliament, and Act XVI. 1847, and this Act, as the Governor of the Presidency of Fort William in Bengal, with the approval of the Governor General of India in Council shall, from time to time, appoint.

XXXI. The Commissioners shall appoint a Secretary, subject to the approval of the Governor of the Presidency of Fort William in Bengal, and shall also appoint a sufficient number of Assessors, Collectors, Inspectors, Appraisers, Bailiffs, and such other Officers as they deem necessary for assessing, collecting or levying the taxes imposed on the owners or occupiers of houses, buildings and grounds under the authority of the said Act of Parliament, and of this Act, and also the taxes and penalties herein mentioned, and may appoint the same persons to act both as Assessors and Collectors, and may prescribe such rules, and take such security for the due execution of the duties of such Secretary and Officers as they deem expedient; and the Secretary and Officers of the Commissioners shall receive such salaries, to be paid out of the said taxes, as the Commissioners from time to time appoint, subject to the approval of the said Governor. The Secretary and every other Officer shall be removable at the pleasure of the Commissioners, subject in the case of the Secretary, to the approval of the said Governor.

XXXII. All taxes assessed and penalties imposed under the authority or colour of the said Act of Parliament and Act XVI. 1847, or of the rules made in pursuance thereof before the passing of this Act, may be demanded, and if not duly paid, may be levied by the Commissioners acting under the authority of this Act.

XXXIII. The occupiers of houses, buildings and grounds, within the said town, shall pay such sums of money as shall be assessed upon them according to the several rates set forth in the second Schedule annexed to this Act. Where any house, building or ground is not otherwise occupied, the owner shall be deemed the occupier.

XXXIV. The Commissioners shall assess the owner, instead of the occupier of any house, building, or ground, separately occupied, which is valued by them as being worth a monthly rent less than twenty rupees, and also the owner of any house, building, or ground which is unoccupied.

XXXV. Where there is land wholly or partly covered with houses or buildings, which do not belong, or which belong only in remainder or reversion, to the owner of the land, and rent is covenanted to be paid to the owner of the land, wholly or partly irrespective of the value of the said houses, or buildings, the Commissioners may assess the owner of the land separately, in respect of the land, and the occupiers or owners of the houses, and buildings, according to their value, after deduction of the value of the land, in respect whereof the owner thereof is separately assessed.

XXXVI. The Commissioners, in their discretion may omit from their valuation and assessment any tenement of very small value, unless where there are many such belonging to the same owner, which can be conveniently valued and assessed together.

XXXVII. During any lease or agreement for a lease, or for the occupation of any house, building, or land, within the said town, made before the passing of this Act, and not providing for payment by the occupier thereof of the

taxes levied under the said Act of Parliament, such occupier, if rated to pay, and actually having paid any tax for any quarter or a year under this Act, in respect of such house, building, or land, may deduct ten pie in the Rupee from his monthly rent for the month in which he has made such payment, and the next two following months, and the receipt of the Commissioners or their Collector for the said tax, shall be a sufficient voucher to warrant the occupier in making such deduction from his rent.

XXXVIII. Where any house, building or ground, within the said town, has been vacant for more than two calendar months in any quarter of a year, the rates for that quarter shall be remitted, provided that the owner of such house, building, or land, shall have given notice of the vacancy thereof, at the office of the Commissioners, within seven days next after the day on which the Commissioners have given notice of their meeting for confirming the rate, if it be then vacant, or if not, then within seven days next after the day on which it becomes vacant.

XXXIX. The first assessment to be made under this Act shall be made on, or after the First day of November 1851, for the months of November and December 1851, and January 1852; and, when made, shall be taken to supersede and annul any previous assessment made by the Justices for the same period; and every following assessment shall in like manner be made prospectively for the quarter of a year in which it is made.

XL. The assessment of the taxes specified in this Act, and in the second Schedule hereunto annexed, shall be made by the said Commissioners, or any of them, or any Assessor or Assessors appointed by them; but shall in every case require to be confirmed at a Meeting of the Commissioners; and the said Commissioners shall cause such assessments, when made, and confirmed, to be entered in books to be kept in their office, and the entries for such assessments in the said books, authenticated by the signatures of the Commissioners, or any three of them, shall be conclusive evidence of the several assessments therein specified.

XLI. The Commissioners shall give at least fourteen days' notice by advertisement in the *Calcutta Gazette*, of the day and hour when they will meet in their office, for the purpose of revising and confirming the said assessment; and every person who deems himself aggrieved in any respect by the said assessment, and is desirous of appealing against the same, must attend such meeting; and the Commissioners may adjourn such meeting, if necessary, from day to day; and, after hearing and determining all objections to the assessment, shall make such amendments therein as to them appear just, and finally confirm the same as so amended.

XLII. The books containing the proposed assessment shall be in the office of the Commissioners during the said period of fourteen days, or more, open at all reasonable times to the inspection of all persons assessed therein.

XLIII. Any person who has objected to the assessment on any ground before the Commissioners, and who shall be dissatisfied with their decision, may appeal, on the same ground of objection, but not on any other, to the Calcutta Court of Small Causes, in a suit in which the Commissioners shall be made defendants; and the judgment of the Court shall be for confirming, or for altering, the assessment so complained of, in such manner as to the Court shall seem just which judgment shall be final, and binding, as well on the Commissioners, as on the appellant; and such suit shall be deemed to be brought for recovery of the difference between the assessment, as confirmed by the Commissioners, and as required to be altered by the appellant.

XLIV. The Commissioners shall be entitled to appear to answer any such suit by one of their Assessors, or other Officers appointed by them for the purpose, and to defray all costs and charges which they shall incur by reason of any such suit, out of the taxes levied under this Act.

XLV. No proceeding for levy and recovery of any assessment made and confirmed by the Commissioners shall be stayed or avoided by reason of any such appeal to the Court of Small Causes: but if, upon such judgment, it appears that any person has paid more than he ought to have paid, the difference shall be allowed to him by the Commissioners in the next rate, or repaid to him, if he is not liable to be again rated.

XLVI. The taxes specified in this Act and the second Schedule hereunto annexed, shall be due and payable from and after the end of the quarter of a year, or other period for which they are made.

XLVII. When the taxes specified in this Act, and the second Schedule hereunto annexed, shall be due and payable, or as soon after as convenient, the said Commissioners shall send, or cause to be sent to the persons severally liable to pay any of such taxes, a statement or bill in the form (A) contained in the third Schedule annexed to this Act of the sums due from such persons respectively in respect of the said taxes.

XLVIII. When any person shall be in arrear of the payment of the said taxes specified in this Act, and the second Schedule hereunto annexed, the said Commissioners, or any one of them, or their Officer duly authorized by them may issue, or cause to be issued and served upon such person, a Notice of Demand in the form (B,) contained in the third Schedule annexed to this Act, and if he shall not within five days from the service of such Notice of Demand pay the arrear due from him, according to the tenor of such Notice of Demand, the said Commissioners, or any one of them, or their Officer duly authorized by them may issue and serve, or cause to be issued and served upon such person a summons to pay in the form (C,) contained in the third Schedule annexed to this Act, requiring such person to appear before the said Commissioners, or any one or more of them, on a day and at an hour and place to be named in such summons.

XLIX. On the appearance of the party summoned, the said Commissioners, or any one or more of them may make such further enquiry into the case, as to them or him seems just, and may make such order for the payment of the whole or any part of the amount assessed, or may make such abatement for, or in respect of any overcharge in the said assessment as to them, or him seems just; and, in case of the non-appearance of the party summoned, the said Commissioners, or any one or more of them, on proof of service of the said summons, and on making such further enquiry into the case as to them, or him seems just, may decide the claim in like manner as if the said party were present, and may make such order for the payment of the whole or

any part of the amount assessed, or may make such abatement for, or in respect of any overcharge in the said assessment as to them, or him seems just.

L. In order that the Commissioners may be better informed of the value of any house, building, or ground, or in any other matter relating to their duty under this Act, and the execution thereof, the Commissioners or any one of them, or their officer duly authorized by them may issue a summons, in the form (D,) contained in the third Schedule annexed to this Act, to any person whom they are desirous of examining for that purpose; and any one or more of the said Commissioners may examine such person, so summoned, at a meeting of the Commissioners, concerning the value of such house, building or ground, or other matter relating to the assessment; and such examination shall be taken down in writing, in such manner, as the Commissioners may order; and in case the answers of such person so examined shall appear to the said Commissioners to be evasive or untrue, or in case the party summoned shall refuse to answer any lawful question of the Commissioners, or any one of them, or shall be proved to have refused to receive, or to have wilfully destroyed, defaced or unlawfully detained any Schedule, Bill, Summons, or Notice of Demand served upon him, with intent to evade being lawfully rated to the full amount of any of the said taxes due from him, or with intent to avoid, or delay payment thereof, or shall be proved knowingly, or through gross negligence to have given any false information, either verbally or in writing, to the said Commissioners, or any of them, or any of their Assessors or Officers, whereby they or any Assessor or person employed by them shall be misled in making any assessment, or in case the party summoned shall refuse, or without lawful excuse neglect to appear before the said Commissioners, in pursuance of such summons, such person shall for any of the abovementioned offences be liable to such penalty, not exceeding one hundred rupees, as shall be set on him by the said Commissioners.

LI. All arrears of taxes and penalties due under the said Statute 33 George III., Act XVI. 1847, and this Act, and the costs and charges of recovering the same may be recovered at any time after the day on which the person liable to pay such arrears has been summoned to appear before the Commissioners, as provided by Section XLVIII. under a warrant to be issued for that purpose under the hand and seal of one of the said Commissioners, by distress and sale of any goods and chattels within the Town of Calcutta, belonging to the person liable to make good the same or referred to in any proceeding in respect of which any such penalty is imposed, or costs and charges incurred, or being at any time within the house or building, or upon the ground in respect of which any such assessment is made: and every such Warrant of Distress may be in the form (E,) contained in the third Schedule annexed to this Act.

LII. The Bailiff shall make an inventory of all goods and chattels seized under any such warrant, and shall give a notice in writing in the form (F,) contained in the third Schedule annexed to this Act, to the person in possession thereof at the time of the seizure, that the said goods and chattels will be appraised and sold in manner therein mentioned.

LIII. If the warrant is not in the meantime discharged or suspended by one or more of the said Commissioners, the goods and chattels seized shall be appraised and sold under the orders of the Commissioners, who shall apply the proceeds in discharge of the arrears, or penalty, and costs, and the surplus, if any, shall be returned, on demand, to the person in possession of the goods and chattels at the time of the seizure; and the fees upon every such proceeding shall be such as are contained in the Table contained in the fourth Schedule annexed to this Act.

LIV. Instead of proceeding by distress and sale, the Commissioners, if they think fit, may authorize any Collector or other Officer to sue the person liable to pay any rates, taxes or penalties under the said Statute 33 George III., Act XVI. 1847, or this Act, for any arrears of such rates, taxes or penalties, in the Calcutta Court of Small Causes; and all such suits may be prosecuted by such Collector or other Officer in the name of the Commissioners; and the costs, if any, incurred in any such suit, which are not recovered in the suit may be defrayed out of the taxes levied under this Act.

LV. Every Bill, Notice, Schedule, Summons or Notice of Demand regarding any taxes under the said Act of Parliament, Act XVI. of 1847, or this Act, may be served personally upon the person to whom the same is addressed or left with his door-keeper, or some inmate of his place of abode; and when any person shall, by keeping his place of abode or business closed, or by absconding, or by violence or threats, prevent any Officer or Servant of the said Commissioners from serving any Bill, Notice, Schedule, Summons or Notice of Demand as herein directed, such Bill, Notice, Schedule, Summons or Notice of Demand shall be duly served, by fixing the same conspicuously on some part of the outer wall, gate or door of the house or place of business, or of the enclosure in which it stands.

LVI. No distress levied under the authority of this Act shall be unlawful, nor shall any party making the same be deemed a trespasser on account of any defect or want of form in the Notice, Schedule, Summons, Notice of Demand, Warrant of Distress, Inventory or other proceeding relating thereto, nor shall he be a trespasser from the beginning on account of any irregularity afterwards committed by him.

LVII. The said Commissioners shall, from time to time, subject to the approval of the Governor of the Presidency of Fort William in Bengal, make rules for regulating their proceedings under this Act, and for the regulation of the time and manner of assessing, demanding and collecting the taxes specified in this Act, and the Schedules hereunto annexed, and for altering any of the forms set forth in the said Schedules.

LVIII. The goods and chattels of the owner of any house, building or ground rated under the said Statute 33, Geo. III., Chapter LII., Section 158, Act XVI. 1847, or this Act, shall be liable to be distrained anywhere (except goods and chattels concealed as hereinafter mentioned) for deficiency in the payment of rates; and it shall not be necessary in any assessment, rate or tax or warrant of distress under the said Statute, Act XVI. 1847, or this Act, to specify the names of the owners or occupiers of houses, buildings, or grounds; but it shall be sufficient if the house, building, or ground in respect of which the tax is assessed be identified, and in the case of houses numbered in any street, that the name of

the street and the number of the house be specified.

LIX. All goods and chattels, which shall be found upon any premises rated, shall be liable to be distrained for any penalties incurred by any owner or occupier thereof, or for any arrears of rates or taxes assessed in respect thereof; and, if the said goods and chattels belong to the occupier of such premises, and the distraint is made in respect of any arrear of tax for any time during which he was not an occupier thereof, or which under this Act is charged on the owner instead of the occupier, or for any penalty for which such occupier is not personally liable, such occupier may deduct the amount of the levy made upon his goods and chattels or of any payment made by him in order to prevent such levy from the following payments of his rent. If they belong to any person other than the occupier of the premises, or, if no further rent is payable by such occupier, he may in such case recover the amount so paid or levied by suit in the Calcutta Court of Small Causes from the owner of the premises, as for money paid on his behalf.

LX. Every person shall be entitled to have from the Secretary to the Commissioners, on application at their Office, and on payment of a fee of four annas, a certificate specifying the last quarter in respect of which the taxes on account of any house, building or ground are paid.

LXI. When there is reason to believe that goods and chattels, liable to distress under the said Statute, Act XVI. 1847, or this Act, are concealed in any zenana, the officer charged with the execution of the warrant shall make a special report to the Commissioner granting the same, who shall thereupon follow as closely as may be the rules for the seizure of goods and chattels in like cases adopted by Her Majesty's Supreme Court of Judicature.

LXII. Every person, who wilfully obstructs or molests the said Commissioners, or any one of them or their Secretary, or any of their Officers or servants in the performance of their respective duties under the said Act of Parliament or this Act, shall be liable, on summary conviction before a Justice of the Peace on his own confession, or the oath of one or more witnesses, to forfeit and pay a penalty not exceeding fifty rupees.

LXIII. No suit other than such appeal against a rate as aforesaid shall be brought against the Commissioners or any of them or their Officers for any thing done under authority or colour of this Act, until twenty-one days' notice thereof has been given in writing to the person against whom the suit is intended to be brought, nor after sufficient satisfaction or tender thereof has been made to the person aggrieved, nor after three calendar months next after the act committed for which such suit is brought.

LXIV. In any such suit the defendant may plead the general issue and give this act and any special matter in evidence on the trial; and, if the act complained of shall appear to have been lawfully done under authority of this Act, or if it shall appear that such suit was brought before such notice given thereof as aforesaid, or that sufficient satisfaction was made or tendered as aforesaid, or if any such suit shall be begun after the end of the said period of three calendar months, judgment shall be given for the defendant.

LXV. If in any such suit judgment be given for the defendant, or if the plaintiff be nonsuited or discontinue the said suit, the defendant shall be entitled to his costs as between attorney and client, and shall have such remedy for recovery thereof, as any defendant has for his costs in any other case by law.

LXVI. The whole proceeds of the said taxes, after paying all salaries, establishments and incidental expenses of the said Commissioners, shall, with such monies as the Governor of the Presidency of Fort William in Bengal, with the sanction of the Governor General of India in Council, may direct to be paid to the said Commissioners, be applied by them to the following purposes, that is to say—

1st. Cleansing, repairing, lighting and watering the roads and streets.

2dly. Constructing new drains and sewers, and cleansing and repairing or filling up and abolishing old drains and sewers.

3dly. Filling up stagnant pools of water, holes in the earth and all receptacles for filth and rubbish, and removing obstructions in or on the roads, and to the free circulation of air.

4thly. Formation of Tanks and Aqueducts for the conveyance of water to all parts of the Town.

5thly. Opening of Streets and Squares in crowded parts of the Town.

6thly. Improving and embellishing the said Town generally.

LXVII. In construing this Act all words used in the singular number shall be held to include several persons and things, and words in the plural shall be held to include the singular number, and all words importing the masculine gender shall extend and be applied to females as well as males, unless there is something in the context inconsistent with such construction.

The centre of the light is 197 feet above highwater level, and at the height of 18 feet may be seen in clear weather at a distance of 7 leagues.

Rottnest Light House is in latitude 32 degrees 0 minutes 19 seconds South, longitude 115 degrees 31 minutes 18 seconds East from Greenwich, and stands 3 miles North 75 degrees East by compass from the West extremity of the Island, and 2¾ miles West by compass from its East extremity.

It is in latitude 32 degrees 3 minutes 13 seconds South, longitude 115 degrees 45 minutes 11 seconds East from Greenwich, and bears South 71 degrees East 12 miles from the revolving light on Rottnest Island.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

The examination in the Town Hall will be superintended by the Council of Education. The Secretary to the Council will daily give out the questions, and collect the answers, assisted by the other member of the Council of Education on duty.

V. The following "rules for the examination of candidates for insertion in the list directed to be annually furnished to Government, by the notification of the Governor General, dated 10th October, 1844," are republished for general information:—

1. No one shall be allowed to become a candidate for insertion in the annual returns, who is less than 18 or more than 23 years of age and who is not at the time a student either of a Government College or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual annual examination for senior English scholarships, a Latin being substituted for a Vernacular essay, at the option of each candidate.

3. There shall be two classes of merit: the first shall comprehend all who are in the last year of a senior scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private Institution, and who obtain at least three-fourths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least half of the number of marks allowed for complete answers in each subject contained in the senior English scholarship standard.

4. The place of each successful competitor in his class shall be determined by the relative merit of his examination.

5. Every candidate for insertion in the Council's list shall pay a registration fee of Co.'s Rs 5, prior to being allowed to compete at the examination.

6 A student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

7. A candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher class.

8. All candidates, whether from Government or private Institutions, must distinctly understand, that insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements and good moral conduct.

9. The following is the system of examination adopted:

Sets of questions in the various branches of study will be prepared under the direction of the Council of Education who will likewise fix, within a reasonable time beforehand, the days on which the examinations shall be held.

The students shall be assembled in a room without books, papers, or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and will be deemed to render him ineligible for Government employment

The Council of Education will fix an uniform standard of value for each question according to its importance; a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to approximation to correctness and completeness At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a senior scholarship.

VI. The scholarship questions, with the most distinguished answers in English Literature, History, and the best Essays, will be published for general information and distribution, as soon as practicable after the receipt of the reports

Very distinguished answers from out-candidates will also be published.

With a view to facilitate the classification and examination of answers in each subject, all candidates are directed to write their answers on one side of the paper only, and to answer no more than one question on any piece of paper.

Performances not executed in conformity with the above rule will not be examined

(By order of the Hon'ble the President and Council of Education,)

ACT No. — OF 1851.

For constituting Commissioners for the Improvement of the Town of Calcutta.

Whereas Act XVI. 1847 for constituting Commissioners for the improvement of the Town of Calcutta has been found inconvenient and ineffectual for the intended purposes thereof, It is enacted as follows:

I. Act XVI. 1847 is repealed, except as to any thing done or forborne to be done under the said Act before the passing of this Act, but not so as to revive Act XX. 1840. Provided always that the taxes on the owners and users of Carriages, Carts and Horses, imposed by Act XVI. 1847, may be assessed, levied and recovered for the quarter of a year ending with the First day of November 1851, as if the said Act were not repealed.

II. The several schemes of election agreed upon by the owners and occupiers of assessed houses, buildings and lands in each division of the Town, and the rules made by the Commissioners, severally approved by the Deputy Governor of the Presidency of Fort William in Bengal and President of the Council of India in Council, in pursuance of the said Act, are rescinded and annulled.

III. For the purposes of this Act the Town of Calcutta shall be divided into two divisions; that is to say, a northern and southern division, by a line passing from the river Hooghly at the old Fort Ghaut along the centre of Fairlie Place, Clive Street, the street on the northern side of Tank Square, Loll Bazaar, Bow Bazaar and Boitaconnah; or such other two divisions as the Governor of the Presidency of Fort William in Bengal, from time to time, may appoint: and, whenever any such new division shall be made, the provisions of this Act, with respect to the divisions herein defined, shall be deemed to apply thenceforth to such new divisions.

IV. There shall be four Commissioners for executing the powers of this Act, who shall be styled the Commissioners for the improvement of the Town of Calcutta, of whom two shall be appointed by the Governor of the Presidency of Fort William in Bengal, and two shall be elected as hereinafter provided, that is to say, one for each division of the said Town.

V. The Commissioners shall enter upon their office on the First day of November in each year, and shall hold their office regularly for one year, or until their successors are duly constituted; and until the first constitution of Commissioners under this Act, the Commissioners now acting in the execution of the said Act XVI. 1847, shall exercise the powers of this Act, and shall be deemed Commissioners under this Act.

VI. Every person is entitled to vote in the yearly election of a Commissioner under this Act, who is liable to pay not less than three rupees in the whole for a quarter of a year, in respect of any house, building or ground in either division of the said Town, and who, on or before the 20th day of September in each year, has paid all such taxes due from him up to the last day of April, in the same year.

VII. The vote of every person entitled to vote, whose quarterly payments are in the whole not less than twenty rupees, shall count as two votes, and if they are not less than fifty rupees as three votes.

VIII. Each voter is entitled to vote in that division only, in which he is rated to the amount which constitutes his qualification: and the qualification of a voter to have one, two or three votes, must be complete in one division: but a person, who is rated to the qualifying amount in each division, may be entitled to vote in both.

IX. All elections under this Act shall be under the management of the Sheriff of Calcutta, who shall appoint a sufficient number of Deputies to help him in presiding thereat: and every Deputy, while so acting for the Sheriff, shall have the same powers and duties as the Sheriff with respect to the division for which he is acting.

X. The elective Commissioners shall be chosen yearly, on a day between the Fifteenth day of October and First day of November, to be appointed in each year by the Sheriff of Calcutta, of which day, and also of the place of election, the Sheriff shall give notice, by advertisement in the *Calcutta Gazette*, Fifteen days at least before the day of election.

XI. The place of election for each division of the Town shall be the Town Hall of Calcutta, or such other place as the Sheriff, with the sanction of the Governor of the Presidency of Fort William in Bengal, shall, from time to time, appoint.

XII. The voting shall begin at eight of the clock in the morning, and end at five of the clock in the afternoon of the appointed day; but the Sheriff, if he thinks fit, may declare the election completed for any division in which no vote is tendered for any candidate during any period of thirty minutes after ten of the clock in the morning.

XIII. Every person qualified to vote in the election, and none other, is qualified to be appointed, or to be a candidate for election as a Commissioner.

XIV. Every candidate shall, ten days at least before the day of election, give notice thereof in writing to the Sheriff, naming the division for which he is a candidate, and shall at the same time produce so, and leave with the Sheriff a certificate from the Secretary to the Commissioners that he is qualified to be a candidate, which certificate the Secretary shall be bound to give without fee or charge, on personal application, to any person duly qualified.

XV. All expenses of the election of Commissioners, including the expense of advertising the time and place of election, shall be defrayed by the candidates; and every candidate shall, at the time when he produces to the Sheriff his certificate of qualification, deposit with the Sheriff the sum of two hundred rupees toward the expenses of the election, and in default thereof shall not be qualified to be elected.

XVI. If the whole amount so deposited shall not be spent by the Sheriff in such election, the residue shall be returned to the candidates in equal proportions; and, if the whole amount so deposited is not enough to defray the expense of such election, the Sheriff shall be entitled to receive from each candidate his proportionate share of the surplus expense, and in default of payment may sue for, and recover the same, as money spent on behalf of such candidate.

XVII. The Commissioners shall cause to be prepared, in each year, after the year 1851, correct alphabetical lists of the persons qualified to vote in each division of the Town, which lists shall be open for inspection at the office of the said Commissioners, on or before the First day of October in each year, during all reasonable hours of the day, until the day of election, when the said lists, or copies thereof shall be taken to the place of election for the use of the Sheriff and his Deputies.

XVIII. The Secretary to the Commissioners, on the written application of any person qualified to vote as aforesaid, signed by himself, specifying the division, street and number, or other description of every house, or building, or the land in respect of which the claim is made, and delivered, on some day when the office is open between the 1st and 15th days of October, both inclusive, with the receipted assessment bills, shewing that the applicant has paid the rates, or taxes required by this Act to qualify him to vote, shall give to such person a voting ticket according to his qualification.

XIX. The voting tickets shall be signed by the Secretary to the Commissioners, and shall be in the form contained in the first Schedule annexed to this Act, or in such other form as shall be, from time to time, adopted by the Commissioners, with the approval of the Governor of the Presidency of Fort William in Bengal, and shall be conclusive evidence that the person named therein is entitled to vote at the next election of a Commissioner in the division for which the ticket is given according to the tenor thereof.

XX. At the time and place appointed for the election, the Sheriff or his Deputies shall attend with two closed boxes with openings in each box for the reception of voting tickets, and distinguished from each other, by having marked or painted legibly, in English and Bengallee characters the word "northern" on one box, and the word "southern" on the other.

XXI. Every voter, having obtained his voting ticket in each division in which he is qualified to vote, and having written thereon the name of the candidate for whom he wishes to vote, and having signed the same, shall personally attend at the place of election, and shall deliver his voting ticket to the Sheriff, or one of his Deputies presiding at the election for that division, who, on being satisfied of the identity of the person tendering the voting ticket with the person whose signature it bears, shall deposit such voting ticket in the box of the division.

XXII. The Secretary, Assessors, Collectors and Collecting Sircars of the Commissioners, and if required by any candidate, an agent appointed by writing under his hand on his behalf, shall attend at the place of election during the continuance thereof, for the purpose of assisting in identifying the persons who shall tender voting tickets.

XXIII. The decision of the Sheriff, or his Deputy, admitting or rejecting any disputed vote tendered at any election, shall be conclusive as to the reception of the vote.

XXIV. As soon as the election for any division is completed, the Sheriff or his Deputies, in the presence of the candidates, or such of them as choose to be present, or of scrutineers appointed in writing under their several hands, shall ascertain the number of votes given for each candidate in each division; and the Sheriff shall thereupon publicly declare the name of the candidate in each division for whom the greatest number of votes has been given in such division, and shall declare such candidate to be duly elected a Commissioner for the improvement of the Town of Calcutta.

XXV. If two or more candidates in one division of the Town shall have the same number of votes, the Governor of the Presidency of Fort William in Bengal shall appoint one of the candidates, having such equal number of votes, to be one of the elective Commissioners for the improvement of the Town of Calcutta.

XXVI. The result of every election shall be certified by the Sheriff to the Governor of the Presidency of Fort William in Bengal, who will cause notice thereof to be given in the *Calcutta Gazette*.

XXVII. If any vacancy from any cause whatever happens before the month of October in any year among the Commissioners, the Governor of the Presidency of Fort William in Bengal shall appoint a person qualified to be elected to fill such vacancy, and the Commissioner appointed to fill such vacancy shall be a Commissioner as if he had been elected at the then last general election of Commissioners.

XXVIII. The powers and duties which, by an Act passed in the thirty-third year of the reign of King George the Third, numbered as Chapter LII., were conferred and imposed on the Justices

of the Peace within or for the Presidency of Fort William in Bengal, in regard to the assessment, collection and disbursement of the taxes thereby authorized to be assessed by them on the owners or occupiers of houses, buildings and grounds, shall be exercised and performed by the said Commissioners, instead of the said Justices of the Peace; and the powers and duties by any other Act conferred on, or belonging to, the Commissioners constituted under the said Act XVI. 1847, and their Officers shall be transferred to, and belong to the Commissioners constituted under this Act, and their Officers respectively; and so much of the said Act of Parliament as gives power to the Justices to levy the said assessments by warrants of distress and sale, is repealed.

XXIX. Of the two Commissioners yearly appointed by the Governor of the Presidency of Fort William in Bengal, one shall be President of the Commissioners. In the absence of the President, such other Commissioner shall act as Chairman of the meetings of the Commissioners as shall be chosen by those present. On all questions on which the Commissioners present are equally divided in opinion, the President shall have a second or casting vote. Three Commissioners shall be necessary to constitute a meeting.

XXX. The Commissioners shall severally receive such monthly salaries, not exceeding two hundred and fifty rupees each, to be paid out of the taxes levied under the said Act of Parliament, and Act XVI. 1847, and this Act, as the Governor of the Presidency of Fort William in Bengal, with the approval of the Governor General of India in Council shall, from time to time, appoint.

XXXI. The Commissioners shall appoint a Secretary, subject to the approval of the Governor of the Presidency of Fort William in Bengal, and shall also appoint a sufficient number of Assessors, Collectors, Inspectors, Appraisers, Bailiffs, and such other Officers as they deem necessary for assessing, collecting or levying the taxes imposed on the owners or occupiers of houses, buildings and grounds under the authority of the said Act of Parliament, and of this Act, and also the taxes and penalties herein mentioned, and may appoint the same persons to act both as Assessors and Collectors, and may prescribe such rules, and take such security for the due execution of the duties of such Secretary and Officers as they deem expedient; and the Secretary and Officers of the Commissioners shall receive such salaries, to be paid out of the said taxes, as the Commissioners from time to time appoint, subject to the approval of the said Governor. The Secretary and every other Officer shall be removable at the pleasure of the Commissioners, subject in the case of the Secretary, to the approval of the said Governor.

XXXII. All taxes assessed and penalties imposed under the authority or colour of the said Act of Parliament and Act XVI. 1847, or of the rules made in pursuance thereof before the passing of this Act, may be demanded, and if not duly paid, may be levied by the Commissioners acting under the authority of this Act.

XXXIII. The occupiers of houses, buildings and grounds, within the said town, shall pay such sums of money as shall be assessed upon them according to the several rates set forth in the second Schedule annexed to this Act. Where any house, building or ground is not otherwise occupied, the owner shall be deemed the occupier.

XXXIV. The Commissioners shall assess the owner, instead of the occupier of any house, building, or ground, separately occupied, which is valued by them as being worth a monthly rent less than twenty rupees, and also the owner of any house, building, or ground which is unoccupied.

XXXV. Where there is land wholly or partly covered with houses or buildings, which do not belong, or which belong only in remainder or reversion, to the owner of the land, and rent is covenanted to be paid to the owner of the land, wholly or partly irrespective of the value of the said houses, or buildings, the Commissioners may assess the owner of the land separately, in respect of the land, and the occupiers or owners of the houses, and buildings, according to their value, after deduction of the value of the land, in respect whereof the owner thereof is separately assessed.

XXXVI. The Commissioners, in their discretion may omit from their valuation and assessment any tenement of very small value, unless where there are many such belonging to the same owner, which can be conveniently valued and assessed together.

XXXVII. During any lease or agreement for a lease, or for the occupation of any house, building, or land, within the said town, made before the passing of this Act, and not providing for payment by the occupier thereof of the taxes levied under the said Act of Parliament, such occupier, if rated to pay, and actually having paid any tax for any quarter or a year under this Act, in respect of such house, building, or land, may deduct ten pie in the Rupee from his monthly rent for the month in which he has made such payment, and the next two following months, and the receipt of the Commissioners or their Collector for the said tax, shall be a sufficient voucher to warrant the occupier in making such deduction from his rent.

XXXVIII. Where any house, building or ground, within the said town, has been vacant for more than two calendar months in any quarter of a year, the rates for that quarter shall be remitted, provided that the owner of such house, building, or land, shall have given notice of the vacancy thereof, at the office of the Commissioners, within seven days next after the day on which the Commissioners have given notice of their meeting for confirming the rate, if it be then vacant, or if not, then within seven days next after the day on which it becomes vacant.

XXXIX. The first assessment to be made under this Act shall be made on, or after the First day of November 1851, for the months of November and December 1851, and January 1852; and, when made, shall be taken to supersede and annul any previous assessment made by the Justices for the same period; and every following assessment shall in like manner be made prospectively for the quarter of a year in which it is made.

XL. The assessment of the taxes specified in this Act, and in the second Schedule hereunto annexed, shall be made by the said Commissioners, or any of them, or any Assessor or Assessors appointed by them; but shall in every case require to be confirmed at a Meeting of the Commissioners; and the said Commissioners shall cause such assessments, when made, and confirmed, to be entered in books to be kept in their office, and

the entries for such assessments in the said books, authenticated by the signatures of the Commissioners, or any three of them, shall be conclusive evidence of the several assessments therein specified.

XLI. The Commissioners shall give at least fourteen days' notice by advertisement in the *Calcutta Gazette*, of the day and hour when they will meet in their office, for the purpose of revising and confirming the said assessment; and every person who deems himself aggrieved in any respect by the said assessment, and is desirous of appealing against the same, must attend such meeting; and the Commissioners may adjourn such meeting, if necessary, from day to day; and, after hearing and determining all objections to the assessment, shall make such amendments therein as to them appear just, and finally confirm the same as so amended.

XLII. The books containing the proposed assessment shall be in the office of the Commissioners during the said period of fourteen days, or more, open at all reasonable times to the inspection of all persons assessed therein.

XLIII. Any person who has objected to the assessment on any ground before the Commissioners, and who shall be dissatisfied with their decision, may appeal, on the same ground of objection, but not on any other, to the Calcutta Court of Small Causes, in a suit in which the Commissioners shall be made defendants; and the judgment of the Court shall be for confirming, or for altering, the assessment so complained of, in such manner as to the Court shall seem just which judgment shall be final, and binding, as well on the Commissioners, as on the appellant; and such suit shall be deemed to be brought for recovery of the difference between the assessment, as confirmed by the Commissioners, and as required to be altered by the appellant.

XLIV. The Commissioners shall be entitled to appear to answer any such suit by one of their Assessors, or other Officers appointed by them for the purpose, and to defray all costs and charges which they shall incur by reason of any such suit, out of the taxes levied under this Act.

XLV. No proceeding for levy and recovery of any assessment made and confirmed by the Commissioners shall be stayed or avoided by reason of any such appeal to the Court of Small Causes: but if, upon such judgment, it appears that any person has paid more than he ought to have paid, the difference shall be allowed to him by the Commissioners in the next rate, or repaid to him, if he is not liable to be again rated.

XLVI. The taxes specified in this Act and the second Schedule hereunto annexed, shall be due and payable, from and after the end of the quarter of a year, or other period for which they are made.

XLVII. When the taxes specified in this Act, and the second Schedule hereunto annexed, shall be due and payable, or as soon after as convenient, the said Commissioners shall send, or cause to be sent to the persons severally liable to pay any of such taxes, a statement or bill in the form (A) contained in the third Schedule annexed to this Act of the sums due from such persons respectively in respect of the said taxes.

XLVIII. When any person shall be in arrear of the payment of the said taxes specified in this Act, and the second Schedule hereunto annexed, the said Commissioners, or any one of them, or their Officer duly authorized by them may issue, or cause to be issued and served upon such person, a Notice of Demand in the form (B,) contained in the third Schedule annexed to this Act, and if he shall not within five days from the service of such Notice of Demand pay the arrear due from him, according to the tenor of such Notice of Demand, the said Commissioners, or any one of them, or their Officer duly authorized by them may issue and serve, or cause to be issued and served upon such person a summons to pay in the form (C,) contained in the third Schedule annexed to this Act, requiring such person to appear before the said Commissioners, or any one or more of them, on a day and at an hour and place to be named in such summons.

XLIX. On the appearance of the party summoned, the said Commissioners, or any one or more of them may make such further enquiry into the case, as to them or him seems just, and may make such order for the payment of the whole or any part of the amount assessed, or may make such abatement for, or in respect of any overcharge in the said assessment as to them, or him seems just; and, in case of the non-appearance of the party summoned, the said Commissioners, or any one or more of them, on proof of service of the said summons, and on making such further enquiry into the case as to them, or him seems just, may decide the claim in like manner as if the said party were present, and may make such order for the payment of the whole or any part of the amount assessed, or may make such abatement for, or in respect of any overcharge in the said assessment as to them, or him seems just.

L. In order that the Commissioners may be better informed of the value of any house, building, or ground, or in any other matter relating to their duty under this Act, and the execution thereof, the Commissioners or any one of them, or their officer duly authorized by them may issue a summons, in the form (D,) contained in the third Schedule annexed to this Act, to any person whom they are desirous of examining for that purpose; and any one or more of the said Commissioners may examine such person, so summoned, at a meeting of the Commissioners, concerning the value of such house, building or ground, or other matter relating to the assessment; and such examination shall be taken down in writing, in such manner, as the Commissioners may order; and in case the answers of such person so examined shall appear to the said Commissioners to be evasive or untrue, or in case the party summoned shall refuse to answer any lawful question of the Commissioners, or any one of them, or shall be proved to have refused to receive, or to have wilfully destroyed, defaced or unlawfully detained any Schedule, Bill, Summons, or Notice of Demand served upon him, with intent to evade being lawfully rated to the full amount of any of the said taxes due from him, or with intent to avoid, or delay payment thereof, or shall be proved knowingly, or through gross negligence to have given any false information, either verbally or in writing, to the said Commissioners, or any of them, or any of their Assessors or Officers, whereby they or any Assessor or person employed by them shall be misled in making any assessment, or in case the party summoned shall refuse, or without lawful excuse neglect to appear before the said Commissioners, in pursuance of such summons, such person shall for any of the abovementioned offences be liable to such penalty, not exceeding one hundred rupees, as shall be set on him by the said Commissioners.

LI. All arrears of taxes and penalties due under the said Statute 33 George III., Act XVI. 1847, and this Act, and the costs and charges of recovering the same may be recovered at any time after the day on which the person liable to pay such arrears has been summoned to appear before the Commissioners, as provided by Section XLVIII. under a warrant to be issued for that purpose under the hand and seal of one of the said Commissioners, by distress and sale of any goods and chattels within the Town of Calcutta, belonging to the person liable to make good the same or referred to in any proceeding in respect of which any such penalty is imposed, or costs and charges incurred, or being at any time within the house or building, or upon the ground in respect of which any such assessment is made: and every such Warrant of Distress may be in the form (E,) contained in the third Schedule annexed to this Act.

LII. The Bailiff shall make an inventory of all goods and chattels seized under any such warrant, and shall give a notice in writing in the form (F,) contained in the third Schedule annexed to this Act, to the person in possession thereof at the time of the seizure, that the said goods and chattels will be appraised and sold in manner therein mentioned.

LIII. If the warrant is not in the meantime discharged or suspended by one or more of the said Commissioners, the goods and chattels seized shall be appraised and sold under the orders of the Commissioners, who shall apply the proceeds in discharge of the arrears, or penalty, and costs, and the surplus, if any, shall be returned, on demand, to the person in possession of the goods and chattels at the time of the seizure; and the fees upon every such proceeding shall be such as are contained in the Table contained in the fourth Schedule annexed to this Act.

LIV. Instead of proceeding by distress and sale, the Commissioners, if they think fit, may authorize any Collector or other Officer to sue the person liable to pay any rates, taxes or penalties under the said Statute 33 George III., Act XVI. 1847, or this Act, for any arrears of such rates, taxes or penalties, in the Calcutta Court of Small Causes; and all such suits may be prosecuted by such Collector or other Officer in the name of the Commissioners; and the costs, if any, incurred in any such suit, which are not recovered in the suit may be defrayed out of the taxes levied under this Act.

LV. Every Bill, Notice, Schedule, Summons or Notice of Demand regarding any taxes under the said Act of Parliament, Act XVI. of 1847, or this Act, may be served personally upon the person to whom the same is addressed or left with his door-keeper, or some inmate of his place of abode; and when any person shall, by keeping his place of abode or business closed, or by absconding, or by violence or threats, prevent any Officer or Servant of the said Commissioners from serving any Bill, Notice, Schedule, Summons or Notice of Demand as herein directed, such Bill, Notice, Schedule, Summons or Notice of Demand shall be duly served, by fixing the same conspicuously on some part of the outer wall, gate or door of the house or place of business, or of the enclosure in which it stands.

LVI. No distress levied under the authority of this Act shall be unlawful, nor shall any party making the same be deemed a trespasser on account of any defect or want of form in the Notice, Schedule, Summons, Notice of Demand, Warrant of Distress, Inventory or other proceeding relating thereto, nor shall he be a trespasser from the beginning on account of any irregularity afterwards committed by him.

LVII. The said Commissioners shall, from time to time, subject to the approval of the Governor of the Presidency of Fort William in Bengal, make rules for regulating their proceedings under this Act, and for the regulation of the time and manner of assessing, demanding and collecting the taxes specified in this Act, and the Schedules hereunto annexed, and for altering any of the forms set forth in the said Schedules.

LVIII. The goods and chattels of the owner of any house, building or ground rated under the said Statute 33, Geo. III., Chapter LII., Section 158, Act XVI. 1847, or this Act, shall be liable to be distrained anywhere (except goods and chattels concealed as hereinafter mentioned) for deficiency in the payment of rates; and it shall not be necessary in any assessment, rate or tax or warrant of distress under the said Statute, Act XVI. 1847, or this Act, to specify the names of the owners or occupiers of houses, buildings, or grounds; but it shall be sufficient if the house, building, or ground in respect of which the tax is assessed be identified; and in the case of houses numbered in any street, that the name of the street and the number of the house be specified.

LIX. All goods and chattels, which shall be found upon any premises rated, shall be liable to be distrained for any penalties incurred by any owner or occupier thereof, or for any arrears of rates or taxes assessed in respect thereof; and, if the said goods and chattels belong to the occupier of such premises, and the distraint is made in respect of any arrear of tax for any time during which he was not an occupier thereof, or which under this Act is charged on the owner instead of the occupier, or for any penalty for which such occupier is not personally liable, such occupier may deduct the amount of the levy made upon his goods and chattels or of any payment made by him in order to prevent such levy from the following payments of his rent. If they belong to any person other than the occupier of the premises, or, if no further rent is payable by such occupier, he may in such case recover the amount so paid or levied by suit in the Calcutta Court of Small Causes from the owner of the premises, as for money paid on his behalf.

LX. Every person shall be entitled to have from the Secretary to the Commissioners, on application at their Office, and on payment of a fee of four annas, a certificate specifying the last quarter in respect of which the taxes on account of any house, building or ground are paid.

LXI. When there is reason to believe that goods and chattels, liable to distress under the said Statute, Act XVI. 1847, or this Act, are concealed in any zenana, the officer charged with the execution of the warrant shall make a special report to the Commissioner granting the same, who shall thereupon follow as closely as may be the rules for the seizure of goods and chattels in like cases adopted by Her Majesty's Supreme Court of Judicature.

LXII. Every person, who wilfully obstructs or molests the said Commissioners, or any one of them or their Secretary, or any of their Officers or

servants in the performance of their respective duties under the said Act of Parliament or this Act, shall be liable, on summary conviction before a Justice of the Peace on his own confession, or the oath of one or more witnesses, to forfeit and pay a penalty not exceeding fifty rupees.

LXIII. No suit other than such appeal against a rate as aforesaid shall be brought against the Commissioners or any of them or their Officers for any thing done under authority or colour of this Act, until twenty-one days' notice thereof has been given in writing to the person against whom the suit is intended to be brought, nor after sufficient satisfaction or tender thereof has been made to the person aggrieved, nor after three calendar months next after the act committed for which such suit is brought.

LXIV. In any such suit the defendant may plead the general issue and give this act and any special matter in evidence on the trial; and, if the act complained of shall appear to have been lawfully done under authority of this Act, or if it shall appear that such suit was brought before such notice given thereof as aforesaid, or that sufficient satisfaction was made or tendered as aforesaid, or if any such suit shall be begun after the end of the said period of three calendar months, judgment shall be given for the defendant.

LXV. If in any such suit judgment be given for the defendant, or if the plaintiff be nonsuited or discontinue the said suit, the defendant shall be entitled to his costs as between attorney and client, and shall have such remedy for recovery thereof, as any defendant has for his costs in any other case by law.

LXVI. The whole proceeds of the said taxes, after paying all salaries, establishments and incidental expenses of the said Commissioners, shall, with such monies as the Governor of the Presidency of Fort William in Bengal, with the sanction of the Governor General of India in Council, may direct to be paid to the said Commissioners, be applied by them to the following purposes, that is to say—

1st. Cleansing, repairing, lighting and watering the roads and streets.

2dly. Constructing new drains and sewers, and cleansing and repairing or filling up and abolishing old drains and sewers.

3dly. Filling up stagnant pools of water, holes in the earth and all receptacles for filth and rubbish, and removing obstructions in or on the roads, and to the free circulation of air.

4thly. Formation of Tanks and Aqueducts for the conveyance of water to all parts of the Town.

5thly. Opening of Streets and Squares in crowded parts of the Town.

6thly. Improving and embellishing the said Town generally.

LXVII. In construing this Act all words used in the singular number shall be held to include several persons and things, and words in the plural shall be held to include the singular number, and all words importing the masculine gender shall extend and be applied to females as well as males, unless there is something in the context inconsistent with such construction.

The light will consist of two groups of three powerful lamps each; the whole revolving once in two minutes, and shewing a flash of light of five seconds' duration every minute, with intervals of 55 seconds of darkness. The centre of the light is 197 feet above highwater level, and at the height of 18 feet may be seen in clear weather at a distance of 7 leagues.

Rottnest Light House is in latitude 32 degrees 0 minutes 19 seconds South, longitude 115 degrees 31 minutes 18 seconds East from Greenwich, and stands 3 miles North 75 degrees East by compass from the West extremity of the Island, and 2¾ miles West by compass from its East extremity.

On and after the 1st of June 1851, a plain continuous light will be exhibited on summit of Arthur's Head, the South point of entrance to Swan River, between sunset and sunrise, for the convenience of shipping making for the anchorage in the night.

The light will be 92 feet above high water level, supported by a white stone tower erected on summit of a cliff, and will be visible 5 leagues at sea in clear weather from a height of 18 feet.

It is in latitude 32 degrees 3 minutes 13 seconds South, longitude 115 degrees 45 minutes 11 seconds East from Greenwich, and bears South 71 degrees East 12 miles from the revolving light on Rottnest Island.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

IV. The senior and junior scholarship answers will be examined by the gentlemen who set the questions.

The Arabic scholarship answers will be examined by the Principal of the Calcutta Mudrissa.

The Sanscrit scholarship answers will be examined by Major G. T. Marshall.

All reports of the results of the examinations are to be furnished before the end of the long vacation.

The examination in the Town Hall will be superintended by the Council of Education. The Secretary to the Council will daily give out the questions, and collect the answers, assisted by the other member of the Council of Education on duty.

V. The following "rules for the examination of candidates for insertion in the list directed to be annually furnished to Government, by the notification of the Governor General, dated 10th October, 1844," are republished for general information:—

1. No one shall be allowed to become a candidate for insertion in the annual returns, who is less than 18 or more than 23 years of age and who is not at the time a student either of a Government College or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual annual examination for senior English scholarships, a Latin being substituted for a Vernacular essay, at the option of each candidate.

3. There shall be two classes of merit: the first shall comprehend all who are in the last year of a senior scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private Institution, and who obtain at least three-fourths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least half of the number of marks allowed for complete answers in each subject contained in the senior English scholarship standard.

4. The place of each successful competitor in his class shall be determined by the relative merit of his examination.

5. Every candidate for insertion in the Council's list shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. A student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

7. A candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher class.

8. All candidates, whether from Government or private Institutions, must distinctly understand, that insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements and good moral conduct.

9. The following is the system of examination adopted;

Sets of questions in the various branches of study will be prepared under the direction of the Council of Education who will likewise fix, within a reasonable time beforehand, the days on which the examinations shall be held.

The students shall be assembled in a room without books, papers, or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and will be deemed to render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance; a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a senior scholarship.

VI. The scholarship questions, with the most distinguished answers in English Literature, History, and the best Essays, will be published for general information and distribution, as soon as practicable after the receipt of the reports.

Very distinguished answers from out-candidates will also be published.

With a view to facilitate the classification and examination of answers in each subject, all candidates are directed to write their answers on one side of the paper only, and to answer no more than one question on any piece of paper.

Performances not executed in conformity with the above rule will not be examined.

(By order of the Hon'ble the President and Council of Education,)

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be'a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32¼ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

Master Attendant's Office, the 25th March, 1851.

SATURDAY, AUGUST 9, 1851.

Fort William, Home Department, Legislative, the 8th August, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 8th of August, 1851.

ACT No. —— OF 1851.

An Act for amending Act XVII. of 1840 *as to penalties for breaches of Salt Laws.*

Whereas inconvenience has been experienced in consequence of Head Officers of District Police in the Madras Presidency being prohibited from taking cognizance of petty offences against the Salt Laws, It is enacted as follows:

I. Heads of District Police may hear and determine cases of offences against the Salt Laws, when the value of the Salt in question shall not exceed five Rupees, and may inflict punishment not exceeding ten days imprisonment with labour; or a fine not exceeding three Rupees, commutable, if not paid, to imprisonment with labour for a period not exceeding ten days.

II. Whenever a Head Officer of District Police shall be of opinion, that the punishment which he is empowered to inflict, is not adequate to the offence committed, he shall report the case to the Magistrate for his final orders, stating precisely the nature and extent of the punishment he recommends to be inflicted: and the Magistrate shall at his discretion, either issue his orders in writing to the Head Officer of Police, to inflict such punishment as the Magistrate may deem sufficient, not exceeding that declared in Act XVII. 1840, recording his reasons, if his opinion is at variance with the opinion of the Head Officer of Police; or he shall order the Head Officer of Police to forward the parties and witnesses to him for further investigation.

III. If at the expiration of thirty days from the date and day of dispatch of any reference from a Head Officer of District Police to a Magistrate, no answer or order of the Magistrate shall have been received by the Head Officer of Police, then the said Head Officer shall release the offenders, and the confinement which they have so had shall be considered a sufficient punishment for the said offence, and they shall not be liable to be again tried for the same.

IV. Heads of District Police shall report to the Magistrates in the manner prescribed by Clause Second, Section XXXIII., Regulation XI. 1816, of the Madras Code, all punishments which they inflict by the authority vested in them by this Act.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 8th day of November, 1851.

F. J. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 8th August, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 8th of August 1851.

ACT No. —— OF 1851.

An Act for the further repression of Dacoity and other Crimes in the Lower Provinces of Bengal.

Whereas Dacoities and other heinous crimes are of frequent occurrence within certain Zillahs of the Presidency of Fort William in Bengal, and whereas it has been doubted, whether the laws in force against Dacoits, and professional Robbers, can be put in force, except in the case of those who belong to certain tribes referred to in the Preamble to Act XXIV. 1843, and it is expedient that such doubts be removed, and that further provision be made for the more regular and due appointment and payment of the village watchmen, It is enacted as follows:

I. The provisions of Act XXIV. 1843 shall apply to, and be put in force against all persons belonging, or who have at any time belonged to, or robbed in company with, any gang of persons associated for the purpose of practising robbery or extortion; and every such person shall be deemed a Dacoit without reference to the tribe or caste to which he belongs.

II. In every case in which the full number of village watchmen employed within the limits of the authority of any Magistrate is not duly kept up by appointment of the landholders, and other persons to whom the right of nomination to the

vacancies belongs, and also in every case in which an appointment shall be made which shall be disapproved by the Magistrate, and shall not be cancelled on requisition by the Magistrate, the appointment shall be made by the Magistrate; and in default of any special rule or custom to the contrary, the full number of village watchmen shall be taken to be after the rate of one for every fifty houses of each village; and also one where the number of houses in any village is either less than fifty and more than twenty, or exceeds an even number of fifties by more than twenty houses.

III. If any village watchman shall be convicted of Dacoity either as a principal offender, or as aiding and abetting the offence, and it shall be proved upon his trial, that he was known, or strongly suspected before his appointment to have been concerned in any Dacoity, the landholder or other persons by whom he was appointed shall be liable to fine to be set on him or them at the discretion of the Magistrate, not exceeding two hundred Rupees in each case, and subject to the usual appeal to the Sessions Judge.

IV. It shall be the duty of the Magistrate to see that sufficient payments and allowances are regularly made to the village watchmen within his jurisdiction by the landholders or other persons liable to make the same; and in default of any instance to the contrary, the Zemindar or independent Talookdar shall be deemed liable thereunto; and whenever any such payment or allowance shall be due and unsatisfied, the Magistrate, by his warrant directed to the Darogah of the Thannah, shall cause the amount of money due, or if the allowance ought to be in kind, or by the allotment of land, or in any way, other than by the payment of money, such sum of money as shall appear to the Magistrate to be of equal value with the allowance so withheld, with the costs of the proceeding, to be recovered by distress and sale of any goods and chattels belonging to the person or persons liable thereunto.

V. This Act shall apply only to the Lower Provinces of the Presidency of Fort William in Bengal.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 8th day of October next.

The following Draft of a proposed Act was read in Council for the first time on the 8th of August, 1851.

ACT No. —— OF 1851.

An Act for amending Act XVII. of 1840 as to penalties for breaches of Salt Laws.

Whereas inconvenience has been experienced in consequence of Head Officers of District Police in the Madras Presidency being prohibited from taking cognizance of petty offences against the Salt Laws, It is enacted as follows:

I. Heads of District Police may hear and determine cases of offences against the Salt Laws, when the value of the Salt in question shall not exceed five Rupees, and may inflict punishment not exceeding ten days imprisonment with labour; or a fine not exceeding three Rupees, commutable, if not paid, to imprisonment with labour for a period not exceeding ten days.

II. Whenever a Head Officer of District Police shall be of opinion, that the punishment which he is empowered to inflict, is not adequate to the offence committed, he shall report the case to the Magistrate for his final orders, stating precisely the nature and extent of the punishment he recommends to be inflicted: and the Magistrate shall at his discretion, either issue his orders in writing to the Head Officer of Police, to inflict such punishment as the Magistrate may deem sufficient, not exceeding that declared in Act XVII. 1840, recording his reasons, if his opinion is at variance with the opinion of the Head Officer of Police; or he shall order the Head Officer of Police to forward the parties and witnesses to him for further investigation.

III. If at the expiration of thirty days from the date and day of dispatch of any reference from a Head Officer of District Police to a Magistrate, no answer or order of the Magistrate shall have been received by the Head Officer of Police, then the said Head Officer shall release the offenders, and the confinement which they have so had shall be considered a sufficient punishment for the said offence, and they shall not be liable to be again tried for the same.

IV. Heads of District Police shall report to the Magistrates in the manner prescribed by Clause Second. Section XXXIII., Regulation XI. 1816, of the Madras Code, all punishments which they inflict by the authority vested in them by this Act.

Fort William, Home Department, Legislative, the 8th August, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 8th of August, 1851.

ACT No. —— OF 1851.

An Act for the further repression of Dacoity and other Crimes in the Lower Provinces of Bengal.

Whereas Dacoities and other heinous crimes are of frequent occurrence within certain Zillahs of the Presidency of Fort William in Bengal, and whereas it has been doubted, whether the laws in force against Dacoits, and professional Robbers, can be put in force, except in the case of those who belong to certain tribes referred to in the Preamble to Act XXIV. 1843, and it is expedient that such doubts be removed, and that further provision be made for the more regular and due appointment and payment of the village watchmen, It is enacted as follows:

I. The provisions of Act XXIV. 1843 shall apply to, and be put in force against all persons belonging, or who have at any time belonged to, or robbed in company with, any gang of persons associated for the purpose of practising robbery or extortion; and every such person shall be deemed a Dacoit without reference to the tribe or caste to which he belongs.

II. In every case in which the full number of village watchmen employed within the limits of the authority of any Magistrate is not duly kept up by appointment of the landholders, and other persons to whom the right of nomination to the vacancies belongs, and also in every case in which an appointment shall be made which shall be disapproved by the Magistrate, and shall not be cancelled on requisition by the Magistrate, the appointment shall be made by the Magistrate; and in default of any special rule or custom to the contrary, the full number of village watchmen shall be taken to be after the rate of one for every fifty houses of each village; and also one where the number of houses in any village is either less than fifty and more than twenty, or exceeds an even number of fifties by more than twenty houses.

III. If any village watchman shall be convicted of Dacoity either as a principal offender, or as aiding and abetting the offence, and it shall be proved upon his trial, that he was known, or strongly suspected before his appointment to have been concerned in any Dacoity, the landholder or other persons by whom he was appointed shall be liable to fine to be set on him or them at the discretion of the Magistrate, not exceeding two hundred Rupees in each case, and subject to the usual appeal to the Sessions Judge.

IV. It shall be the duty of the Magistrate to see that sufficient payments and allowances are regularly made to the village watchmen within his jurisdiction by the landholders or other persons liable to make the same; and in default of any instance to the contrary, the Zemindar or independent Talookdar shall be deemed liable thereunto; and whenever any such payment or allowance shall be due and unsatisfied, the Magistrate, by his warrant directed to the Darogah of the Thannah, shall cause the amount of money due, or if the allowance ought to be in kind, or by the allotment of land, or in any way, other than

by the payment of money, such sum of money as shall appear to the Magistrate to be of equal value with the allowance so withheld, with the costs of the proceeding, to be recovered by distress and sale of any goods and chattels belonging to the person or persons liable thereunto.

V. This Act shall apply only to the Lower Provinces of the Presidency of Fort William in Bengal.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 8th day of October next.

No. 1870 of 1851.

Simla, Revenue Department, the 27th May, 1851.

NOTIFICATION.

1st. The Government are desirous to make the Cattle-farm at Hissar more extensively available than hitherto for the improvement of the breed of Cattle throughout the country.

2nd. For this purpose they are prepared to supply gratuitously Bulls of the best breed, to all public servants, who will undertake to provide that the animals are properly cared for, and applied to the benefit of the public.

3rd. Collectors of Districts are authorized to indent on the Superintendent of the Government Cattle-farm at Hissar, for the number of Bulls, which they think can be advantageously employed in the District.

4th. The Superintendent will receive and register these applications and comply with them so far as his means admit, it being in his option to give the preference to those applications, which seem to him most likely to be attended with benefit to the public, if there be more applications than he can at once supply.

5th. All Bulls, furnished from the Stud in reply to these applications, will be accompanied with a roll, stating the breed of the animal, and describing it sufficiently to ensure its identity.

6th. The Collector indenting for the Bulls in concert with the Superintendent of the Stud, will provide for the safe transport of the animals and their feed on the road. The charges on this account will be inserted in their contingent bills, and passed by the Civil Auditor on the countersignature of the Commissioners, who will check any extravagant or undue rate of expenditure.

7th. It is not expected that the Bulls after their arrival in the district will be any further charge to the Government. They may be kept at the Sudder Station, or placed at the Tehsildarrees, or lent to enterprising and intelligent residents in the district as in each case may be considered best, the keep being defrayed by those, who have the benefit of the animals' services. It is recommended that a fee, moderate, but not too small, and varying in each instance according to the demand, be fixed for the services of the animal, so as to reserve him for those most likely to benefit by the use of him and best able to bestow care on the stock that may be raised from him.

8th. It is hoped that the Collectors of districts will perceive the advantages to the agriculture of the country, which is likely to arise from this measure, and that they will exert themselves to secure for the people of their own district, the benefits thus placed within their reach. It is probable that difficulty will be found at first in complying with the applications that may be made. Allowance must, of course, be made for this, and surprise must not be felt if the Superintendent finds himself unable for some time to meet the demands upon him.

By order of the Hon'ble the Lieutenant Governor of the North-Western Provinces,

J. THORNTON,

Secy. to Govt., N. W. P.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32¼ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

The following Draft of a proposed Act was read in Council for the first time on the 8th of August, 1851.

ACT No. —— OF 1851.

An Act for the further repression of Dacoity and other Crimes in the Lower Provinces of Bengal.

Whereas Dacoities and other heinous crimes are of frequent occurrence within certain Zillahs of the Presidency of Fort William in Bengal, and whereas it has been doubted, whether the laws in force against Dacoits, and professional Robbers, can be put in force, except in the case of those who belong to certain tribes referred to in the Preamble to Act XXIV. 1843, and it is expedient that such doubts be removed, and that further provision be made for the more regular and due appointment and payment of the village watchmen, It is enacted as follows:

I. The provisions of Act XXIV. 1843 shall apply to, and be put in force against all persons belonging, or who have at any time belonged to, or robbed in company with, any gang of persons associated for the purpose of practising robbery or extortion; and every such person shall be deemed a Dacoit without reference to the tribe or caste to which he belongs.

II. In every case in which the full number of village watchmen employed within the limits of the authority of any Magistrate is not duly kept up by appointment of the landholders, and other persons to whom the right of nomination to the vacancies belongs, and also in every case in which an appointment shall be made which shall be disapproved by the Magistrate, and shall not be cancelled on requisition by the Magistrate, the appointment shall be made by the Magistrate; and in default of any special rule or custom to the contrary, the full number of village watchmen shall be taken to be after the rate of one for every fifty houses of each village; and also one where the number of houses in any village is either less than fifty and more than twenty, or exceeds an even number of fifties by more than twenty houses.

III. If any village watchman shall be convicted of Dacoity either as a principal offender, or as aiding and abetting the offence, and it shall be proved upon his trial, that he was known, or strongly suspected before his appointment to have been concerned in any Dacoity, the landholder or other persons by whom he was appointed shall be liable to fine to be set on him or them at the discretion of the Magistrate, not exceeding two hundred Rupees in each case, and subject to the usual appeal to the Sessions Judge.

IV. It shall be the duty of the Magistrate to see that sufficient payments and allowances are regularly made to the village watchmen within his jurisdiction by the landholders or other persons liable to make the same; and in default of any instance to the contrary, the Zemindar or independent Talookdar shall be deemed liable thereunto; and whenever any such payment or allowance shall be due and unsatisfied, the Magistrate, by his warrant directed to the Darogah of the Thannah, shall cause the amount of money due, or if the allowance ought to be in kind, or by the allotment of land, or in any way, other than by the payment of money, such sum of money as shall appear to the Magistrate to be of equal value with the allowance so withheld, with the costs of the proceeding, to be recovered by dis-

tress and sale of any goods and chattels belonging to the person or persons liable thereunto.

V. This Act shall apply only to the Lower Provinces of the Presidency of Fort William in Bengal.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 8th day of October next.

F. J. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 8th August, 1851.

ACT No. —— OF 1851.

An Act for amending Act XVII. of 1840 as to penalties for breaches of Salt Laws.

Whereas inconvenience has been experienced in consequence of Head Officers of District Police in the Madras Presidency being prohibited from taking cognizance of petty offences against the Salt Laws, It is enacted as follows:

I. Heads of District Police may hear and determine cases of offences against the Salt Laws, when the value of the Salt in question shall not exceed five Rupees, and may inflict punishment not exceeding ten days imprisonment with labour; or a fine not exceeding three Rupees, commutable, if not paid, to imprisonment with labour for a period not exceeding ten days.

II. Whenever a Head Officer of District Police shall be of opinion, that the punishment which he is empowered to inflict, is not adequate to the offence committed, he shall report the case to the Magistrate for his final orders, stating precisely the nature and extent of the punishment he recommends to be inflicted: and the Magistrate shall at his discretion, either issue his orders in writing to the Head Officer of Police, to inflict such punishment as the Magistrate may deem sufficient, not exceeding that declared in Act XVII. 1840, recording his reasons, if his opinion is at variance with the opinion of the Head Officer of Police; or he shall order the Head Officer of Police to forward the parties and witnesses to him for further investigation.

III. If at the expiration of thirty days from the date and day of dispatch of any reference from a Head Officer of District Police to a Magistrate, no answer or order of the Magistrate shall have been received by the Head Officer of Police, then the said Head Officer shall release the offenders, and the confinement which they have so had shall be considered a sufficient punishment for the said offence, and they shall not be liable to be again tried for the same.

IV. Heads of District Police shall report to the Magistrates in the manner prescribed by Clause Second, Section XXXIII., Regulation XI. 1816, of the Madras Code, all punishments which they inflict by the authority vested in them by this Act.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.
Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of

passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32¼ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

CIVIL SERVICE ANNUITY FUND.

At a Special General Meeting of Subscribers to the Civil Service Annuity Fund, held on Monday, the 11th August 1851, at the Town Hall, Calcutta.

PRESENT:

Messrs. W. Blunt, R. H. Rattray, A. C. Barwell, F. W. Russell, Abercromby Dick. W. P. Palmer, H. Ricketts, J. A. Dorin, J. I. Harvey, E. Currie, R. Walker, F. J. Halliday, J. R. Colvin, C. Allen, T. Bruce, H. T. Raikes, J. P. Grant, B. J. Colvin, R. Houstoun, C. Steer, J. S. Torrens, Hon'ble H. B. Devereux, Messrs. G. G. Mackintosh, C. H. Lushington, C. Beadon, A. R. Young, G. F. Cockburn, H. M. Reid, W. Grey, E. Jackson, J. W. Dalrymple, W. Maples, C. T. Buckland, H. Balfour, J. R. Ward, T. E. Ravenshaw, W. F. McDonell, J. H. B. Colvin, C. Currie, J. A. Crawford, J. G. Thomason.

Mr. A. Dick was voted into the Chair; the notice convening the Meeting, and the votes and communications from Subscribers in the interior laid on the table.

Proposed by Mr. Harvey, seconded by Mr. Blunt, that Reporters of the Press be admitted.

For the proposition, ...	18
Against, ...	7

The Chairman then directed that the Reporters be admitted. They had, however, left the Hall on being informed by the Secretary according to the usual practice that their attendance was not required.

Mr. John Colvin, seconded by the Hon'ble Mr. Devereux, proposed "that in consequence of the "informality of the manner in which the votes of the Service have been requested, on the subject to "be discussed at this day's Meeting, the Meeting be postponed, and fresh Circulars issued to the "Subscribers, requesting them to vote either by proxy or by vote addressed to the Chairman, according "to the power given them by Article 26 of the Rules, so that the expression of the opinion of the "Service on the important subject, fixed for to-day's discussion, may be complete and deliberate."

For the proposition, ...	8
Against, ...	27

The Draft of Memorial to the Hon'ble Court prepared by the Committee, was then placed before the Meeting, when it was proposed by Mr. B. Colvin, seconded by Mr. E. Jackson, "that "the first Clause 'that all Members of the Service contribute four per cent. of their official "emoluments during the whole period of their Service without claim to the re-fund of any "part of their contributions under any circumstances whatever; and that an option be allowed to "Subscribers to contribute one per cent. more of their official emoluments on the same terms' be "adopted."

On this proposition an amendment was proposed by Mr. Harvey seconded by Mr. Blunt, "that "the following words be omitted from the Clause 'without "claim to the re-fund of any part of their contributions under "any circumstances whatever,' and that the Rule* proposed by "him (Mr. Harvey) and circulated to Subscribers be added."

A letter from Mr. Pidcock, voting in favor of a refund of excess subscriptions to Mr. Blunt, was now read for the Meeting to determine as to its admission as a vote on the General question. The votes on this were—

* "Retiring Annuitants being entitled, in "accordance with the Regulations of the "Fund, to receive a re-fund of all subscrip-"tions paid by them in excess of the half "value of their respective Annuities, as shown "in the corrected tables of valuations, it is "hereby provided, that the Managers of the "Fund shall allow a re-fund of such excess "subscriptions beyond the half value of their "respective Annuities to all Subscribers who "have retired, or shall hereafter retire on "Annuities, and that the amount of such "re-fund shall hereafter be repaid to a retir-"ing Annuitant, simultaneously with the "delivery to him of his Annuity Certificate."

For the admission of Mr. Pidcock's vote, ...	21
Against, ...	17

Lost under Rule 26.

	For the amendment.	*Against.*
Present, ...	19	19
Proxies, ... —	5	2
By vote papers, ...	74	193
	98	214

Other amendments were about to be proposed, but after a protracted discussion they were withdrawn, and the votes on the original proposition by Mr. Colvin, for the adoption of Clause I. of the Memorial taken as follows:

	For.	*Against.*
Present, ...	12	16
Proxies, ...	7	6
By vote papers, ...	199	97
	218	119

The proposition for adopting the Clause was accordingly not carried under Rule 26.

It was then proposed by Mr. Walker, seconded by Mr. Maples, that the second* Clause of the Memorial be adopted.

Carried nem. con. by the votes of Members present; and by the vote papers for this portion of the Memorial, 216

Against ditto and against the rules, ... 12

* *Second Clause.*—That every Subscriber after 25 years' service and 22 years' actual residence in India, be allowed the option of making up his contribution to the half value of an Annuity of £1,000, or Co.'s Rupees 10,666-10-8, payable quarterly and to the date of his decease, or of retiring on a smaller Annuity similarly payable, equal to the value of his accumulated subscription added to an Annuity of £500 from the Fund.

Mr. B. Colvin proposed, and Mr. C. Lushington seconded, that the third* Clause of the Memorial be adopted.

On which an Amendment was proposed by Mr. Beadon, that in this Clause the word "including" be substituted for "besides."

For Mr. Beadon's proposition,..... 3
Against, ... 16

† *Third Clause.*—That as heretofore the E. I. Company allow interest at six per cent. on the contributions of subscribers, and further make up the income of the Fund to a sum sufficient to provide ten Annuities annually, besides any Invalid Pensions of £500 and £250 that may be claimed under the existing rules and restrictions in that behalf.

There not being nine voters present in favor of the proposition, proxies, and votes by the vote papers, were not taken.

Mr. Bruce then proposed, and Mr. Colvin seconded, that the fourth* Clause be adopted. On which an amendment was proposed by Mr. Blunt, "that the Committee "have not explained the grounds of their proposition, that the un- "appropriated Capital of the Fund shall not be allowed to fall be- "low the sum of Rupees 36,15,000, but that the obvious effect of "such a rule would be to appropriate to the purposes of the Fund, "a sum exceeding Seven Lacs of Rupees, being the excess contri- "butions of Subscribers above the half value of the Annuity, to "which the Committee are aware that claims have been preferred, and which claims are now under the "consideration of the Court of Directors That respect therefore to the Hon'ble Court, as well as "justice to the claimants, demands the suspension of any such resolution as that proposed by the "Committee, until a decision shall have been passed by the Court upon those claims. It is therefore "proposed that for the reasons above assigned Clause 4, be struck out."

* *Fourth Clause.*—That the unappropriated capital of the Fund, after setting apart the sum necessary to meet the value of all untaken Annuities, be not allowed to fall below the sum of Rupees 36,15,000, that being the amount at which it stood on the 30th April 1850.

	For Mr. Blunt's Amendment.	*Against.*
Present, ...	14	11
Proxies, ...	4	7
	18	18

A second amendment was then proposed by Mr. Beadon, "that the following words be added to "the Clause as given in the Committee's draft, 'and that the interest of the said Capital in excess of "Rupees 27,99,199 be applied annually as a bonus to the improvement of the purchase value of An- "nuities falling due in each year.'"

For the amendment, ... 11
Against, ... 13

The proposition by Mr. Bruce was about to be put to the vote, when a discussion arose as to whether the vote papers favorable to refunds should be considered admissible as votes against the adoption of this Clause of the Memorial. The decision of this question was unanimously referred by the Meeting to the Chairman who determined that such votes should be admitted on the proposition by Mr. Bruce, which was accordingly put, and the votes were as follow :

	For.	*Against.*
Present, ...	11	14
Proxies, ...	7	10
By vote papers, ...	202	83
	220	107

The proposition was accordingly lost under Rule 26, and the Clause omitted from the Memorial.

It was then proposed by Mr. Maples, seconded by Mr. Lushington, that clause* five be adopted.

Carried nem. con. by Members present, the vote papers being as on Clause 2nd.

Proposed by Mr. Grey and seconded by Mr Grant, that the whole of the concluding clause† of the Memorial be adopted.

On this an amendment was proposed by Mr. Blunt, "that "the words of the last para. commencing 'that your Memo- "rialists &c. be omitted as unnecessary, the Managers being "already authorized by the resolution of 1st April 1850. to al- "low excess subscriptions as a set off against any extra fine "required of a subscriber on account of quarterly and to date "of decease payments."

* *Fifth Clause.*—That the Valuation Tables of the Fund be adjusted with reference to the experience of the past 25 years, and so as to provide for the grant of Annuities payable quarterly and to date of decease.

† *Sixth Clause.*—That these rules may have retrospective effect from the first May 1851 as regards all Annuities becoming due on or after that date.

That your Memorialists also solicit that the subscriptions in excess of half value at credit of any subscriber who has retired from the service since the 1st April 1850, on an Annuity of any year previous to 1850-51, be allowed as a set off against any extra fine required of him on account of quarterly and to date of decease payments.

The votes of those present being taken, there were—

Mr. Grey's proposition was then put, when the votes were—

NOTICE TO MARINERS.

REVOLVING LIGHT ON CAPE RECIFE, **SOUTH AFRICA.**

HER Majesty's Government at the Cape of Good Hope has given notice, that a *Revolving Light* was to be established on the first of last April, on Cape Recife, the position and character of which is as follows:—

The Lighthouse, which is painted with four horizontal bands, alternately red and white, stands in Latitude 34° 1′ South, and Longitude 25° 40′ East; the height of the building is 80 feet, but the light is elevated 90 feet above the level of the Sea, and is therefore visible to a vessel 12 feet high at the distance of 17 miles, between the bearings of N. by E. round by the Southward to West. The light revolves once in every minute; or when seen from a short distance, it appears to be a Fixed Light with bright Flashes at intervals of a minute each.

Cape Recife is low, but may be distinguished by a hummock near its extremity. The Cockscomb mountain, 5400 feet high, bears from Cape Recife N. N. W. ½ W., whereas, from Cape St. Francis, which is sometimes mistaken for it, the Cockscomb bears N. E. ½ N. Vessels passing Cape Recife should give it a berth of not less than 4 miles to the Westward, and of 2 miles to the Southward, in order to avoid its dangerous reefs, towards which a strong current continually sets.

After rounding Cape Recife from the Westward, and in proceeding to the anchorage off Port Elizabeth, the red buoy on the Dispatch Rock should not be approached in less than 17 fathoms.

A white stone Beacon on the shore when in one with the Lighthouse (bearing S. S. W. ½ W.) points to the 8 feet summit of the Dispatch Rock; and about two miles North of the Lighthouse stand two wooden Beacons, which when in one (about W. by N.) are likewise a mark for the summit of that rock.

At night the light should be always kept to the Northward of E. ½ N. when within the distance of five miles, and vessels must immediately run out, or tack, if within that bearing. When rounding the Cape they should never come into 12 fathoms till the light bears N. W. and then they may haul in N. N. E.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59¼ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32¼ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

At a Special General Meeting of Subscribers to the Civil Service Annuity Fund, held on Monday, the 11th August 1851, at the Town Hall, Calcutta.

PRESENT :

Messrs. W. Blunt, R. H. Rattray, A. C. Barwell, F. W. Russell, Abercromby Dick, W. P. Palmer, H. Ricketts, J. A. Dorin, J. I. Harvey, E. Currie, R. Walker, F. J. Halliday, J. R. Colvin, C. Allen, T. Bruce, H. T. Raikes, J. P. Grant, B. J. Colvin, R. Houstoun, C. Steer, J. S. Torrens, Hon'ble H. B. Devereux, Messrs. G. G. Mackintosh, C. H. Lushington, C. Beadon, A. R. Young, G. F. Cockburn, H. M. Reid, W. Grey, E. Jackson, J. W. Dalrymple, W. Maples, C. T. Buckland, H. Balfour, J. R. Ward, T. E. Ravenshaw, W. F. McDonell, J. H. B. Colvin, C. Currie, J. A. Crawford, and J. G. Thomason.

Mr. A. Dick was voted into the Chair; the notice convening the Meeting, and the votes and communications from Subscribers in the interior laid on the table.

Proposed by Mr. Harvey, seconded by Mr. Blunt, that Reporters of the Press be admitted.

Against, ...	7

The Chairman then directed that the Reporters be admitted. They had, however, left the Hall on being informed by the Secretary according to the usual practice that their attendance was not required.

Mr. John Colvin, seconded by the Hon'ble Mr. Devereux, proposed "that in consequence of the "informality of the manner in which the votes of the Service have been requested, on the subject to "be discussed at this day's Meeting, the Meeting be postponed, and fresh Circulars issued to the "Subscribers, requesting them to vote either by proxy or by vote addressed to the Chairman, according "to the power given them by Article 26 of the Rules, so that the expression of the opinion of the "Service on the important subject fixed for to-day's discussion, may be complete and deliberate."

For the proposition, ...	8
Against, ...	27

The Draft of Memorial to the Hon'ble Court prepared by the Committee, was then placed before the Meeting, when it was proposed by Mr. B. Colvin, seconded by Mr. E. Jackson, "that "the first Clause 'that all Members of the Service contribute four per cent. of their official "emoluments during the whole period of their Service without claim to the refund of any "part of their contributions under any circumstances whatever; and that an option be allowed to "Subscribers to contribute one per cent. more of their official emoluments on the same terms,' be "adopted."

On this proposition an amendment was proposed by Mr. Harvey, seconded by Mr. Blunt, "that "the following words be omitted from the Clause 'without "claim to the refund of any part of their contributions under "any circumstances whatever,' and that the Rule* proposed by "him (Mr. Harvey) and circulated to Subscribers, be added."

A letter from Mr. Pidcock, voting in favor of a refund of excess subscriptions to Mr. Blunt, was now read for the Meeting to determine as to its admission as a vote on the general question. The votes on this were—

For the admission of Mr. Pidcock's vote, ...	21

Lost under Rule 26.

Proxies, ...	5	2

Other amendments were about to be proposed, but after a protracted discussion they were withdrawn, and the votes on the original proposition by Mr. Colvin, for the adoption of Clause I. of the Memorial taken as follows :

	For.	*Against.*
Present, ...	12	16
Proxies, ...	7	6
By vote papers, ...	199	97
	218	119

* "Retiring Annuitants being entitled, in "accordance with the Regulations of the "Fund, to receive a refund of all subscrip-"tions paid by them in excess of the half "value of their respective Annuities, as shown "in the corrected tables of valuations, it is "hereby provided, that the Managers of the "Fund shall allow a refund of such excess "subscriptions beyond the half value of their "respective Annuities to all Subscribers who "have retired, or shall hereafter retire on "Annuities, and that the amount of such "refund shall hereafter be repaid to a retur-"ning Annuitant, simultaneously with the "delivery to him of his Annuity Certificate."

The proposition for adopting the Clause was accordingly not carried under Rule 26.

It was then proposed by Mr. Walker, seconded by Mr. Maples, that the second* Clause of the Memorial be adopted.

* *Second Clause.*—That every Subscriber after 25 years' service and 22 years' actual residence in India, be allowed the option of making up his contribution to the half value of an Annuity of £1,000, or Co.'s Rupees 10,666-10-8, payable quarterly and to the date of his decease, or of retiring on a smaller Annuity similarly payable, equal to the value of his accumulated subscription added to an Annuity of £500 from the Fund.

Carried nem. con. by the votes of Members present; and by the vote papers for this portion of the Memorial, 216

Against ditto and against the rules, ... 12

Mr. B. Colvin proposed, and Mr. C. Lushington seconded, that the third* Clause of the Memorial be adopted.

† *Third Clause.*—That as heretofore the E. I. Company allow interest at six per cent. on the contributions of Subscribers, and further make up the income of the Fund to a sum sufficient to provide ten Annuities annually, besides any Invalid Pensions of £500 and £250 that may be claimed under the existing rules and restrictions in that behalf.

On which an Amendment was proposed by Mr. Beadon, that in this Clause the word "including" be substituted for "besides."

For Mr. Beadon's proposition,..... 3
Against, ... 16

There not being nine voters present in favor of the amendment, proxies, and votes by the vote papers, were not taken; and the adoption of the clause carried as the preceding one.

Mr. Bruce then proposed, and Mr. Colvin seconded, that the fourth* Clause be adopted. On which an amendment was proposed by Mr. Blunt, "that the Committee "have not explained the grounds of their proposition, that the un- "appropriated Capital of the Fund shall not be allowed to fall be- "low the sum of Rupees 36,15,000, but that the obvious effect of "such a rule would be to appropriate to the purposes of the Fund, "a sum exceeding Seven Lacs of Rupees, being the excess contri- "butions of Subscribers above the half value of the Annuity, to "which the Committee are aware that claims have been preferred, and which claims are now under the "consideration of the Court of Directors That respect therefore to the Hon'ble Court, as well as "justice to the claimants, demands the suspension of any such resolution as that proposed by the "Committee, until a decision shall have been passed by the Court upon those claims. It is therefore "proposed that for the reasons above assigned Clause 4 be struck out."

* *Fourth Clause.*—That the unappropriated capital of the Fund, after setting apart the sum necessary to meet the value of all untaken Annuities, be not allowed to fall below the sum of Rupees 36,15,000, that being the amount at which it stood on the 30th April 1850.

	For Mr. Blunt's Amendment.	*Against.*
Present, ...	14	11
Proxies, ...	4	7
	18	18

A second amendment was then proposed by Mr. Beadon, "that the following words be added to "the Clause as given in the Committee's draft, 'and that the interest of the said Capital in excess of "Rupees 27,99,199 be applied annually as a bonus to the improvement of the purchase value of An- "nuities falling due in each year.'"

For the amendment, ... 11
Against, ... 13

The proposition by Mr. Bruce was about to be put to the vote, when a discussion arose as to whether the vote papers favorable to refunds should be considered admissible as votes against the adoption of this Clause of the Memorial. The decision of this question was unanimously referred by the Meeting to the Chairman who determined that such votes should be admitted on the proposition by Mr. Bruce, which was accordingly put, and the votes were as follow:

	For.	*Against.*
Present, ...	11	14
Proxies, ...	7	10
By vote papers, ...	202	83
	220	107

The proposition was accordingly lost under Rule 26, and the Clause omitted from the Memorial.

It was then proposed by Mr. Maples, seconded by Mr. Lushington, that clause* five be adopted.

Carried nem. con. by Members present, the vote papers being as on Clause 2nd.

Proposed by Mr. Grey and seconded by Mr Grant, that the whole of the concluding clause† of the Memorial be adopted.

On this an amendment was proposed by Mr. Blunt, "that "the words of the last para. commencing 'that your Memo- "rialists &c. be omitted as unnecessary, the Managers bein "already authorized by the resolution of 1st April 1850. to a "low excess subscriptions as a set off against any extra fine "required of a subscriber on account of quarterly and to date "of decease payments."

* *Fifth Clause.*—That the Valuation Tables of the Fund be adjusted with reference to the experience of the past 25 years, and so as to provide for the grant of Annuities payable quarterly and to date of decease.

† *Sixth Clause.*—That these rules may have retrospective effect from the first May 1851 as regards all Annuities becoming due on or after that date.

That your Memorialists also solicit that the subscriptions in excess of half value at credit of any Subscriber who has retired from the service since the 1st April 1850, on an Annuity of any year previous to 1850-51, be allowed as a set off against any extra fine required of him on account of quarterly and to date of decease payments.

The votes of those present being taken, there were—

For the amendment, ...	8
Against, ...	10

Mr. Grey's proposition was then put, when the votes were—

	For.	*Against.*
Present, ...	14	10
Proxies, ...	7	4
By vote papers, ...	217	12
	238	26

The proposition was accordingly carried.

The Draft of the Memorial having been thus disposed of, the Meeting was referred to the printed rules proposed in the Committee's Report, when it was proposed by Mr. Grey, seconded by Mr. Beadon, "that as it appeared that Article I. of the revised rules cannot be carried, the majority not "being sufficient for the purpose, such Article, with the exception of so much of it as has special "reference to the question of refunds, be adopted, and the whole of the other Articles from 2 to 26 "inclusive."

Carried nem. con. by Members present, and the vote papers being as on Clause 2nd.

Mr. John Colvin, seconded by Mr. Bruce, then proposed "that a Memorial be prepared for sub-"mission to the Hon'ble Court omitting the clauses of the Committee's Draft which have not been "carried at this Meeting, and that the Managers be requested to prepare a revised Memorial according-"ly and solicit the sanction of the Hon'ble Court to the rules now passed."

Carried nem. con.

Thanks were voted to the Chairman, and the Meeting broke up.

NOTICE TO MARINERS.

REVOLVING LIGHT ON CAPE RECIFE, SOUTH AFRICA.

HER Majesty's Government at the Cape of Good Hope has given notice, that a *Revolving Light* was to be established on the first of last April, on Cape Recife, the position and character of which is as follows :—

The Lighthouse, which is painted with four horizontal bands, alternately red and white, stands in Latitude 34° 1′ South, and Longitude 25° 40′ East; the height of the building is 80 feet, but the light is elevated 90 feet above the level of the Sea, and is therefore visible to a vessel 12 feet high at the distance of 17 miles, between the bearings of N. by E. round by the Southward to West. The light revolves once in every minute; or when seen from a short distance, it appears to be a Fixed Light with bright Flashes at intervals of a minute each.

Cape Recife is low, but may be distinguished by a hummock near its extremity. The Cockscomb mountain, 5400 feet high, bears from Cape Recife N. N. W. ½ W., whereas, from Cape St. Francis, which is sometimes mistaken for it, the Cockscomb bears N. E. ½ N. Vessels passing Cape Recife should give it a berth of not less than 4 miles to the Westward, and of 2 miles to the Southward, in order to avoid its dangerous reefs, towards which a strong current continually sets.

After rounding Cape Recife from the Westward, and in proceeding to the anchorage off Port Elizabeth, the red buoy on the Dispatch Rock should not be approached in less than 17 fathoms.

A white stone Beacon on the shore when in one with the Lighthouse (bearing S. S. W. ½ W.) points to the 8 feet summit of the Dispatch Rock; and about two miles North of the Lighthouse stand two wooden Beacons, which when in one (about W. by N.) are likewise a mark for the summit of that rock.

At night the light should be always kept to the Northward of E. ½ N. when within the distance of five miles, and vessels must immediately run out, or tack, if within that bearing. When rounding the Cape they should never come into 12 fathoms till the light bears N. W. and then they may haul in N. N. E.

NEW PILOT STATION FOR THE S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours and her standing Light will from the date above specified, be a *bright red* colour

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour

and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

SATURDAY, AUGUST 23, 1851.

Fort William, Home Department, Legislative, The 22nd August, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 22nd of August 1851.

ACT No. —— OF 1851.

For declaring and confirming the title to certain Land recovered from the River Hooghly in Calcutta.

Whereas the Strand Road in Calcutta has been constructed since the year 1820, under the authority of the Government of Bengal, chiefly upon land then liable to be overflowed by the River Hooghly, and the cost of making the said Road, and of satisfying the claims of sundry persons claiming to be interested in the lands taken for the purposes of making the said Road, has been defrayed, partly by monies raised by the Lottery Committee under the sanction of the Government, and partly by the monies of the East India Company, and whereas by alluvion and dereliction of the River Hooghly, a considerable tract of land has been formed between the said River and Road, and also adjoining to the Road skirting the River along the glacis of Fort William, all which land is now in possession of the East India Company, or of their tenants at will, and whereas certain improvements of the Town, and approaches to the River adjoining to the said land, are about to be made under the sanction of the said Government, It is declared and enacted as follows :—

I. The bank of the River Hooghly, and all land already formed by alluvion or dereliction of the River Hooghly within Calcutta, from Tolly's Nullah to Nimtollah Ghaut, and West of the Strand Road and glacis of Fort William, shall be, after the end of three years from the passing of this Act, absolutely vested in the East India Company and their successors, free from all claims or interest therein of any persons accruing before the passing of this Act.

II. If any proceedings shall be taken by any other person before the end of the said term of three years, upon which judgment shall be obtained for recovery of the possession of any of the said lands, then within two Calendar Months after such judgment shall be obtained, there shall be paid or tendered to the person obtaining such judgment by the East India Company and their successors, instead of such lands, his costs on the proceedings for obtaining such judgment, and such sum of money as shall be found in the manner hereinafter mentioned, to have been the value of the lands so recovered at the time of the passing of this Act.

III. The jury which shall try the issue on which judgment for the recovery of such lands shall be given, shall at the same time ascertain the value of the lands so recovered at the time of the passing of this Act, and the value so found shall be certified by the presiding judge under his hand, and such certificate shall be delivered to the person seeking to recover possession of the said lands, and the value so ascertained shall be the amount to be paid instead of the said lands.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 22nd day of October next.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

The following Draft of a proposed Act was read in Council for the first time on the 22nd of August 1851.

ACT No. —— OF 1851.

For the summary conviction before Justices of accessories to certain felonies.

For the more summary conviction of persons accessory to the commission of certain felonies, It is enacted as follows :—

I. Every person who is accessory, before or after the fact, to any felony which is punishable on summary conviction before any Justice or Justices of the Peace, is liable to be tried and convicted summarily before such Justice or Justices on his own confession, or the oath of one or more credible witnesses.

II. The convicting Justice or Justices shall have power to sentence any such accessory to imprisonment, with or without hard labour, for any term not exceeding six calendar months, or,

in his or their discretion, instead of trying him, to commit him for trial to the Supreme Court of Judicature, or other Court having authority to try him according to law.

III. All provisions of any Act, giving power to any Justice or Justices of the Peace to try any persons summarily for any felony, shall apply, so far as they are applicable, to the trial and conviction of any person under this Act.

IV. Every person who receives any chattel, money, valuable security, or other property whatsoever, knowing the same to have been feloniously or unlawfully stolen, taken, obtainted or converted, whether charged as an accessory after the fact to the felony, or with a substantive felony, or with a misdemeanor only, may be dealt with, indicted, tried, and punished in any place in which he shall have, or shall have had any such property in his possession, or in any place in which the party guilty of the principal felony or misdemeanor may by law be tried, in the same manner as such receiver may be dealt with, indicted, tried, and punished for receiving such property in the place where he actually received the same.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 22nd day of November next.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 22nd August, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 22nd of August 1851.

ACT No. —— OF 1851.

An Act to amend the law for the attendance and examination of witnesses in the Civil Courts of the Bengal Presidency.

Whereas the rules in force for the attendance and examination of witnesses in the Civil Courts of the Presidency of Fort William in Bengal require amendment, It is enacted as follows:—

I. Section XXXIII. Regulation XXIII. 1814 of the Bengal Code, regarding the examination of witnesses before Moonsiffs, extended to Sudder Ameens by Section LXXIII. of the same Regulation, and so much of Section XI. Regulation XXIV. 1814 of the same Code, extended to Principal Sudder Ameens by Section I. Act VI. 1843, as authorizes the examination of witnesses, otherwise than personally by the presiding City or Zillah Judge, are rescinded.

II. After the parties in a Civil suit brought before any Zillah or City Judge, Principal Sudder Ameen, Sudder Ameen or Moonsiff, have, according to the rules prescribed in that behalf, filed their exhibits, and lists of witnesses whom they desire to summon, the Judge shall appoint a day for the hearing, and examining of witnesses in the suit.

III. The Judge, or an Officer of the Court to be specially charged with this duty by the Judge, shall, on the requisition of the plaintiff or defendant, or their respective Vakeels, issue a summons to every witness whom the parties may name, on payment into Court of such reasonable sum as shall appear to be necessary to defray the travelling and other expenses of such witness in passing to and from the Court, (provided they be not Hindoo or Mahomedan women of a rank or quality which, according to the manners and customs of the country, would render it improper to compel them to appear as witnesses in a Court of Justice.)

IV. Every such summons shall set forth at whose request the summons has been issued, and shall require the intended witness to appear in the Court on the day named in the summons, and there to give evidence concerning the matter in dispute between the parties.

V. If a witness so summoned shall, without lawful excuse, fail to attend on the day appointed, or attending, shall refuse to give evidence, or to subscribe his deposition as hereafter required, the Judge, if it shall be proved to his satisfaction on oath that the witness is material to the cause, shall have power to issue an order to the Nazir to seize and bring the witness before the Court, and, in his discretion, may impose on such witness a fine not exceeding five hundred rupees for his default, and may commit him to close custody until he shall consent to give his evidence and to sign his deposition.

VI. If a witness, who attends pursuant to a summons, shall have incurred any expense in consequence of his being required to appear, the Judge shall award to him such sum for his charges as may appear reasonable, whether he be examined or not, and until payment of the sum so awarded, the person summoned may refuse to give evidence.

VII. When a witness, after diligent search, to be certified by a return of the Nazir, cannot be found after the issue of the summons, it shall be reckoned a sufficient service of notice on him for the purpose of requiring his attendance to give evidence, that a proclamation to that effect be affixed, in the presence, and with the attestation of two respectable householders of the village, outside of his house or place of usual abode, and should he not attend within six weeks from the date of the proclamation being so affixed, his property, real or personal, to such amount as the Judge shall deem reasonable, but subject to the same limitation as to the articles exempt from attachment, as in cases of attachment for arrears of rent, shall be liable to attachment and to sale, in all instances in which it is proved to the satisfaction of the Court on oath, that the witness is material to the cause, that he cannot be found, and that there is good ground for believing that he has absconded to avoid giving evidence therein.

VIII. The cost of the attachment shall be borne in the first instance by the party applying for it, and the Court issuing the summons and attachment shall not proceed to sale of the property if the person summoned as a witness shall appear and satisfy the Court that his absence was not owing to any wilful default. Upon the appearance of such witness, the Court shall make such order in regard to the costs of the attachment as it shall deem fit.

IX. On the day appointed for trial, the Judge shall require the parties or their pleaders to state their cases orally in open Court, and to produce in support thereof their documentary and oral evidence in support of their several statements.

X. The evidence of the attending witnesses shall be taken in open Court before the parties or their representatives, in the presence, and under the personal direction of the Judge, and shall be placed on the record as taken, according to such forms as shall be from time to time prescribed; and the evidence so taken may be read as documentary evidence in the cause.

XI. In cases where the evidence is needed of females, who, according to the customs of the country, ought not to be compelled to appear as witnesses in a Court of Justice, or in any other case in which the Judge shall be of opinion that the ends of justice require it, he may issue a commission for taking the evidence of absent persons in the presence of both parties to the suit, or their Vakeels.

XII. On or before the day appointed for trial, the Judge may, for any sufficient reason, such as the unavoidable absence of any material witness, or for other good cause, on the application of either party, postpone the hearing on such terms as to the payment of the costs of postponement to the other party, as to the Judge shall seem reasonable.

XIII. The proceedings on the trial when begun, shall continue on the same day, or on consecutive days, until the whole of the evidence of the witnesses present has been heard, after considering which, and the documentary evidence adduced, the Judge shall record his judgment under Act XII. 1843.

XIV. The Judge, on the application of either party, shall cause public notice to be given in Court, either before or during the examination of any witness, requiring all other witnesses who have been summoned in the same cause, and who are present in Court, to leave the Court. Any witness in a cause who remains in Court after the giving of such notice, shall be punishable as for contempt under Act XXX. 1841, and shall be held incapable of being received as a witness in the cause.

XV. The word Judge, as used in this Act, shall be taken to mean the person presiding, or having the chief judicial authority in the Court, whether he be a Zillah or City Judge, a Principal Sudder Ameen, Sudder Ameen, or Moonsiff.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 22nd day of October next.

Secy. to the Govt. of India.

The following Draft of a proposed Act was read in Council for the first time on the 22nd of August 1851.

ACT No. —— OF 1851.

For declaring and confirming the title to certain Land recovered from the River Hooghly in Calcutta.

Whereas the Strand Road in Calcutta has been constructed since the year 1820, under the authority of the Government of Bengal, chiefly upon land then liable to be overflowed by the River Hooghly, and the cost of making the said Road, and of satisfying the claims of sundry persons claiming to be interested in the lands taken for the purposes of making the said Road, has been defrayed, partly by monies raised by the Lottery Committee under the sanction of the Government, and partly by the monies of the East India Company, and whereas by alluvion and dereliction of the River Hooghly, a considerable tract of land has been formed between the said River and Road, and also adjoining to the Road skirting the River along the glacis of Fort William, all which land is now in possession of the East India Company, or of their tenants at will, and whereas certain improvements of the Town, and op-

proaches to the River adjoining to the said land, are about to be made under the sanction of the said Government, It is declared and enacted as follows :—

I. The bank of the River Hooghly, and all land already formed by alluvion or dereliction of the River Hooghly within Calcutta, from Tolly's Nullah to Nimtollah Ghaut, and West of the Strand Road and glacis of Fort William, shall be, after the end of three years from the passing of this Act, absolutely vested in the East India Company and their successors, free from all claims or interest therein of any persons accruing before the passing of this Act.

II. If any proceedings shall be taken by any other person before the end of the said term of three years, upon which judgment shall be obtained for recovery of the possession of any of the said lands, then within two Calendar Months after such judgment shall be obtained, there shall be paid or tendered to the person obtaining such judgment by the East India Company and their successors, instead of such lands, his costs on the proceedings for obtaining such judgment, and such sum of money as shall be found in the manner hereinafter mentioned, to have been the value of the lands so recovered at the time of the passing of this Act.

III. The jury which shall try the issue on which judgment for the recovery of such lands shall be given, shall at the same time ascertain the value of the lands so recovered at the time of the passing of this Act, and the value so found shall be certified by the presiding judge under his hand, and such certificate shall be delivered to the person seeking to recover possession of the said lands, and the value so ascertained shall be the amount to be paid instead of the said lands.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 22nd day of October next.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, The 22nd August 1851.

The following Draft of a proposed Act was read in Council for the first time on the 22nd of August 1851.

ACT No. —— OF 1851.

An Act to amend the law for the attendance and examination of witnesses in the Civil Courts of the Bengal Presidency.

Whereas the rules in force for the attendance and examination of witnesses in the Civil Courts of the Presidency of Fort William in Bengal require amendment, It is enacted as follows :—

I. Section XXXIII. Regulation XXIII. 1814 of the Bengal Code, regarding the examination of witnesses before Moonsiffs, extended to Sudder Ameens by Section LXXIII. of the same Regulation, and so much of Section XI. Regulation XXIV. 1814 of the same Code, extended to Principal Sudder Ameens by Section I. Act VI. 1843, as authorizes the examination of witnesses, otherwise than personally by the presiding City or Zillah Judge, are rescinded.

II. After the parties in a Civil suit brought before any Zillah or City Judge, Principal Sudder Ameen, Sudder Ameen or Moonsiff, have, according to the rules prescribed in that behalf, filed their exhibits, and lists of witnesses whom they desire to summon, the Judge shall appoint a day for the hearing, and examining of witnesses in the suit.

III. The Judge, or an Officer of the Court to be specially charged with this duty by the Judge, shall, on the requisition of the plaintiff or defendant, or their respective Vakeels, issue a summons to every witness whom the parties may name, on payment into Court of such reasonable sum as shall appear to be necessary to defray the travelling and other expenses of such witness in passing to and from the Court, (provided they be not Hindoo or Mahomedan women of a rank or quality which, according to the manners and customs of the country, would render it improper to compel them to appear as witnesses in a Court of Justice.)

IV. Every such summons shall set forth at whose request the summons has been issued, and shall require the intended witness to appear in the Court on the day named in the summons, and there to give evidence concerning the matter in dispute between the parties.

V. If a witness so summoned shall, without lawful excuse, fail to attend on the day appointed, or attending, shall refuse to give evidence, or to subscribe his deposition as hereafter required, the Judge, if it shall be proved to his satisfaction on oath that the witness is material to the cause, shall have power to issue an order to the Nazir to seize and bring the witness before the Court, and, in his discretion, may impose on such witness a fine not exceeding five hundred rupees for his default, and may commit him to close custody until he shall consent to give his evidence and to sign his deposition.

VI. If a witness, who attends pursuant to a summons, shall have incurred any expense in consequence of his being required to appear, the Judge shall award to him such sum for his charges as may appear reasonable, whether he be examined or not, and until payment of the sum so awarded, the person summoned may refuse to give evidence.

VII. When a witness, after diligent search, to be certified by a return of the Nazir, cannot be found after the issue of the summons, it shall be reckoned a sufficient service of notice on him for the purpose of requiring his attendance to give evidence, that a proclamation to that effect be affixed, in the presence, and with the attestation of two respectable householders of the village, outside of his house or place of usual abode, and should he not attend within six weeks from the date of the proclamation being so affixed, his property, real or personal, to such amount as the Judge shall deem reasonable, but subject to the same limitation as to the articles exempt from attachment, as in cases of attachment for arrears of rent, shall be liable to attachment and to sale, in all instances in which it is proved to the satisfaction of the Court on oath, that the witness is material to the cause, that he cannot be found, and that there is good ground for believing that he has absconded to avoid giving evidence therein.

VIII. The cost of the attachment shall be borne in the first instance by the party applying for it, and the Court issuing the summons and attachment shall not proceed to sale of the property if the person summoned as a witness shall appear and satisfy the Court that his absence was not owing to any wilful default. Upon the appearance of such witness, the Court shall make such order in regard to the costs of the attachment as it shall deem fit.

IX. On the day appointed for trial, the Judge shall require the parties or their pleaders to state their cases orally in open Court, and to produce in support thereof their documentary and oral evidence in support of their several statements.

X. The evidence of the attending witnesses shall be taken in open Court before the parties or their representatives, in the presence, and under the personal direction of the Judge, and shall be placed on the record as taken, according to such forms as shall be from time to time prescribed; and the evidence so taken may be read as documentary evidence in the cause.

XI. In cases where the evidence is needed of females, who, according to the customs of the country, ought not to be compelled to appear as witnesses in a Court of Justice, or in any other case in which the Judge shall be of opinion that the ends of justice require it, he may issue a commission for taking the evidence of absent persons in the presence of both parties to the suit, or their Vakeels.

XII. On or before the day appointed for trial, the Judge may, for any sufficient reason, such as the unavoidable absence of any material witness, or for other good cause, on the application of either party, postpone the hearing on such terms as to the payment of the costs of postponement to the other party, as to the Judge shall seem reasonable.

XIII. The proceedings on the trial when begun, shall continue on the same day, or on consecutive days, until the whole of the evidence of the witnesses present has been heard, after considering which, and the documentary evidence adduced, the Judge shall record his judgment under Act XII. 1843.

XIV. The Judge, on the application of either party, shall cause public notice to be given in Court, either before or during the examination of any witness, requiring all other witnesses who have been summoned in the same cause, and who are present in Court, to leave the Court. Any witness in a cause who remains in Court after the giving of such notice, shall be punishable as for contempt under Act XXX. 1841, and shall be held incapable of being received as a witness in the cause.

XV. The word Judge, as used in this Act, shall be taken to mean the person presiding, or having the chief judicial authority in the Court, whether he be a Zillah or City Judge, a Principal Sudder Ameen, Sudder Ameen, or Moonsiff.

NOTICE TO MARINERS.

REVOLVING LIGHT ON CAPE RECIFE, SOUTH AFRICA.

HER Majesty's Government at the Cape of Good Hope has given notice, that a *Revolving Light* was to be established on the first of last April, on Cape Recife, the position and character of which is as follows:—

The Lighthouse, which is painted with four horizontal bands, alternately red and white, stands in Latitude 34° 1′ South, and Longitude 25° 40′ East; the height of the building is 80 feet, but the light is elevated 90 feet above the level of the Sea, and is therefore visible to a vessel 12 feet high at the distance of 17 miles, between the bearings of N. by E. round by the Southward to West. The light revolves once in every minute; or when seen from a short distance, it appears to be a Fixed Light with bright Flashes at intervals of a minute each.

Cape Recife is low, but may be distinguished by a hummock near its extremity. The Cockscomb mountain, 5400 feet high, bears from Cape Recife N. N. W. ½ W., whereas, from Cape St. Francis, which is sometimes mistaken for it, the Cockscomb bears N. E. ½ N. Vessels passing Cape Recife should give it a berth of not less than 4 miles to the Westward, and of 2 miles to the Southward, in order to avoid its dangerous reefs, towards which a strong current continually sets.

After rounding Cape Recife from the Westward, and in proceeding to the anchorage off Port Elizabeth, the red buoy on the Dispatch Rock should not be approached in less than 17 fathoms.

A white stone Beacon on the shore when in one with the Lighthouse (bearing S. S. W. ½ W.) points to the 8 feet summit of the Dispatch Rock; and about two miles North of the Lighthouse stand two wooden Beacons, which when in one (about W. by N.) are likewise a mark for the summit of that rock.

At night the light should be always kept to the Northward of E. ½ N. when within the distance of five miles, and vessels must immediately run out, or tack, if within that bearing. When rounding the Cape they should never come into 12 fathoms till the light bears N. W. and then they may haul in N. N. E.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the

lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

The following Draft of a proposed Act was read in Council for the first time on the 22nd of August 1851.

ACT No. —— OF 1851.

For declaring and confirming the title to certain Land recovered from the River Hooghly in Calcutta.

Whereas the Strand Road in Calcutta has been constructed since the year 1820, under the authority of the Government of Bengal, chiefly upon land then liable to be overflowed by the River Hooghly, and the cost of making the said Road, and of satisfying the claims of sundry persons claiming to be interested in the lands taken for the purposes of making the said Road, has been defrayed, partly by monies raised by the Lottery Committee under the sanction of the Government, and partly by the monies of the East India Company, and whereas by alluvion and dereliction of the River Hooghly, a considerable tract of land has been formed between the said River and Road, and also adjoining to the Road skirting the River along the glacis of Fort William, all which land is now in possession of the East India Company, or of their tenants at will, and whereas certain improvements of the Town, and approaches to the River adjoining to the said land, are about to be made under the sanction of the said Government, It is declared and enacted as follows :—

I. The bank of the River Hooghly, and all land already formed by alluvion or dereliction of the River Hooghly within Calcutta, from Tolly's Nullah to Nimtollah Ghaut, and West of the Strand Road and glacis of Fort William, shall be,

after the end of three years from the passing of this Act, absolutely vested in the East India Company and their successors, free from all claims or interest therein of any persons accruing before the passing of this Act.

II. If any proceedings shall be taken by any other person before the end of the said term of three years, upon which judgment shall be obtained for recovery of the possession of any of the said lands, then within two Calendar Months after such judgment shall be obtained, there shall be paid or tendered to the person obtaining such judgment by the East India Company and their successors, instead of such lands, his costs on the proceedings for obtaining such judgment, and such sum of money as shall be found in the manner hereinafter mentioned, to have been the value of the lands so recovered at the time of the passing of this Act.

III. The jury which shall try the issue on which judgment for the recovery of such lands shall be given, shall at the same time ascertain the value of the lands so recovered at the time of the passing of this Act, and the value so found shall be certified by the presiding judge under his hand, and such certificate shall be delivered to the person seeking to recover possession of the said lands, and the value so ascertained shall be the amount to be paid instead of the said lands.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 22nd day of October next.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, The 22nd August 1851.

The following Draft of a proposed Act was read in Council for the first time on the 22nd of August 1851.

ACT No. —— OF 1851.

An Act to amend the law for the attendance and examination of witnesses in the Civil Courts of the Bengal Presidency.

Whereas the rules in force for the attendance and examination of witnesses in the Civil Courts of the Presidency of Fort William in Bengal require amendment, It is enacted as follows:—

I. Section XXXIII. Regulation XXIII. 1814 of the Bengal Code, regarding the examination of witnesses before Moonsiffs, extended to Sudder Ameens by Section LXXIII. of the same Regulation, and so much of Section XI. Regulation XXIV. 1814 of the same Code, extended to Principal Sudder Ameens by Section I. Act VI. 1843, as authorizes the examination of witnesses, otherwise than personally by the presiding City or Zillah Judge, are rescinded.

II. After the parties in a Civil suit brought before any Zillah or City Judge, Principal Sudder Ameen, Sudder Ameen or Moonsiff, have, according to the rules prescribed in that behalf, filed their exhibits, and lists of witnesses whom they desire to summon, the Judge shall appoint a day for the hearing, and examining of witnesses in the suit.

III. The Judge, or an Officer of the Court to be specially charged with this duty by the Judge, shall, on the requisition of the plaintiff or defendant, or their respective Vakeels, issue a summons to every witness whom the parties may name, on payment into Court of such reasonable sum as shall appear to be necessary to defray the travelling and other expenses of such witness in passing to and from the Court, (provided they be not Hindoo or Mahomedan women of a rank or quality which, according to the manners and customs of the country, would render it improper to compel them to appear as witnesses in a Court of Justice.)

IV. Every such summons shall set forth at whose request the summons has been issued, and shall require the intended witness to appear in the Court on the day named in the summons, and there to give evidence concerning the matter in dispute between the parties.

V. If a witness so summoned shall, without lawful excuse, fail to attend on the day appointed, or attending, shall refuse to give evidence, or to subscribe his deposition as hereafter required, the Judge, if it shall be proved to his satisfaction on oath that the witness is material to the cause, shall have power to issue an order to the Nazir to seize and bring the witness before the Court, and, in his discretion, may impose on such witness a fine not exceeding five hundred rupees for his default, and may commit him to close custody until he shall consent to give his evidence and to sign his deposition.

VI If a witness, who attends pursuant to a summons, shall have incurred any expense in consequence of his being required to appear, the Judge shall award to him such sum for his charges as may appear reasonable, whether he be examined or not, and until payment of the sum so awarded, the person summoned may refuse to give evidence.

VII. When a witness, after diligent search, to be certified by a return of the Nazir, cannot be found after the issue of the summons, it shall be reckoned a sufficient service of notice on him for the purpose of requiring his attendance to give evidence, that a proclamation to that effect be affixed, in the presence, and with the attestation of two respectable householders of the village, outside of his house or place of usual abode, and should he not attend within six weeks from the date of the proclamation being so affixed, his property, real or personal, to such amount as the Judge shall deem reasonable, but subject to the same limitation as to the articles exempt from attachment, as in cases of attachment for arrears of rent, shall be liable to attachment and to sale, in all instances in which it is proved to the satisfaction of the Court on oath, that the witness is material to the cause, that he cannot be found, and that there is good ground for believing that he has absconded to avoid giving evidence therein.

VIII. The cost of the attachment shall be borne in the first instance by the party applying for it, and the Court issuing the summons and attachment shall not proceed to sale of the property if the person summoned as a witness shall appear and satisfy the Court that his absence was not owing to any wilful default. Upon the appearance of such witness, the Court shall make such order in regard to the costs of the attachment as it shall deem fit.

IX. On the day appointed for trial, the Judge shall require the parties or their pleaders to state their cases orally in open Court, and to produce in support thereof their documentary and oral evidence in support of their several statements.

X. The evidence of the attending witnesses shall be taken in open Court before the parties or their representatives, in the presence, and under the personal direction of the Judge, and shall be placed on the record as taken, according to such forms as shall be from time to time prescribed; and the evidence so taken may be read as documentary evidence in the cause.

XI. In cases where the evidence is needed of females, who, according to the customs of the country, ought not to be compelled to appear as witnesses in a Court of Justice, or in any other case in which the Judge shall be of opinion that the ends of justice require it, he may issue a commission for taking the evidence of absent persons in the presence of both parties to the suit, or their Vakeels.

XII. On or before the day appointed for trial, the Judge may, for any sufficient reason, such as the unavoidable absence of any material witness, or for other good cause, on the application of either party, postpone the hearing on such terms as to the payment of the costs of postponement to the other party, as to the Judge shall seem reasonable.

XIII. The proceedings on the trial when begun, shall continue on the same day, or on consecutive days, until the whole of the evidence of the witnesses present has been heard, after considering which, and the documentary evidence adduced, the Judge shall record his judgment under Act XII. 1843.

XIV. The Judge, on the application of either party, shall cause public notice to be given in Court, either before or during the examination of any witness, requiring all other witnesses who have been summoned in the same cause, and who are present in Court, to leave the Court. Any witness in a cause who remains in Court after the giving of such notice, shall be punishable as for contempt under Act XXX. 1841, and shall be held incapable of being received as a witness in the cause.

XV. The word Judge, as used in this Act, shall be taken to mean the person presiding, or having the chief judicial authority in the Court, whether he be a Zillah or City Judge, a Principal Sudder Ameen, Sudder Ameen, or Moonsiff.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 22nd day of October next.

Secy. to the Govt. of India.

NOTICE TO MARINERS.

REVOLVING LIGHT ON CAPE RECIFE, SOUTH AFRICA.

HER Majesty's Government at the Cape of Good Hope has given notice, that a *Revolving Light* was to be established on the first of last April, on Cape Recife, the position and character of which is as follows :—

The Lighthouse, which is painted with four horizontal bands, alternately red and white, stands in Latitude 34° 1′ South, and Longitude 25° 40′ East; the height of the building is 80 feet, but the light is elevated 90 feet above the level of the Sea, and is therefore visible to a vessel 12 feet high at the distance of 17 miles, between the bearings of N. by E. round by the Southward to West. The light revolves once in every minute; or when seen from a short distance, it appears to be a Fixed Light with bright Flashes at intervals of a minute each.

Cape Recife is low, but may be distinguished by a hummock near its extremity. The Cockscomb mountain, 5400 feet high, bears from Cape Recife N. N. W. ½ W., whereas, from Cape St. Francis, which is sometimes mistaken for it, the Cockscomb bears N. E. ½ N. Vessels passing Cape Recife should give it a berth of not less than 4 miles to the Westward, and of 2 miles to the Southward, in order to avoid its dangerous reefs, towards which a strong current continually sets.

After rounding Cape Recife from the Westward, and in proceeding to the anchorage off Port Elizabeth, the red buoy on the Dispatch Rock should not be approached in less than 17 fathoms.

A white stone Beacon on the shore when in one with the Lighthouse (bearing S. S. W. ½ W.) points to the 8 feet summit of the Dispatch Rock; and about two miles North of the Lighthouse stand two wooden Beacons, which when in one (about W. by N.) are likewise a mark for the summit of that rock.

At night the light should be always kept to the Northward of E. ½ N. when within the distance of five miles, and vessels must immediately run out, or tack, if within that bearing. When rounding the Cape they should never come into 12 fathoms till the light bears N. W. and then they may haul in N. N. E.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

The following Draft of a proposed Act was read in Council for the first time on the 29th August 1851.

ACT No. —— OF 1851.

To amend Act XIV. 1843, *and to regulate the manufacture of Saltpetre in the Presidency of Bengal.*

Whereas the manufacture of alimentary Salt throughout the Presidency of Fort William in Bengal, excepting on account of Government, or with the sanction of Government, is prohibited by Regulation X. 1819 of the Bengal Code, and by Act XIV. 1843; and whereas Salt is unavoidably produced in the manufacture of Saltpetre, and it is therefore expedient that works for the manufacture and refinery of Saltpetre be regulated, It is enacted as follows:

I. Sections IV. and V. of Act XIV. 1843, are repealed.

II. The manufacture of alimentary Salt and Saltpetre throughout the Presidency of Fort William in Bengal, except on account of Government, or with the license of Government, is prohibited.

III. No person shall be entitled, as of right, to have a license for the manufacture of Salt, but the Government, if it thinks fit in any case, may grant such license, wherever it shall be of opinion that such grant may be made without danger to the public revenue, and upon such conditions and securities as shall, from time to time, appear necessary for the protection of the Revenue.

IV. The Collectors and Deputy Collectors of Customs, under authority for that purpose granted by the Government, shall be competent to grant licenses for the manufacture of Salt upon the conditions and securities as shall from time to time be prescribed.

V. Any person licensed to manufacture Salt may manufacture or refine, or manufacture and refine either Salt, Saltpetre, or both, at the works so licensed, but not elsewhere, under the same license.

VI. Every person, desirous of manufacturing Saltpetre from earth or brine, containing not more Muriate of Soda than thirty-five parts in one hundred parts of the saline substance, shall be entitled, as of right, to have a license for the manufacture of Saltpetre, subject to the provisions of this Act.

VII. Every person, desirous of refining Saltpetre containing not more Muriate of Soda than fifteen parts in one hundred parts of the unrefined Saltpetre, shall be entitled, as of right, to have a license for the refinery of Saltpetre, subject to the provisions of this Act.

VIII. Any person licensed to refine Saltpetre may manufacture Saltpetre at the works so licensed, but not elsewhere under the same license.

IX. There shall not be used in any place licensed for the manufacture of Saltpetre, any earth or brine containing more Muriate of Soda than thirty-five parts in one hundred parts of the saline substance, or in any place licensed for the refinery of Saltpetre, any Saltpetre containing more Muriate of Soda than fifteen parts in one hundred parts of the Saltpetre: and every place licensed for the manufacture or refinery of Saltpetre in which is used or found any earth, brine or Saltpetre containing more Muriate of Soda than is by this Section allowed to be used therein, shall be deemed an unlicensed work.

X. Licenses for the manufacture or refinery of Saltpetre from such substances as aforesaid shall be granted in the form given in the Schedule annexed to this Act, or in such other form as shall be from time to time appointed by Government, on application of the Collector or Deputy Collector of Land Revenue of the District in which the work is to be carried on, or to such other persons resident within the District, as shall be specially appointed by the Government for this purpose of granting such licenses.

XI. The license shall specify whether the works are to be for the manufacture or refinery of Saltpetre, and also the following particulars.

1st. The name and description of the owners to whom the works belong and by whom they are to be worked.

2ndly. The Village and Pergunnah where the works are situated.

3rdly. The number and size of the boilers and filters or vats, the greatest number of workmen to be employed and the estimated yearly produce, and such other particulars as shall be from time to time required by Government to be set forth in the license.

XII. Any wilful misrepresentation or false statement of any particular required to be set forth in the license renders it null and void, from the time of the grant thereof; and no new license shall be granted to the holder of the annulled license without the special permission of the Board of Revenue.

XIII. A separate license shall be necessary for the works in each village, and no license for the manufacture of Salt or Saltpetre, or for the refinery of Saltpetre in one village, shall warrant the establishment of any work in another village.

XIV. The fees payable on the grant of any such license shall be such, as shall be from time to time fixed by the Government, not exceeding the rate of ( ) for each hundred maunds of crude or refined Saltpetre that the works are estimated to produce in one year.

XV. Every holder of a license under this Act, who shall be guilty of any breach of the conditions on which the license is granted, or of any offence against this Act, shall be liable for the first offence, on conviction by a Magistrate, to a fine not exceeding five hundred rupees, payment of which may be enforced by Act II. 1839: also if the fine is not forthwith paid, or if the offence is repeated, the license shall be annulled, and the Salt or Saltpetre in store seized and confiscated.

XVI. Every license granted under this Act, shall remain in force for ( ) years, unless sooner annulled on the application of the person to whom it was granted, or his personal representative, or upon proof that the manufacture has been wholly discontinued during one year at the work for which the license was granted, or of the breach of any condition on which it was granted. Any license may also be annulled on proof that it is for works larger than those which have been used during the then last year, and any license for the manufacture of crude Saltpetre may be annulled on proof that it is for works larger than can be supplied by the saline earth or brine in the neighbourhood which may be lawfully used there;

and in case any license shall be annulled on the ground of the works set forth in it being larger than have been used, or than can be supplied as aforesaid, a new license may be granted for works of less size, and in any such case, a license shall not be again granted for works of a greater size at the same place without the consent, in writing, under the hand of the Collector or Deputy Collector of Customs of the District.

XVII. Whenever any license is annulled on account of any wilful misrepresentation, or false statement, or any breach of the conditions on which it was granted, no new license shall be granted, without special permission of the Board of Revenue, to any person in the same village, or to the holder of the annulled license.

XVIII. Any person who, without such license as is required by this Act, and not on account of Government, shall engage in the manufacture of Salt, or the manufacture or refinery of Saltpetre, or prepare, or cause to be prepared works for such manufacture or refinery, and all zemindars, and other proprietors of land, and their agents, conniving at such unlawful manufacture or refinery, shall, on conviction before any Magistrate, be punished with fine not exceeding five hundred rupees.

XIX. All works at which such unlawful manufacture or refinery shall have been conducted, or which are prepared for such unlawful purpose, shall be destroyed, and all Salt and Saltpetre found therein, and the instruments and materials used in the works, shall be seized and confiscated.

XX. The Collectors of Customs, and Collectors of Land Revenue, within their several jurisdictions, may destroy all such unlawful works, and apprehend the persons concerned therein, and send them for trial to the Magistrate within whose district the offence has been committed.

XXI. Notice of the grant or annulment of every license under this Act shall be forthwith given by the person granting or annulling it to the zemindar, or other proprietor of the land where the works are situated, or to his agent or manager.

XXII. Every zemindar or other proprietor of land, on which any works for the manufacture or refinery of Salt or Saltpetre shall be established, of the license of which such zemindar or other proprietor, or his manager or agent shall not have received notice as aforesaid, shall forthwith give information thereof to the Collector or Deputy Collector of Customs or Land Revenue; and in default of giving such information during one calendar month from the establishment of such works, or during which they are continued without license, or after the license for them has been annulled, shall be liable, on conviction before a Magistrate, to fine not exceeding five hundred rupees for each offence.

XXIII. All Salt made at works licensed for the manufacture of Salt shall be liable to a duty at the rate of two rupees for each maund, on removal from the works, or on being stored there in any quantity exceeding the quantity which the works are estimated to produce in three calendar months.

XXIV. All Salt made at any works licensed for the manufacture or refinery of Saltpetre shall be liable to a duty at the rate of two rupees for each maund, on removal from the works, or on being stored there in any quantity exceeding ten maunds.

XXV. Act XIV. 1843, with the exception of the repealed Sections IV. and V. shall be construed with and as part of this Act.

XXVI. ACT No. —— OF 1851.

An Act for remunerating the Sheriffs of Calcutta, Madras and Bombay for the execution of Mofussil Process under Act XXIII. 1840.

For making better provision for the Sheriffs of Calcutta, Madras and Bombay, in remuneration for the execution of legal process issued by Courts out of the said towns respectively, It is enacted as follows:

I. The several Sudder Courts of the Lower Provinces of the Presidency of Fort William in Bengal, and of the Madras and Bombay Presidencies shall make, and from time to time amend, subject in each case to the approval of the Governor or Governor in Council of the same Presidency, a table of reasonable fees, to be taken on account of the execution by the Sheriff in such Presidency of any legal process issued by any Court, Judge or Magistrate, beyond the jurisdiction of the several Supreme Courts established by Royal Charter in Calcutta, Madras and Bombay; together with the sums to be allowed for costs of advertisements, or other notifications of sales of property, according to the amount of the decrees to be satisfied by such sales, which fees and sums shall be payable by the party applying for the process before it is sent to the Sheriff for execution, and shall be deemed costs in the cause.

II. Every such Court, Judge and Magistrate shall cause a separate account to be kept of the amount of all fees and sums so paid, and shall, from time to time, as directed by Government, cause the amount thereof to be paid into the local treasury.

III. The Government shall twice in each year account for and pay over to the Sheriff, for the time being, the amount of fees and sums so paid, after deducting all necessary expences of receiving and keeping account thereof, and remitting the net proceeds thereof to Calcutta, Madras or Bombay, as the case may be; or, where the amount has accrued in the Shrievalty of more than one Sheriff, shall apportion the sum paid accordingly between the Sheriff for the time being, and the then late Sheriff.

IV. The Government, if it thinks fit, may compound with the Sheriff for a monthly payment to be made to him instead of such fees and sums, and during such composition may appropriate the said fees and sums to the purposes of Government.

V. Over and above such fees, and sums, or any fixed salary received instead of such fees and sums, the Sheriff shall be entitled to a fee after the rate of Two Rupees Eight Annas for each Hundred Rupees of the value of any goods or property taken and sold by him in execution of any process issued by any Court, Judge or Magistrate beyond the local jurisdiction of the said Supreme Courts which fee shall be taken to cover all expences connected with the seizure and sale, except the expense of advertisement.

VI. No fee, estimated upon the amount of the sum for which any person is taken in execution, shall be payable to the Sheriffs of Calcutta, Madras or Bombay, or any of their Bailiffs, for taking the body of any person in execution on

any process issued by any Court, Judge or Magistrate out of the local jurisdiction of the said Supreme Courts respectively; but instead thereof such fees shall be payable to the Sheriff for taking the body of any person in execution of any such process as shall be settled, from time to time, by the Sudder Court as aforesaid.

VII. If any person taken in execution on any such process shall escape out of the legal custody of the Sheriff, the Sheriff shall not be liable to an action of debt for such escape, but shall be liable only to an action upon the case for damages in consequence of such escape sustained by the person or persons at whose suit the prisoner was taken.

NOTICE TO MARINERS.

REVOLVING LIGHT ON CAPE RECIFE, SOUTH AFRICA.

HER Majesty's Government at the Cape of Good Hope has given notice, that a *Revolving Light* was to be established on the first of last April, on Cape Recife, the position and character of which is as follows:—

The Lighthouse, which is painted with four horizontal bands, alternately red and white, stands in Latitude 34° 1′ South, and Longitude 25° 40′ East; the height of the building is 80 feet, but the light is elevated 90 feet above the level of the Sea, and is therefore visible to a vessel 12 feet high at the distance of 17 miles, between the bearings of N. by E. round by the Southward to West. The light revolves once in every minute; or when seen from a short distance, it appears to be a Fixed Light with bright Flashes at intervals of a minute each.

Cape Recife is low, but may be distinguished by a hummock near its extremity. The Cockscomb mountain, 5400 feet high, bears from Cape Recife N. N. W. ½ W., whereas, from Cape St. Francis, which is sometimes mistaken for it, the Cockscomb bears N. E. ½ N. Vessels passing Cape Recife should give it a berth of not less than 4 miles to the Westward, and of 2 miles to the Southward, in order to avoid its dangerous reefs, towards which a strong current continually sets.

After rounding Cape Recife from the Westward, and in proceeding to the anchorage off Port Elizabeth, the red buoy on the Dispatch Rock should not be approached in less than 17 fathoms.

A white stone Beacon on the shore when in one with the Lighthouse (bearing S. S. W. ½ W.) points to the 8 feet summit of the Dispatch Rock; and about two miles North of the Lighthouse stand two wooden Beacons, which when in one (about W. by N.) are likewise a mark for the summit of that rock.

At night the light should be always kept to the Northward of E. ½ N. when within the distance of five miles, and vessels must immediately run out, or tack, if within that bearing. When rounding the Cape they should never come into 12 fathoms till the light bears N. W. and then they may haul in N. N. E.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19¼′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 0′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

The following Draft of a proposed Act was read in Council for the first time on the 29th August 1851.

ACT No. —— OF 1851.

To amend Act XIV. 1843, *and to regulate the manufacture of Saltpetre in the Presidency of Bengal.*

Whereas the manufacture of alimentary Salt throughout the Presidency of Fort William in Bengal, excepting on account of Government, or with the sanction of Government, is prohibited by Regulation X. 1819 of the Bengal Code, and by Act XIV. 1843; and whereas Salt is unavoidably produced in the manufacture of Saltpetre, and it is therefore expedient that works for the manufacture and refinery of Saltpetre be regulated, It is enacted as follows:

I. Sections IV. and V. of Act XIV. 1843, are repealed.

II. The manufacture of alimentary Salt and Saltpetre throughout the Presidency of Fort William in Bengal, except on account of Government, or with the license of Government, is prohibited.

III. No person shall be entitled, as of right, to have a license for the manufacture of Salt, but the Government, if it thinks fit in any case, may grant such license, wherever it shall be of opinion that such grant may be made without danger to the public revenue, and upon such conditions and securities as shall, from time to time, appear necessary for the protection of the Revenue.

IV. The Collectors and Deputy Collectors of Customs, under authority for that purpose granted by the Government, shall be competent to grant licenses for the manufacture of Salt upon the conditions and securities as shall from time to time be prescribed.

V. Any person licensed to manufacture Salt may manufacture or refine, or manufacture and refine either Salt, Saltpetre, or both, at the works so licensed, but not elsewhere, under the same license.

VI. Every person, desirous of manufacturing Saltpetre from earth or brine, containing not more Muriate of Soda than thirty-five parts in one hundred parts of the saline substance, shall be entitled, as of right, to have a license for the manufacture of Saltpetre, subject to the provisions of this Act.

VII. Every person, desirous of refining Saltpetre containing not more Muriate of Soda than fifteen parts in one hundred parts of the unrefined Saltpetre, shall be entitled, as of right, to have a license for the refinery of Saltpetre, subject to the provisions of this Act.

VIII. Any person licensed to refine Saltpetre may manufacture Saltpetre at the works so licensed, but not elsewhere under the same license.

IX. There shall not be used in any place licensed for the manufacture of Saltpetre, any earth or brine containing more Muriate of Soda than thirty-five parts in one hundred parts of the saline substance, or in any place licensed for the refinery of Saltpetre, any Saltpetre containing more Muriate of Soda than fifteen parts in one hundred parts of the Saltpetre: and every place licensed for the manufacture or refinery of Saltpetre in which is used or found any earth, brine or Saltpetre containing more Muriate of Soda than is by this Section allowed to be used therein, shall be deemed an unlicensed work.

X. Licenses for the manufacture or refinery of Saltpetre from such substances as aforesaid shall be granted in the form given in the Schedule annexed to this Act, or in such other form as shall be from time to time appointed by Government, on application of the Collector or Deputy Collector of Land Revenue of the District in which the work is to be carried on, or to such other persons resident within the District, as shall be specially appointed by the Government for this purpose of granting such licenses.

XI. The license shall specify whether the works are to be for the manufacture or refinery of Saltpetre, and also the following particulars.

1st. The name and description of the owners to whom the works belong and by whom they are to be worked.

2ndly. The Village and Pergunnah where the works are situated.

3rdly. The number and size of the boilers and filters or vats, the greatest number of workmen to be employed and the estimated yearly produce, and such other particulars as shall be from time to time required by Government to be set forth in the license.

XII. Any wilful misrepresentation or false statement of any particular required to be set forth in the license renders it null and void, from the time of the grant thereof; and no new license shall be granted to the holder of the annulled license without the special permission of the Board of Revenue.

XIII. A separate license shall be necessary for the works in each village, and no license for the manufacture of Salt or Saltpetre, or for the refinery of Saltpetre in one village, shall warrant the establishment of any work in another village.

XIV. The fees payable on the grant of any such license shall be such, as shall be from time to time fixed by the Government, not exceeding the rate of ( ) for each hundred maunds of crude or refined Saltpetre that the works are estimated to produce in one year.

XV. Every holder of a license under this Act, who shall be guilty of any breach of the conditions on which the license is granted, or of any offence against this Act, shall be liable for the first offence, on conviction by a Magistrate, to a fine not exceeding five hundred rupees, payment of which may be enforced by Act II. 1839; also if the fine is not forthwith paid, or if the offence is repeated, the license shall be annulled, and the Salt or Saltpetre in store seized and confiscated.

XVI. Every license granted under this Act, shall remain in force for ( ) years, unless sooner annulled on the application of the person to whom it was granted, or his personal representative, or upon proof that the manufacture has been wholly discontinued during one year at the work for which the license was granted, or of the breach of any condition on which it was granted. Any license may also be annulled on proof that it is for works larger than those which have been used during the then last year, and any license for the manufacture of crude Saltpetre may be annulled on proof that it is for works larger than can be supplied by the saline earth or brine in the neighbourhood which may be lawfully used there:

and in case any license shall be annulled on the ground of the works set forth in it being larger than have been used, or than can be supplied as aforesaid, a new license may be granted for works of less size; and in any such case, a license shall not be again granted for works of a greater size at the same place without the consent, in writing, under the hand of the Collector or Deputy Collector of Customs of the District.

XVII. Whenever any license is annulled on account of any wilful misrepresentation, or false statement, or any breach of the conditions on which it was granted, no new license shall be granted, without special permission of the Board of Revenue, to any person in the same village, or to the holder of the annulled license.

XVIII. Any person who, without such license as is required by this Act, and not on account of Government, shall engage in the manufacture of Salt, or the manufacture or refinery of Saltpetre, or prepare, or cause to be prepared works for such manufacture or refinery, and all zemindars, and other proprietors of land, and their agents, conniving at such unlawful manufacture or refinery, shall, on conviction before any Magistrate, be punished with fine not exceeding five hundred rupees.

XIX. All works at which such unlawful manufacture or refinery shall have been conducted, or which are prepared for such unlawful purpose, shall be destroyed, and all Salt and Saltpetre found therein, and the instruments and materials used in the works, shall be seized and confiscated.

XX. The Collectors of Customs, and Collectors of Land Revenue, within their several jurisdictions, may destroy all such unlawful works, and apprehend the persons concerned therein, and send them for trial to the Magistrate within whose district the offence has been committed.

XXI. Notice of the grant or annulment of every license under this Act shall be forthwith given by the person granting or annulling it to the zemindar, or other proprietor of the land where the works are situated, or to his agent or manager.

XXII. Act No. —— of 1851.

An Act for remunerating the Sheriffs of Calcutta, Madras and Bombay for the execution of Mofussil Process under Act XXIII. 1840.

For making better provision for the Sheriffs of Calcutta, Madras and Bombay, in remuneration for the execution of legal process issued by Courts out of the said towns respectively, It is enacted as follows:

I. The several Sudder Courts of the Lower Provinces of the Presidency of Fort William in Bengal, and of the Madras and Bombay Presidencies shall make, and from time to time amend, subject in each case to the approval of the Governor or Governor in Council of the same Presidency, a table of reasonable fees, to be taken on account of the execution by the Sheriff in such Presidency of any legal process issued by any Court, Judge or Magistrate, beyond the jurisdiction of the several Supreme Courts established by Royal Charter in Calcutta, Madras and Bombay; together with the sums to be allowed for costs of advertisements, or other notifications of sales of property, according to the amount of the decrees to be satisfied by such sales, which fees and sums shall be payable by the party applying for the process before it is sent to the Sheriff for execution, and shall be deemed costs in the cause.

II. Every such Court, Judge and Magistrate shall cause a separate account to be kept of the amount of all fees and sums so paid, and shall, from time to time, as directed by Government, cause the amount thereof to be paid into the local treasury.

III. The Government shall twice in each year account for and pay over to the Sheriff, for the time being, the amount of fees and sums so paid, after deducting all necessary expences of receiving and keeping account thereof, and remitting the net proceeds thereof to Calcutta, Madras or Bombay, as the case may be; or, where the amount has accrued in the Shrievalty of more than one Sheriff, shall apportion the sum paid accordingly between the Sheriff for the time being, and the then late Sheriff.

IV. The Government, if it thinks fit, may compound with the Sheriff for a monthly payment to be made to him instead of such fees and sums, and during such composition may appropriate the said fees and sums to the purposes of Government.

V. Over and above such fees, and sums, or any fixed salary received instead of such fees and sums, the Sheriff shall be entitled to a fee after the rate of Two Rupees Eight Annas for each Hundred Rupees of the value of any goods or property taken and sold by him in execution of any process issued by any Court, Judge or Magistrate beyond the local jurisdiction of the said Supreme Courts which fee shall be taken to cover all expences connected with the seizure and sale, except the expense of advertisement.

VI. No fee, estimated upon the amount of the sum for which any person is taken in execution, shall be payable to the Sheriffs of Calcutta, Madras or Bombay, or any of their Bailiffs, for taking the body of any person in execution on any process issued by any Court, Judge or Ma-

gistrate out of the local jurisdiction of the said Supreme Courts respectively; but instead thereof such fees shall be payable to the Sheriff for taking the body of any person in execution of any such process as shall be settled, from time to time, by the Sudder Court as aforesaid.

VII. If any person taken in execution on any such process shall escape out of the legal custody of the Sheriff, the Sheriff shall not be liable to an action of debt for such escape, but shall be liable only to an action upon the case for damages in consequence of such escape sustained by the person or persons at whose suit the prisoner was taken.

NOTICE TO MARINERS.

REVOLVING LIGHT ON CAPE RECIFE, SOUTH AFRICA.

HER Majesty's Government at the Cape of Good Hope has given notice, that a *Revolving Light* was to be established on the first of last April, on Cape Recife, the position and character of which is as follows:—

The Lighthouse, which is painted with four horizontal bands, alternately red and white, stands in Latitude 34° 1′ South, and Longitude 25° 40′ East; the height of the building is 80 feet, but the light is elevated 90 feet above the level of the Sea, and is therefore visible to a vessel 12 feet high at the distance of 17 miles, between the bearings of N. by E. round by the Southward to West. The light revolves once in every minute; or when seen from a short distance, it appears to be a Fixed Light with bright Flashes at intervals of a minute each.

Cape Recife is low, but may be distinguished by a hummock near its extremity. The Cockscomb mountain, 5400 feet high, bears from Cape Recife N. N. W. ½ W., whereas, from Cape St. Francis, which is sometimes mistaken for it, the Cockscomb bears N. E. ½ N. Vessels passing Cape Recife should give it a berth of not less than 4 miles to the Westward, and of 2 miles to the Southward, in order to avoid its dangerous reefs, towards which a strong current continually sets.

After rounding Cape Recife from the Westward, and in proceeding to the anchorage off Port Elizabeth, the red buoy on the Dispatch Rock should not be approached in less than 17 fathoms.

A white stone Beacon on the shore when in one with the Lighthouse (bearing S. S. W. ½ W.) points to the 8 feet summit of the Dispatch Rock; and about two miles North of the Lighthouse stand two wooden Beacons, which when in one (about W. by N.) are likewise a mark for the summit of that rock.

At night the light should be always kept to the Northward of E. ½ N. when within the distance of five miles, and vessels must immediately run out, or tack, if within that bearing. When rounding the Cape they should never come into 12 fathoms till the light bears N. W. and then they may haul in N. N. E.

Cape Receife Lights and Algoa Bay.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59¼ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32¼ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

To amend Act XIV. 1843, and to regulate the manufacture of Saltpetre in the Presidency of Bengal.

Whereas the manufacture of alimentary Salt throughout the Presidency of Fort William in Bengal, excepting on account of Government, or with the sanction of Government, is prohibited by Regulation X. 1819 of the Bengal Code, and by Act XIV. 1843; and whereas Salt is unavoidably produced in the manufacture of Saltpetre, and it is therefore expedient that works for the manufacture and refinery of Saltpetre be regulated, It is enacted as follows:

I. Sections IV. and V. of Act XIV. 1843, are repealed.

II. The manufacture of alimentary Salt and Saltpetre throughout the Presidency of Fort William in Bengal, except on account of Government, or with the license of Government, is prohibited.

III. No person shall be entitled, as of right, to have a license for the manufacture of Salt, but the Government, if it thinks fit in any case, may grant such license, wherever it shall be of opinion that such grant may be made without danger to the public revenue, and upon such conditions and securities as shall, from time to time, appear necessary for the protection of the Revenue.

Any license may also be annulled on proof that it is for works larger than those which have been used during the then last year, and any license for the manufacture of crude Saltpetre may be annulled on proof that it is for works larger than can be supplied by the saline earth or brine in the neighbourhood which may be lawfully used there;

and in case any license shall be annulled on the ground of the works set forth in it being larger than have been used, or than can be supplied as aforesaid, a new license may be granted for works of less size, and in any such case, a license shall not be again granted for works of a greater size at the same place without the consent, in writing, under the hand of the Collector or Deputy Collector of Customs of the District.

ACT No. —— OF 1851.

An Act for remunerating the Sheriffs of Calcutta, Madras and Bombay for the execution of Mofussil Process under Act XXIII. 1840.

For making better provision for the Sheriffs of Calcutta, Madras and Bombay, in remuneration for the execution of legal process issued by Courts out of the said towns respectively, It is enacted as follows:

I. The several Sudder Courts of the Lower Provinces of the Presidency of Fort William in Bengal, and of the Madras and Bombay Presidencies shall make, and from time to time amend, subject in each case to the approval of the Governor or Governor in Council of the same Presidency, a table of reasonable fees, to be taken on account of the execution by the Sheriff in such Presidency of any legal process issued by any Court, Judge or Magistrate, beyond the jurisdiction of the several Supreme Courts established by Royal Charter in Calcutta, Madras and Bombay; together with the sums to be allowed for costs of advertisements, or other notifications of sales of property, according to the amount of the decrees to be satisfied by such sales, which fees and sums shall be payable by the party applying for the process before it is sent to the Sheriff for execution, and shall be deemed costs in the cause.

II. Every such Court, Judge and Magistrate shall cause a separate account to be kept of the amount of all fees and sums so paid, and shall, from time to time, as directed by Government, cause the amount thereof to be paid into the local treasury.

III. The Government shall twice in each year account for and pay over to the Sheriff, for the time being, the amount of fees and sums so paid, after deducting all necessary expences of receiving and keeping account thereof, and remitting the net proceeds thereof to Calcutta, Madras or Bombay, as the case may be; or, where the amount has accrued in the Shrievalty of more than one Sheriff, shall apportion the sum paid accordingly between the Sheriff for the time being, and the then late Sheriff.

IV. The Government, if it thinks fit, may compound with the Sheriff for a monthly payment to be made to him instead of such fees and sums, and during such composition may appropriate the said fees and sums to the purposes of Government.

V. Over and above such fees, and sums, or any fixed salary received instead of such fees and sums, the Sheriff shall be entitled to a fee after the rate of Two Rupees Eight Annas for each Hundred Rupees of the value of any goods or property taken and sold by him in execution of any process issued by any Court, Judge or Magistrate beyond the local jurisdiction of the said Supreme Courts which fee shall be taken to cover all expences connected with the seizure and sale, except the expense of advertisement.

VI. No fee, estimated upon the amount of the sum for which any person is taken in execution, shall be payable to the Sheriffs of Calcutta, Madras or Bombay, or any of their Bailiffs, for taking the body of any person in execution on any process issued by any Court, Judge or Ma-

gistrate out of the local jurisdiction of the said Supreme Courts respectively; but instead thereof such fees shall be payable to the Sheriff for taking the body of any person in execution of any such process as shall be settled, from time to time, by the Sudder Court as aforesaid.

VII. If any person taken in execution on any such process shall escape out of the legal custody of the Sheriff, the Sheriff shall not be liable to an action of debt for such escape, but shall be liable only to an action upon the case for damages in consequence of such escape sustained by the person or persons at whose suit the prisoner was taken.

NOTICE TO MARINERS.

REVOLVING LIGHT ON CAPE RECIFE, SOUTH AFRICA.

HER Majesty's Government at the Cape of Good Hope has given notice, that a *Revolving Light* was to be established on the first of last April, on Cape Recife, the position and character of which is as follows:—

The Lighthouse, which is painted with four horizontal bands, alternately red and white, stands in Latitude 34° 1′ South, and Longitude 25° 40′ East; the height of the building is 80 feet, but the light is elevated 90 feet above the level of the Sea, and is therefore visible to a vessel 12 feet high at the distance of 17 miles, between the bearings of N. by E. round by the Southward to West. The light revolves once in every minute; or when seen from a short distance, it appears to be a Fixed Light with bright Flashes at intervals of a minute each.

Cape Recife is low, but may be distinguished by a hummock near its extremity. The Cockscomb mountain, 5400 feet high, bears from Cape Recife N. N. W. ½ W., whereas, from Cape St. Francis, which is sometimes mistaken for it, the Cockscomb bears N. E. ½ N. Vessels passing Cape Recife should give it a berth of not less than 4 miles to the Westward, and of 2 miles to the Southward, in order to avoid its dangerous reefs, towards which a strong current continually sets.

After rounding Cape Recife from the Westward, and in proceeding to the anchorage off Port Elizabeth, the red buoy on the Dispatch Rock should not be approached in less than 17 fathoms.

A white stone Beacon on the shore when in one with the Lighthouse (bearing S. S. W. ½ W.) points to the 8 feet summit of the Dispatch Rock; and about two miles North of the Lighthouse stand two wooden Beacons, which when in one (about W. by N.) are likewise a mark for the summit of that rock.

At night the light should be always kept to the Northward of E. ½ N. when within the distance of five miles, and vessels must immediately run out, or tack, if within that bearing. When rounding the Cape they should never come into 12 fathoms till the light bears N. W. and then they may haul in N. N. E.

Cape Receife Lights and Algoa Bay.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

NOTICE TO MARINERS.

REVOLVING LIGHT ON CAPE RECEIFE, SOUTH AFRICA.

HER Majesty's Government at the Cape of Good Hope has given notice, that a *Revolving Light* was to be established on the first of last April, on Cape Receife, the position and character of which is as follows:—

The Lighthouse, which is painted with four horizontal bands, alternately red and white, stands in Latitude 34° 1′ South, and Longitude 25° 40′ East; the height of the building is 80 feet, but the light is elevated 90 feet above the level of the Sea, and is therefore visible to a vessel 12 feet high at the distance of 17 miles, between the bearings of N. by E. round by the Southward to West. The light revolves once in every minute; or when seen from a short distance, it appears to be a Fixed Light with bright Flashes at intervals of a minute each.

Cape Receife is low, but may be distinguished by a hummock near its extremity. The Cockscomb mountain, 5400 feet high, bears from Cape Receife N. N. W. ½ W., whereas, from Cape St. Francis, which is sometimes mistaken for it, the Cockscomb bears N. E. ½ N. Vessels passing Cape Receife should give it a berth of not less than 4 miles to the Westward, and of 2 miles to the Southward, in order to avoid its dangerous reefs, towards which a strong current continually sets.

After rounding Cape Receife from the Westward, and in proceeding to the anchorage off Port Elizabeth, the red buoy on the Dispatch Rock should not be approached in less than 17 fathoms

A white stone Beacon on the shore when in one with the Lighthouse (bearing S. S. W. ½ W.) points to the 8 feet summit of the Dispatch Rock; and about two miles North of the Lighthouse stand two wooden Beacons, which when in one (about W. by N.) are likewise a mark for the summit of that rock.

At night the light should be always kept to the Northward of E. ½ N. when within the distance of five miles, and vessels must immediately run out, or tack, if within that bearing. When rounding the Cape they should never come into 12 fathoms till the light bears N. W. and then they may haul in N. N. E.

Cape Receife Lights and Algoa Bay.

A Light House having been erected on Cape Receife, copies of the notification, describing the Light and giving directions for entering Algoa Bay, may be obtained *gratis* at the Master Attendant's Office, by all Commanders of Vessels applying for the same.

By order of the Superintendent of Marine,

Fort William, the 2nd July, 1851.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,

Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59¼ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.
